NEW-YORK TRIBUNE.

Law Courts.

COURT OF OYER AND TERMINER.—The trial of Thompson, charged with the murder of a man in Anthony-st. by stabbing him, was set down for yesterday, but not brought on, owing, we believe, to the absence of a witness.

The trial of Walker, charged with the murder of his wife, will probably be taken up on Monday next.

CIRCUIT COURT—Before Judge Hurlbut.—*Francis Huber* vs. *Nicholas De Hart*.—To recover damages from one of the conductors of the New-Jersey Railroad Company for evicting plaintiff from the car one evening in November, 1847, by which his leg was broken, &c. already referred to.

It appears that plaintiff bought a ticket at Elizabethtown for the way train, and came as far as Newark, when he left that train and subsequently took the Philadelphia train bound to this City. On the part of plaintiff it is said that he offered the fare to the conductor, who refused to receive it, but ejected him from the car. This was denied by defense, who alver that plaintiff did not offer to pay, and farther, that he was put out of the car without injury, but attempted to take hold again of the car, when he fell and his leg was at that time broken. The Court, in the charge, said that a Railroad Company has a right to make all proper regulations for the conducting of the business. If a person takes passage in a train he is bound to pay the fare when called upon, or he may be bound to eject him, using no more force the conductor has a right to eject him, using no more force or violence, however, than is necessary for that purpose. It is for the Jury to say whether such was the case here. Verdict this forenoon.

COURT OF COMMON PLEAS—Before Judge Ingraham.—*William Johnson* vs. *Geo. S. Pettibone* and *J. Tucker*.—To recover in trover, from a landlord, the value of clothing, &c. belonging to plaintiff and his family, boarders, detained by the landlord on the alleged ground of board being due, but their right to do so denied. Verdict this forenoon.—For plff. Mr. Mulock. For def't. Mr. Harrington.

Before Judge Ulshoeffer.—*Gilbert J. Vincent* vs. *Shaw & Carter*.—Action of replevin, which was tried before, to test the right of plaintiffs to take back a quantity of goods sold S. & C. formerly keepers of a carpet store to defendant. To be continued this forenoon.—For plff. Mr. N. B. Blunt; for def'ts. Messrs. Newton & Nelson.

GENERAL SESSIONS—*May 21*.—At the opening of Court Hugh McDermott was called to trial on an indictment charging him with having, on the 16th of March last, assaulted his wife with a hatchet, with intent to kill. From the testimony of Mrs. McDermott it appears that on the day in question her husband entered her room, at No. 562 Broome-st; the door was locked, but was forced open by the prisoner, when he instantly and violently assaulted her with a hatchet, inflicting several dangerous and severe wounds on the head, saying at the same time that he were wounds on the head, saying at the same time that he wanted to die for her. Other witnesses were examined, among whom was Dr. George C. Scherdlin, residing at No. 154 Mott-st. who testified that he attended the complainant from the 16th of March until the 5th of April and during a great portion of that time; she was in a very dangerous situation. The testimony for the prosecution here closed, and Mr. Green, counsel for the prisoner, summed up to the jury, after which the following testimony was offered for the defense: John McDermott, a brother to the prisoner, was placed on the stand, and testified that about six years ago his brother was kicked on the head by a horse, since which time he has been very excitable and passionate—much more so than before he met with the accident. Other witnesses testified to the same in substance, and also to his previous good character. The Jury, after being absence of about 20 minutes, rendered a verdict of Guilty, and the Court sentenced him to the State Prison at hard labor for the term of six years....A colored woman, named Amanda Chambers, was next called to trial, on a charge of burglary in first degree, in breaking into the dwelling-house of Joseph W. Meeks, residing at No. 169 Duane-st. on the 17th of April, and stealing therefrom a Bohemian glass set, together with a variety of other articles, valued in all at from $38 to $50. The prisoner was subsequently arrested by officer Weylan of the Fifth Ward, who delivered her to the custody of another officer, from whom she escaped, but a day or two afterward was rearrested by Capt. Carpenter of the Fifth Ward, and admitted to him having pawned the property, but said she had received it from another person; she also told Capt. Carpenter where another portion of the property was pawned, which was subsequently recovered and identified by Mr. Meeks as his property. The case being concluded by the prosecution, and as no evidence was offered on the part of the defense the case went to the Jury, who rendered a verdict of guilty. The Court then sentenced the prisoner to the State Prison for the term of 5 years....A young man, named Jacob Young, was next placed at the bar, on a charge of burglary in the third degree, in forcibly entering the store of John Haydock, No. 220 Second-st. on the night of the 1st of May, from which he stole a quantity of rags, old copper, &c. &c. The prosecution not being able to sustain the charge the prisoner was acquitted....The Court then adjourned until this morning at 11 o'clock.

POLICE COURT.—A man by the name of Henry J. Strauss, residing at 132 Rivington-st. was yesterday taken into custody by officer Morris of the Chief's Office, and held to answer a charge of stealing, on the 7th inst. at the Butchers' and Drovers' Bank, a $500 bill from a female named Jane Collins, who, while the prisoner was in the Bank, drew the money which she had just deposited. Mr. Strauss is said to be a member of a Hebrew Benevolent Society. Suspicion rested upon him from the fact of a suspicious movement on his part being observed while in the Bank by a Mr. Valentine, who noticed him with a $500 bill in his hand endeavoring to conceal it. He was committed....Officers Ryder and Lawrence of the Fourth Ward yesterday took into custody a girl named Catherine McCann, about 10 years of age, on a charge of picking the pocket of Mrs. Elizabeth Elsus of a purse containing $15. There are a number of charges of a similar character against this young delinquent. Astounding as it may appear, it is ascertained that she has carried on the business so successfully that with the proceeds of her thefts she has purchased a house, which she now keeps as a house of ill fame, and several of the inmates have been arrested and locked up. The mother of the girl was arrested not long since for receiving from her daughter stolen property. She has since died, and has left as a legacy this promising child. She was locked up by the Justice for examination....Five men, named McCarty, Barry, Murphy, Mathews, and Punkest were discovered by officers Fitzgerald and Copp, hid in the act of tearing down an out-house on the premises of Lawrence Sebastian, and taken into custody. It was soon after discovered that the cellar of Mr. Sebastian, who is keeper of the Railroad Hotel, corner of Fourth-av. and Eighty-sixth-st. had been entered by removing an iron bar, and eight bottles of Rhenish wine, valued at $6, taken therefrom. It is supposed that the above-named individuals were concerned in the affair. They were committed for examination....About 2 o'clock yesterday afternoon some person or persons went into the store of Van Kleeck & Co. cor. of Robinson and Westets. and watched their opportunity while no one was observing, to steal $75 from the safe, with which they decamped. Shortly afterward officer Penton of the Third Ward arrested two men named Edward Reily and Charles Fairburn on suspicion of being the depredators in this case....Officers Lyon and Reader of the Fourth Ward arrested Jane Allen, Stewart Allen, James Davis, Elizabeth Best, Mary Snow, and Mary Phillips upon a charge of receiving stolen goods from one Catherine Harrison, *alias* McCan....Officer Wyatt of the Seventh Ward arrested one John W. Murphy, on suspicion of stealing some goods found in his possession....One Daniel Smith was arrested by Officer Lyon of the Eleventh Ward for robbing a money-till. Held to answer....Mathew McKeon of 56 Spring-st. charged one Martin May with stealing lumber from him, valued at $15. Officer Patrick Brennan arrested him, and Martin was held to answer.

BROOKLYN.

COURT OF APPEALS.—The case of *George Pearce*, et al. plaintiffs in error, vs. *A. M. Hitchcock*, et al. defendants in error.—This was an action of debt on a bond to obtain a discharge of an attachment against J. D. Conklin and Peck, as non-resident debtors. Mr. Smith was the solicitor for appellants, and Mr. Dodge for respondents....The next case was 34 on the calendar. *W. Couch*, et al. surviving assignees, vs. *John F. Dalziel*, surviving executor.—The question in this case was to recover $3,500, which sum was received under the French treaty with the United States, which is claimed by assignment. R. Fayerweather for appellant, and Murray Hoffman for respondents.

POLICE COURT.—Officer Parker arrested yesterday one Mary Ann Clarkson *alias* Riley, on a charge of stealing dress shawls, &c. from a Mrs. Thompson. It appears from the evidence, that the accused came to board with Mrs. Thompson, the 7th of May, and after staying some four or five days, left, taking the property with her. Most of the things stolen were recovered, and also a silk dress which had been stolen from Mrs. Gordon of Atlantic-st. She admitted the theft of Mrs. Thompson's property, but denied any knowledge of the other. Committed for examination.

SINGULAR CASE.—The marriage of Mr. Henry Apple and Mrs. Sarah Apple was solemnized at the clerk's office in Indianapolis on the 7th inst. by Judge Smith, one of the Associate Judges of this county. Mr. and Mrs. Apple have been living together as husband and wife for some twenty years, and have raised a large family of children. Their re-marriage was made necessary by the following mysterious train of circumstance, as we learn by a friend who was present at the examination of the case in the Circuit Court now in session in this city. Mr. John Apple, many years ago left this country as a volunteer of the Black Hawk war. During his absence a traveler passed through the county who informed Mrs. Apple that her husband had been killed, that he, the traveler, had aided in burying him, and had marked, with an ax, the tree under which he was interred. Apple did not return, and no doubt was entertained by his wife or her friends of his decease. Time passed on nothing was heard to discredit the traveler's story, and Mrs. A. after having conducted for a proper length of time in a state of supposed widowhood was formally married to Mr. Henry Apple, a farmer of this county, with whom she has since cohabited. A few months since, it was authentically ascertained that John Apple was yet actually living! A divorce was obtained by Mrs. Apple and she was re-married on Monday last, as above stated, to Henry Apple, the man with whom she has been innocently living for many years past as her supposed husband. We have heard no cause assigned for the singular manner in which the first husband acted. [Indianapolis State Journal.

TRIAL OF CRAFTS.—The U. S. District Court came in this morning, adjourned from Friday, 11th inst. to resume the trial of John W. Crafts. Mr. Choate was present, having recovered from his late indisposition. A certificate was read from the physician of Capt. W. S. Bobbidge, of Duxbury, a juror, stating that on account of illness, Mr. Babbidge would be unable to attend Court for several days. After some consultation with the counsel on both sides, it was concluded not best to proceed, and the case was farther postponed to Thursday next. [Boston Traveller, 21st.

DISASTROUS FIRES.—On the night of the 15th the large warehouse of W. N. Montgomery, situated at the Railroad Depot at Tiffin, Ohio, was burned to the ground. The warehouse contained about 8,000 bushels of stored wheat, belonging principally to farmers, together with a quantity of staves, marble, and merchandise of various kinds. As insurance of $8,000 was on the building and contents, which is thought nearly sufficient to cover the loss sustained by Mr. Montgomery. It is supposed the warehouse was set on fire by an incendiary....The *Hartford Times* says the dwelling house of Mr. Nathaniel B. Goodrich, situated in the west parish of Rocky Hill, was entirely destroyed by fire early on Thursday morning last. The furniture all lost. Loss about $1,800. Insured for $1,450, in the Hartford office....The building known as Anderson's Block, at Adrian, Mich. was destroyed on the 16th inst. Messrs. Ewing, Spence & Co. had from $1,000 to $3,000 in furniture in the store, which were all destroyed. The block consisted of four stores—all except one destroyed, that one injured. Anderson insured $700 in Columbia Company....The steamboat Revolution, says the *Chicago Democrat* of the 12th, was lying at Peru for repairs, and was there burst on Tuesday night last....The screw factory of Elwood Garret, Wilmington, Del. was burned on the 18th inst. No insurance.

AFFAIRS AT ST. CHARLES, ILL.—It would seem from the following, which we clip from the *St. Charles* (Ill.) *Platform*, that Dr. Richards was not killed by the mob, as has been stated: "The elements of society are fast disappearing, and society resuming its accustomed course. We have had no more mob violence, since our last issue, and we believe no more is anticipated from any quarter. Dr. Richards has been carried to Chicago, where we hear he is doing well, and likely to recover. Rood, the student who was wounded, is also recovering. The Grand Jury has found bills against sixteen of the men, after a most patient and labored investigation, and the prospect is, that law will once more assert its supremacy over the will of an irresponsible and infuriated mob. We hope so, at least."

THE FACULTY are informed that the Lever Truss Company have completed their Truss, and are now ready to furnish the public, through the practitioner, with their novel Truss, upon mutually advantageous terms.—This article has received the approbation of a Committee appointed by the highest medical tribunal of this city, and by the recommendation of a Board of Surgeons received the premium at the late Fair of the American Institute. Its peculiarities are its upward support and its stationary and lever principle, passing from the umbilicus down the anterior superior portion of the pelvic region over the pubis and perineum to the coccyx, and up the spine; with bels embracing the pelvic region, adapting itself to all kinds of motion, so as to prevent displacement of the viscera, giving permanent stationary support, with of without the pad, thus forming an instrument fulfilling all the surgical indications in the treatment of every form of malady, susceptible of mechanical aid. STEAM HAND PLANING—The subscriber has just obtained letters-patent for a machine which combines the principle of hand planing with steam-power, securing a great rapidity and perfection of execution. The board is carried forward under the action of stationary plane-irons, by the regular revolutions of a crank and fly-wheel, giving to the board a sudden forward motion, like the push of the hand-plane, so favorable to smooth planing. A parallel clamp, like the parallel rule, at each end of the machine, reciprocated by the crank, seizes the board and carries it forward at every revolution, the length of the stroke taking the board entirely clear of the machine—planing and tongue and grooving at same operation boards of any width, at the rate of 100 feet in length per minute. The work is done far smoother than with rotary cutters, and better even than with the finest knife by hand. The machine is simple, strong and durable, and warranted to work well. HISTORY OF THE MEXICAN WAR.

BY E. D. MANSFIELD, graduate of the United States Military Academy. This work gives a clear and impartial account of the origin, progress and success of the War with Mexico, together with a detailed description of the various victories. Also the official dispatches of the Generals, tables of the strength and loss of the Uv. Army, with the names of the officers killed. Illustrated with maps of the country, battle-fields, plans of battle, spirited engraving of battle scenes, to which is added the Treaty of Peace.

Mr. Mansfield's character and ability afford sufficient assurance that the work has been faithfully written. Boston Atlas.

We take great pleasure in commending to the favorable notice of our readers this the first popular history of the Mexican War. [Phila North American.
