Hon. John R. Chandler, Phila.; A. C. Jackson, U. S. N., Capt. Galway, Montreal; Lieut. Gov. Montreal; V. Dalrymple, N. J.; H. Sloan, Haverhill, N. H.; Oswald Montgomery, Phila.; A. B. Packer, Le;—were at the American Hotel yesterday.

☞ We are happy to announce the arrival of FREDERIKA BREMER, among the passengers by the Canada. She will be welcomed by a grateful multitude in this country, who are indebted to her admirable writings for so many hours of the purest enjoyment.

THE DISPLAY AT THE FAIR.—It is pronounced by all parties that the display of articles at the present Fair of the American Institute is rich quite beyond precedent. But there are those who have been found to deny in toto that the exhibition consists exclusively of specimens of Art manufactured in the United States. We are authorized by the Managers, however, to say that the disputed articles are the work solely of the artists and artisans of our own country—and, believing such to be true, it should be matter of gratulation to every American that we are capable of producing fabrics which produce so energetic asservations of their foreign origin as have fallen from the lips of sundry parties. It is but a renewed evidence of the ability of the New World to meet and in some cases to surpass the productions of the Old.

☞ The Fall River Fire Company visited the Fair yesterday afternoon, at the conclusion of their dinner. In their gally ornamented hats and white unmentionables, the members were very conspicuous objects, and attracted much attention.

☞ An Address will be delivered at Castle Garden this evening, by Mr. JAMES M. CRANE, of Richmond, Va.—on the "Progress of Industrial Pursuits in the Southern portion of the Union."

ACCIDENT ON THE HARLEM RAILROAD.—We were misinformed in regard to the accident which occurred on Wednesday. No trains came in collision, but a freight train ran over an ox and the milk car was upset. Mr. Jones, the conductor, who was in the car, had his shoulder dislocated, and another person was somewhat bruised. The engine was not injured. The milk shed was considerable.

☞ Rev. R. T. HUDDART, well known as an instructor of Youth, proposes to migrate to California to assist in planting there the seeds of Christianity and Education, by founding a Church and a School at the most desirable point, resuming his ministerial functions and continuing his educational labors. Ultimately, he would hope to see his School expand into a College.—Mr. H. wishes to take out with him an iron church edifice, costing $3,000 and solicits contributions from his Episcopal brethren to enable him to do so. His purpose is warmly commended by the leading clergymen of the Church in our City.

ISABELLA GRAPES.—We have received a remarkably luscious sample of Isabella Grapes from the vineyard of Mr. H. Hughes near Keyport, N. J. We never saw any larger except a few clusters from the garden of Mr. Wm. Niblo near Yorkville, while for richness and sweetness these have no superior. They are on exhibition at the Fair, and for sale by Gassner & Young, 132 Chatham st.

HO FOR CALIFORNIA!—The ladies of New-York, whose husbands are in California, will meet this evening at Stoppani Hall, at half-past seven o'clock precisely, to see the great California Panorama, Cape Horn, and all intermediate places—finding themselves at last absolutely in the Gold Diggins, where the gentlemen, up to their—ankles, at least—in water, are rocking their cradles vigorously—a job which they never before appeared half so fond of. Decidely the most interesting place in New-York in which to spend an evening is Stoppani Hall.

☞ THE SHAKSPERE ILLUSTRATIONS, Part XIV containing two scenes from "Much Ado About Nothing," has just been issued by S. Spooner, 166 Liberty st. The issue has been delayed by the Cholera and general depression of business through the last Summer.

BROOKLYN AFFAIRS.

MENDELSSOHN ASSOCIATION.—This Society gave its second concert for the season on Monday evening last. The bill was of a more varied character than usual. The first part consisted of a choice selection from the Stabat Mater of Rossini, including the solos, "Cujus Animam," "Pro peccatis" and "Inflammatus." In the second part, we had the agreeable novelty of a concerto for the Flute by Briccialdi, beautifully played by Herr Eben, and a Bass Solo by Diabelli, sung by Mr. T. Wallace, the performance concluding with Romberg's Cantata, "The Transient and the Eternal."—These various pieces were performed in a manner that evinced the usual good taste and careful study on the part of the Society. There was, however, this drawback, that the forte passages of the accompaniment were played so loudly by the band as entirely to overwhelm the voices of the singers.

We were much pleased with the manner in which "Pro peccatis" was sung by Mr. Rexford. This German possesses a baritone voice of very fine quality, and has evidently formed his style upon a careful study of the best models. Of the "Inflammatus" of Mrs. Jones, it is only necessary to say that it was one of the best performances of that artist—chaste and correct in style, yet breathing all the deep and fervid pathos of that spendid air.

ANOTHER HERO OF THE REVOLUTION GONE.—Died at his residence near Piermont, Rockland Co. on the 2d inst. after a short illness, Samuel G. Verbryke, in the 89th year of his age—being one of the few survivors of the time that tried men's souls—he having endured his share of it. He entered the army when a youth, and was surprised and taken prisoner by the British, and held as such for the space of two years and nine months, before he could effect his escape, he then being dwindled to a mere skeleton. After recruiting from this, he again entered the army, as ensign, and served during the War.

He maintained the vigor and perpendicularity of youth until within a short time. He was a man of very exemplary habits and gentlemanly demeanor, and very precise in his conversation. He possessed the affections of all who had the pleasure of his acquaintance.

Towns's net gain for Governor in 25 counties is 588 over his vote in 1847. There are reported gains in other counties.

The Loco-Focos have carried both branches of the Legislature.

Medical Colleges—Markets, Stocks, &c.

Correspondence of The Tribune.

PHILADELPHIA, Thursday, Sept. 4.

Our Medical Colleges are being rapidly filled up with students from all sections of the Union. An arrangement is about to be made among a number of our most distinguished Clergymen similar to the one pursued last Winter, by which a series of sermons will be delivered, addressed particularly to the students of medicine in our city.

The FLOUR market continues quiet. Sales of about 900 bbls for shipment at $ 12½ ⅌ bbl for common brands Pennsylvania and $ 13½ for Brandywine. For city consumption there is a fair demand at previous rates. RYE FLOUR is held at $ 12½, but the sales are limited. CORN MEAL is in limited demand; 1,000 bbls sold yesterday at $ 12½ ⅌ bbl. WHEAT.—There is a modera demand for WHEAT, and 4,000 ⅌ bus good and prime red sold at 106@107 cts. and white at 113 cts. RYE is scarce. Southern is worth 57 and Pennsylvania 60 cts ⅌ bush. CORN—There is but little coming in. I quote yellow at 64 cts. OATS are in limited demand. Southern are worth 28@29 cts and Pennsylvania 35 cts ⅌ bush. In COTTON I have no change to notice. WHISKY is rather inactive—bbls are held at 20 cents.

COMMITED FOR ABDUCTION.—Wm. C. Parkhurst, charged with kidnapping three free negroes from Carolina County, Md. and selling them at Richmond, Va. has been committed at the latter place, but will have a re hearing on the 10th inst. It will be recollected he was lately arrested at Wilmington, Del.—Mr. Levy, to whom he sold the negroes, testified that Parkhurst admitted he knew they were free, and that he would have carried them to Georgia had he supposed he would have been followed. [Balt. Sun.

J. M. BARRETT.—The *Louisville* (S. C.) *Herald* of the 28th ult. says the trial of this notorious individual will take place at Spartanburg Court House next week, before his Honor, Judge O'Neall. So much interest is felt by the community in the result of this trial that the attendance at Court will doubtless be a very large one. What the lawyers may make of the evidence against Barrett in a legal point of view we know not, but from the acts and expressions of his friends, leaving his own acts out of the question, we think there can be but little moral doubt as to his guilt.

NAVAL.—The U. S. store ship Relief, Lieut. Com'g Totten, from this port, arrived on Saturday at New-York, whence she will sail in a few days for the coast of Africa with stores. [Norfolk Herald, 3d

COMMERCIAL AND MONEY MATTERS.

FRIDAY, Oct. 4—P. M.

The Stock market continues quiet and with a downward tendency. The Fancies are in very moderate demand and Governments are drooping. The decision against the Farmers Loan has been received and the quotations for that stock is still lower.

In Freights there is a small business doing at 75 cents per bale for Cotton; 6d per bbl for Flour; 9½@3d for Corn; 10@15s for dead weight. Some 40,000 bushels Corn were engaged, part on joint account of owners and ship. Engagements 200 tcs Rice to Hamburg at 25s; and 100 bales Cotton at ½ cent.

Exchanges are quiet but without change.

The Receipts of the Harlem Railroad for September are considerably below the anticipations of the managers, having only reached $37,700 against $31,400 in September, 1848.

The Money market remains in the same quiet state as before noticed with very abundant supplies of capital at 4 per cent. on call and 5@7 per cent. on paper of first class. The Banks are discounting freely. The supply of paper is rather better than it was.

The advices by the steamer for American stocks is not favorable generally, and is not materially different from the advices received by previous steamers. *Baring's Circular* says:

The dullness in these securities continues, and those which are generally preferred for investment are offered at our quotations, while some of the speculative and low-priced stocks are inquired after. There appear to be considerable amounts of United States 6⅌ cents. of 1867-68 for sale at 104@105, while the bonds, with coupons, of $1,000, are better held, and without sellers under 106. We annex quotations, although the business is limited and irregular: United States 6⅌ cents, 1862, 100@101; do 1867-68 certificates, 103@105; do 1868 bonds, 105@106; do 5's, 1853, 91@92; Alabama 5's, 63@65; do, Sterling, 64@67; Illinois 6's, Active, 40@42, nothing doing; Indiana State 5's, 61@65, nothing doing; Louisiana Union 6's, 1850, 90; Maryland, Sterling, 104@105; Maryland, Sterling, 88@90; Mississippi, Planter's, 60@62; do Union, 20@22, both in demand; New-York 5's, 97@98; do 6's, 105@106; do City, 92; Ohio 6's, 1856, 99@98; do 1860-70, 99@101; Pennsylvania 5's, 70@73; Florida, 30@35 ⅌ cent.; United States Bank shares, 11; Louisiana Bank shares, £25@£25 10s.

Another letter from a leading London house says that Governments of 1867 have been sold at 103, 1862 at 105, and 5's, 1853, at 92. There were free buyers of Alabama at 65. There was a general advance in the prices of interior stocks, but a decline in the better descriptions. There was more inquiry from the Continent for American securities, which had encouraged holders.

The receipts at the Sub Treasury were $59,000; payments, $5,400; balance, $4,061,404.

The cargo of the Hermann due at this port consists mainly of Bremen and French goods, valued at £150,000.

A Bank to be called the Ocean Bank is now being organized by Mr. Nathaniel Weed, late President of the North River Bank. It is to be located on Greenwich between Courtland and Barclay sts. and the capital is to be $500,000, about one-half of which is said to be subscribed.

A new Railroad is nearly ready for use from Pittsfield and Lenox to Great Barrington, by which the business and travel of Vermont and Western Massachusetts are brought directly to New-York over the Housatonic and New-Haven Railroad.
