COMMERCIAL AND MONEY MATTERS.

TUESDAY, Oct. 9—P. M.

The Stock Market is not buoyant, even under the arrival of the Empire City's gold. There is no disposition to speculate in the Fancies to any extent, and Harlem appears to be especially plenty. The amount of Government Stocks bought yesterday by a leading banker for transmission by the steamer, was $160,000. The market since he filled his order is less firm.

In Freights there is not much doing. Engagements 15,000 bushels Corn at 2½d; 7,000 do Wheat, 3d; flour, 6d; Heavy Freights, 12s @ 13s. To London, 600 tons Oil Cake, about 25s. To Havre, Cotton ⅛ c. To Antwerp, Cotton ⅛ c.

Exchanges were firm for the steamer, and Sterling was in good demand at 9½ @ 10¼, but few good bills to be had below 10 ⅜ cent. *Francs* were 5 23¾ @ 5 22½ and scarce. The supply of Sterling was only moderate. The Sub-Treasury is accumulating again. Receipts, $88,133; Payments, $78,553; Balance, $3,900,967.

The Election of Directors for the Erie Road came off to-day and resulted in the unanimous election of the following gentlemen. The vote was unusually large: Benjamin Loder, Henry Shelden, Daniel S. Miller, Henry Suydam, Jr. William E. Dodge, Shepherd Knapp, Samuel Marsh, John Wood, Cornelius Smith, Thomas J. Townsend, Homer Ramsdell of Newburgh, William B. Skidmore, Marshall O. Roberts, Thomas W. Gale, Charles M. Leupp, Theodore Dehon, John J. Phelps. The only change, we believe, from last year is the substitution of Mr. John J. Phelps (formerly Enos Phelps & Co.) in the place of Mr. Silas Brown.

The Domestic Exchange house alluded to yesterday was Messrs. E. W. Clark, Dodge & Co. The drafts are for $5, $10, &c. up to $40, and are drawn by E. W. Clark & Co. of Philadelphia on E. W. Clark & Bros. of St. Louis, and endorsed by E. W. Clark, Dodge & Co. of this City.

September was a dull month for Exports, as the records of the Custom-House show. Nearly all our products, including Cotton, Tobacco, Flour, Wheat, Corn, Pork, Beef, &c. were too high for shipment to England, and consequently the Exports for that month are smaller than for the same either in 1848 or 1847. The accounts from Liverpool, however, are now rather more favorable, and Breadstuffs and Cotton are going abroad more freely. October will doubtless show a more favorable result than September. The comparative figures are as annexed:

EXPORTS OF NEW-YORK—SEPTEMBER.

	1847	1848	1849
Domestic Mdse	$2,072,452	$2,926,213	$1,508,500
Foreign Free	46,843	41,421	45,844
Foreign Dutiable	164,532	175,426	401,091
Specie	930,928	561,443	326,384
Total	$3,216,757	$3,704,003	$2,281,779

The exports of Domestic Merchandise are $1,180,000 less than in 1848, or nearly 40 ⅜ ct. The importations of the three years compare as follows:

IMPORTATIONS OF NEW-YORK—SEPTEMBER.

	1847	1848	1849
Dutiable Mdse	$6,168,294	$3,111,845	$3,568,360
Free do	319,744	910,109	229,181
Specie	197,098	94,546	489,435
Total	$6,679,141	$9,122,500	$6,281,980

The importations of Merchandise have fallen off nearly 30 per ct. as compared with Sept. 1848, while the import of Specie has increased. The exports of the last three quarters, ending 30th Sept. from this port, have been as follows:

EXPORTS OF NEW-YORK—NINE MONTHS.

	1st quarter.	2d quarter.	3d quarter.
Domestic Mdse	$6,877,347	$8,994,480	$6,727,245

Same time 1848	9,774,489	13,466,277	9,652,856
Decrease in 1849	$1,586,442	$2,161,471	$890,631
Total decrease			$4,638,546

The receipts of the Norwich and Worcester Road for September show a very favorable result, and prove what we advanced long ago, that the local business of this route was its most valuable feature, and that it could be cultivated so as to make the road profitable. The earnings are as annexed:

	Sept. 1849.	Sept. 1848.
Through travel	1,8 8 50	2,293 31
Local do	9,886 15	9,145 8-
Freight	11,256 66	8,281 46
Mails, &c	938 41	1,081 31
Total	$24,419 51	$20,741 76

Increase, 1849, $3,677 75, or 17¾ per cent.

This increase, it must be remembered, is in a month containing five Sundays. If September, 1849, had contained as many working days as September, 1848, the excess would have reached $4,500, equal to 20 per cent.

The earnings of the Macon and Western Railroad Company, for September, were:

Passengers	$6,859 79
Freight	4,873 41
Mail	857 77
Total	$12,590 97
Corresponding month last year	12,493 98
Increase	$449 99

The Farmers' Bank of New-Jersey, at Mount Holly, has declared a semi-annual dividend of 3 per ct. ....The Concord Bank (Mass.) 3½ per ct.....Taunton Banks: Bristol County, 4 per ct....Taunton, 4 per ct. Mechanics', 3 per ct....Barnstable Bank, Yarmouth, 4 per ct.

At Boston, on Saturday, $250,000 of Vermont and Massachusetts Railroad bonds, 6 per cents, were sold at auction at 80@81½ per cent. The bonds are due in 1855, and bear interest from July 1.

The Boston Money market continues to be well supplied with capital, and paper of the most acceptable description is less frequently offered. The banks are able, to a fair extent, to meet the business wants. The street rates are from 8 to 10 per cent. Trade continues to be brisk, and goods are generally firmer.

The receipts at the Boston Custom-House for September were $604,556, against $520,494 in September 1848. The receipts for the quarter ending Sept. 30 this year were $1,798,167, against $1,444,971 a year ago, showing an increase from last year of $350,196.

At Boston the exports of Ice for the month of September have been, according to the Shipping List, 4,471 tons, and the total so far this year, 56,452 tons, an increase of 8,734 tons over same time last year. The value of exports of Cotton Goods for the month of September last, was $165,069 59, and the total value since January last, $1,228,446 57, against $1,590,970 66 in the same period last year. Of the exports last month, $35,404 78 worth was to the East Indies; $36,864 62 to Rio Janeiro, $28,600 66 to Central America, $21,692 to Smyrna, and $14,839 88 to River Plate.

☞ **Valuable Testimony from the South.**—We like, at all times, to give credit, when credit is due, and if at the same time we can relieve the distressed we are doubly gratified; we therefore give the following voluntary testimony as to the beneficial effects of Wistar's Balsam of Wild Cherry, by the editor of the Columbia South-Carolinian, who appears to have obtained great relief by its use.

DR. WISTAR'S BALSAM OF WILD CHERRY.—We seldom resort to patent medicines, having a great respect for the skill of the regular profession, but chance threw in our way the above-named medicine, immediately after the close of the last session of the Legislature, when our lungs were almost dried up by the highly rarified atmosphere of our stove-warmed State-House. The Balsam immediately relieved us of a most harassing cough, which threatened our health in a serious degree. We feel that we are indebted to it for some fifteen pounds of animal weight—which addition, once felt, cannot be forgotten.

NEW INVENTION.

NEW ERA IN TAKING LIKENESSES.

HYALOTYPES, OR PORTRAITS ON GLASS.

And very important improvement in taking TALBOTYPES ON PAPER.

GENERAL AGENT for New-York, E. WHITE, 247 Broadway. The undersigned respectfully announces to the public of New-York that they have established an agency in New-York for the purpose of executing their novel invention of taking portraits on glass and also on paper. The portraits on glass are unsurpassable for richness of tone and softness of outline, and can be adapted to many useful purposes, such as candle shades, ornaments in parlor windows, and the most perfect magic lantern slides. As their engagements in Philadelphia do not permit them to take these novel pictures in New-York from life they have established an agency to receive Daguerreotypes to be copied on glass or paper, which will be done with all possible care. The public generally are invited to examine specimens of the Hyalotypes and Talbotypes at E. WHITE'S 247 Broadway.
