☞ **Professor Barry's Tricopherous or Medicated Compound**—For the preservation and improvement of the hair and the cure of external inflammation and injuries.

Medical authority of the highest standing, as well as the public voice, has pronounced this preparation the best article for alleviating the pain of wounds, bruises and other external injuries, and for allaying all cutaneous irritation, from whatever cause arising, that has ever yet been advertised. In cases of erysipelas, salt-rheum, chapped hands, sore throat, chilblains, scrofulous irruptions, tetter, pustulous pimples, blotches, ring-worm, and all superficial inflammation, *it has never been known to fail*, while the *number of attested cures amount to thousands*.

As a toilet article, BARRY'S TRICOPHEROUS is familiar to almost every family, for its unrivalled cheapness, as well as its conceded superiority, places it in the hands of every class of the community. For renewing, glossing, lengthening, strengthening and cleansing the hair, it has not now, and never has had, an equal. If immense and daily increasing sales are any proof of these facts, the books of the advertiser most satisfactorily and profitably attest them.

Sold in large bottles, price 25 cents, at the principal office, 197 Broadway, New-York. Also, by the principal merchants and druggists in the United States and Canada. o18 3tesdis*
