NEW-YORK TRIBUNE.

CITY ITEMS.

THURSDAY EVENING, Nov. 15.

☞ We can't imagine a more difficult or perplexing job than driving a flock of sheep through the crowded streets of a city. The bell-wether of the flock is almost sure to be of a different opinion respecting the destination of the party from the head driver, and the assistants of the latter, in their attempts to kick, beat and "shoo" their arguments into their woolly charges, continue to make matters a great deal worse. We noticed yesterday a painfully amusing scene in Canal-st where several persons were fruitlessly fatiguing themselves in endeavoring to induce a flock of sheep to go up Mercer-st while they seemed determined to keep on down Canal. At length one of the drivers caught a terribly tough-looking old black ram by the horns, and, dragging him some rods in the desired direction, let him go. Off he started up the street like mad, and pell-mell came the whole flock at his heels. Query—we wonder whether men couldn't be driven in this way.

AN IMPORTANT SUGGESTION.—To relieve Nassau and Ann streets of the terrific crush to which they are now incessantly subjected by having all the omnibusses in the City turned into them, let the following simple instructions be *enforced*. 1st, Send all the Bowery, Dry Dock and East Broadway omnibusses from Chatham-st, through William to Wall, Broad and Beaver-sts, and so to the South Ferry. 2d, Let all Broadway omnibusses take Vesey and Greenwich-sts, in going down, and Maiden-lane, Nassau and Ann-sts, going up. Let policemen be stationed at each of the streets mentioned to enforce these regulations, and the trouble would be over until the Russ pavement is completed and Broadway again thrown open. Now, it is horrible, horrible. Will anybody see to this?

EVANGELICAL ALLIANCE.—At the regular annual meeting of the Board yesterday, the officers now officiating were unanimously reflected. The anniversaries of this Association are hereafter to be held in November, to avoid the hustle and confusion of the regular Anniversary Week in May.

MISSIONARIES.—Rev. Messrs. Schenck and Doolittle, Missionaries of the American Board, here, with their wives, sailed from Boston in the ship Lantoo, for their field of labor. Mr. Doolittle is to be located at Foo Choo and Mr. Schenck at Amoy, China.

DEATH OF A MISSIONARY.—Letters just received by the Secretary of the American Board announce the death, on the 14th of September, at Salonica, Turkey, of Rev. L. Maynard, formerly of Potsdam, in this State.

ALDERMANIC DISCHARGES.—Michael Quinn, arrested by officer McGuiness of the Sixteenth Ward for drunkenness and disorderly conduct, was discharged from the stationhouse by Alderman Webb. Quinn had shoved his arm through a window and cut it severely.....Two disorderly boys arrested for disorderly conduct in the Second Ward were discharged by consent of the Alderman.

ADRIFT.—The brig Susan, Capt. Walford, arrived from Malaga on Tuesday, with a cargo of fruit, to Harbeck & Co. was discovered by the Seventh Ward Police last night adrift and deserted by the crew. Capt Haggerty had her warped into the stream and anchored off Catherine-slip.

SHAMEFUL.—A correspondent informs us that some person has daubed the seaward rails of the Battery with tar, with the evident design of ruining the clothes of the thousands of persons who lean thereon. We trust such wretched mischief will meet a due reward.

RUN OVER.—Henry Halden, a boy, was run over in Cherry-st yesterday afternoon by a horse and wagon driven by E. W. Fargo of the Bull's Head Hotel. The boy was taken in at No. 35, and officer Van Wagener summoned a physician.

BURGLARY.—The house of Charles Feltner, corner of Ninth-avenue and Forty-sixth-st, was entered on Tuesday morning by burglars, and robbed of an overcoat, hat, vest, three silver spoons, and other small property. No arrest as yet.

We infer from the reports in the morning papers that some members of the press were there by invitation. [Commercial Advertiser.

☞ We infer from the above that some members of the press were not there by invitation.

THOSE LAMPS.—The Police of the Second Ward have reported the neglect of lamps in Liberty-st almost every night for two or three months, but none of the authorities heed the complaint. Who is at fault?

EXTENSIVE ROBBERY.—A Mr. Nelson Patsey, the owner and proprietor of a large private boarding establishment in White Plains, (says the *Courier*,) was yesterday morning detected in the act of committing a theft and committed to the county jail, located at that place, to await a further examination. The circumstances are these: Mr. Chas. A. Purdy, counsellor at law, and a near neighbor of Mr. Patsey, had for some time missed grain from his barn, and on Tuesday evening he placed a negro boy in the barn to keep watch—Between 3 and 4 o'clock in the morning a man came to the stable with a bag and commenced filling it with grain, when he was at once seized, and after removing his disguise, it was found to be the above named person, who had hitherto considered a very respectable citizen. When arrested he was so disguised that his most intimate acquaintances did not recognize him. On searching him, a large number of skeleton and other keys of his own make (from a composition of pewter and tin) were found on his person, and on examining his splendid mansion, an upper room was found locked, which was filled with a general assortment of articles of Dry Goods, such as boots, shoes, gloves—in short every article in the line of country merchants' trade, all of which is supposed to have been stolen. Indeed many of them were recognized by the merchants of the village; among others, Mr. Horton, a merchant of White Plains, found goods there which he had missed and knew had been stolen. Another lot of skeleton keys were also found in the room. Deputy Sheriff Forshay, in further searching the premises, found in an outbuilding a lot of hardware, also supposed to have been stolen. Mr. Putney came from Connecticut to White Plains in the year 1836, when he built his extensive mansion and outbuildings, and from the quantity of goods found in his premises, it is supposed that this practice of petty thieving has been continued from that time to the present.

CHARGE OF BIGAMY.—Officer Fearnin, of the Third District Police, arrested, yesterday, a man by the name of John J. Hewitt, on a warrant issued by Justice Osborne, wherein he stands charged with having one more wife than allowed by law. It appears that the accused was married on the 13th of November, 1848, to one Margaret Learson, by Rev. Joseph J. Smith, and after living a few months together they separated, and the accused, on the 23d of last month, married Mrs. Wheeler, a widow, with whom the accused was boarding at the time. The ceremony was performed by Rev. Mr. Johnson, duly witnessed. The magistrate committed the accused to answer at Court.

LARCENIES.—Wm. Drainan, stealing clothes from Wm. Keough, First Ward. A man named Rich on suspicion of stealing $15 from Joseph Monroe, Second. Caroline Morris, stealing $3 75 from Robert Lockwood, Fourth. Louis Magnis, stealing a firkin of butter from Mr. Sims, 157 West Broadway, Fifth. John McBrairty, stealing three hats, Sixth. Michael Lawrence, stealing a carpet from Geo. Hardy, Seventeenth. John Alphonse, stealing brushes from H. S. Rice, same Ward.

GRAND LARCENY.—A servant girl, named Emily Hamlon, formerly in the employ of Dr. Hanners, 82 Chambers-st, was yesterday afternoon taken into custody by officer Evans, of the Lower Police Court, on a charge of stealing from the Doctor some combs, a lancet, valued at $15, together with two cases of surgical instruments, valued at $40. On her person, at the time of her arrest, was found a portion of the combs. She was locked up for examination.

MALICIOUS MISCHIEF.—Officer Evans, of the Lower Police Court, yesterday took into custody a man named Robert Warnermaker, on a charge of malicious mischief, in entering the house of Catherine Arthur, 40 Lispenard-st, and cutting and breaking a piano, and maliciously destroying other articles of furniture. Justice Lathrop held the accused to bail in the sum of $500 to appear and answer.

ROBBERY.—The house of Mr. Daniel Lord, No. 26 Beach-st, has within ten days past been robbed of about $300 worth of silver ware, which was carefully stowed in a dark attic room. The servants are not suspected, and who the thief is remains to be seen.

ASSAULTS.—Thomas Sweeny, assault and battery on Elizabeth Stewart, Sixth Ward. Polana Borren, same offense, on Jacob Camody, Thirteenth Ward.

POLICE RETURNS—*Nov. 13.—1st Ward*—Wm. Drainan, larceny; Levin Surges, throwing ashes in the street.—*IId*—Mr. Rich, suspicion of larceny; fire at 130 Fulton; Liberty-st, lamps not lit.—*IVth*—Caroline Morris, larceny; boy run over.—*VIth*—Louis Magnis, larceny.—*VIIth*—Thos. Sweeny, assault; J. McBrairty, larceny.—*VIIIth*—A brig adrift.—*VIIIth*—Did n't see the report.—*XIIth*—Boy killed; house robbed; five lost children sent home.—*XIIIth*—Polana Berren, assault; a lost boy sent home.—*XVIIth*—Michael Lawrence, larceny; John Alphonse, same offense.——Nothing important in Wards omitted.

BROOKLYN AFFAIRS.

NAVY YARD—*Correction.*—Our Brooklyn reporter has led us into a slight error in an item on the inside headed "Navy Yard." The machinery which gave way was no part of the Dry Dock, but Bishop's patent boom derrick, made for the use of the Yard.

KINNEY.—This man, now in jail awaiting trial for the murder of his wife, is rapidly dying of consumption; indeed, he is so low that it is very probable he will never be brought before a human tribunal.

HIGHWAY ROBBERY.—On Tuesday evening, as Mrs. Norton, who keeps a boarding house in Washington-st, near Sands-st, was returning to her residence, she was knocked down by a ruffian and a wallet containing $70 taken from her. Mrs. Norton was found by William H. Carey, Esq. who carried her to his own house in the neighborhood, and sent for Dr. Wade, who administered to her relief, and upon having recovered sufficiently she was conveyed to her own residence.

JERSEY CITY AFFAIRS.

BIBLE ANNIVERSARY.—The Anniversary of the Jersey City and Hamilton Bible Society was celebrated last night at the M. E. Church. Rev. Dr. Durbin and Rev. S. I. Prince were the chief speakers, and a commendable interest was manifested in the objects of the meeting.

From the South-American Republics.

By the arrival of the steamer Dee at Mobile, we have news from South America, by advices contained in the Havana *Diario*. That paper, of the 27th ult. has dates from Caracas to the 24 ult.; from Bogota and Carthagena 13th September, Lima 12th September, and Valparaiso 29th August.

Monagas, in Venezuela, full of his triumph over Paez, has exhibited much humanity in the treatment of the prisoners. The country is now, according to the *Patriote*, commencing a new era of prosperity.

In New Grenada all was quiet, the Cholera had left Carthagena, but was still afflicting the interior. Trade was at a very low ebb in the Republic. The Bogota papers complain of a violation of their territory by the entrance thereon of a party of armed partisans of Monagas from Venezuela.

The advices from Lima announce that the Peruvian Government was about sending a vessel to San Francisco for the purpose of re-conveying to their homes the distressed Peruvians in California, who are represented to be in a most miserable condition. The papers in that Republic say that their compatriots are quite disenchanted with the exaggerated accounts of the gold regions published by the deceiving "Yankis."

Bolivia remains in peace. A few citizens are, however, still proscribed, among whom are the ecclesiastical Governor of Chuquisaca, and the mother and daughter of Gen. Ballivian. A medal of honor had been struck and presented to the conquerors of Montenillo, bearing the inscription of "Anarchy quelled in 1849." Much good feeling had been reciprocated by the officers commanding on the contiguous frontiers of Bolivia and Buenos Ayres.

From Chili the news is of little importance. The House of Representatives was in conflict with the Ministry and the Senate relative to the law of siege, or martial law, which by the Constitution the President could proclaim during the recess of Congress in case of internal commotion. The House wants to define what constitutes internal commotion—Strort, the violinist, is enchanting the people at Valparaiso with his charming art. M. Arago, brother of the celebrated astronomer, on his way to California, with a company of young Frenchmen, had improvised a beautiful operatic sketch while staying at Valparaiso. It was represented by some young artists belonging to his company to the delight of the natives.

Shipwreck of the Elijah Swift—Great Loss of Life.

We copy the following particulars of the loss of the bark Elijah Swift, from the *Mobile Advertiser* of the 7th:

The vessel, D. A. Nye master, from New-York, bound New Orleans, 29 souls on board. The cabin passengers, eight in number, were all women and children. On Monday, 29th ult. at 2 P. M. anchored off the Great Isaacs, about two miles from the shore, in nine fathoms water; the wind moderate, with pleasant weather. At 1 A. M. the wind hauled suddenly to the N. W. and blew violently, with constant, heavy rain. The ship, while in the act of cutting away the mainmast, struck the rocks, and in one hour went to pieces. "During the time we were on the wreck," says one of the passengers, "the sea was continually breaking over us. After several ineffectual attempts to get a rope on shore, we at length succeeded, and landed all on board, though many of them very much bruised and lacerated by the driftwood and surf dashing them against the sharp coral rocks. On landing, we deemed it safest to gain the highest or south-eastern part of the Island, as the sea had already commenced breaking over the north-western point were we stood. We had scarcely proceeded fifty yards on our way, leading the ladies at a slow pace, they being in their night-dresses and barefooted, when a tremendous sea broke over the rocks and washed away twenty of our number, eight of whom we saved—the other twelve were drowned. Among those lost were Parker Flower, 2d officer, and James Lane, seamen both of New York, who lost their lives in endeavoring to save those of Mrs. N. A. Bailey and Miss Henrietta P. Ray, two cabin passengers. The rest of our number succeeded in reaching a place of safety. The next morning, in searching for fresh water, we found an infant, six weeks old, the son of Mrs. Bailey; it had been washed upon the rocks the morning before and had remained there 26 hours; it was alive and apparently sustained but little injury; we immediately carried it to the surviving ladies, to whose motherly care it owes its life.

"We remained on the rocks two days and a half, destitute of clothing, food or water, with the exception of some salt provisions that washed ashore, which we could not eat on account of creating thirst. On the third day we were rescued by the ship Bangor, Capt. W. J. Philbrook, who kindly answered our signals of distress, took us on board and treated us with all the kindness that disinterested humanity could suggest."

[Dated on board the ship Bangor, off the Great Isaacs, bound to Mobile, Nov. 1, 1849.]

Subjoined are the names of those that were lost:

MOB.—Last evening three men, runners for sailor boarding-houses, entered the coffee-house of H. Wilson, 9 Gaslatin-st and after an altercation with the bar-keeper, a fight ensued in which the latter shot one of his assailants through the arm and cut another on the wrist.

The comrades of the wounded man, numbering 15 or 20 individuals, soon assembled upon the ground, and commenced an indiscriminate destruction of the contents of the bar-room and the upper apartments. They piled up the furniture in the street and set fire to the mass. The police were soon at the scene of riot, but from their small force did not attempt to stop the proceedings. No arrests have yet been made. [N. O. Bee, 6th.

AMERICAN SAILORS ON EXHIBITION.—Late news from Lahaina, received at New-London, Ct. makes mention of the arrival at the former place of the American whaler Minerva, Capt. Seabury. Capt. S. reports hearing from the Alert, Green, in the first part of the season, being in on the Tartary Coast, sent two boats' crews in after wood. They not returning as expected, he sent the third boat, which was also detained. The ship was thus left with a single boat's crew, and continued standing off and on for two weeks or more before he had any intelligence of the boats—They finally all returned to the ship, and related that, when they landed, the natives made them prisoners and took them back through the country and villages for the purpose of exhibition. They were treated in the kindest manner during their imprisonment. When their keepers had exhibited them to their satisfaction, they restored their boats with every article belonging to them. Not even the smallest article was missing.

ANOTHER MURDER IN ARKANSAS.—A correspondent of the *N. O. Picayune*, writing from "up the Mississippi," makes a long story about a murderous affair which occurred on the 15th of October at a place called "Rough and Ready," in Arkansas. In brief the story is that a Dr. Hedgespeth and his son Leigh, a boy of 17, murdered a lad of 19 named Griffith, each shooting him, the alleged provocation being that Griffith had threatened to kill Hedgespeth for an attempted seduction of Griffith's sister-in-law. Just previous to the killing of Griffith a friend of his, named Brown, in his company, was assaulted and killed by one McPeters, an associate of Hedgespeth. The latter is said to have been arrested, examined and discharged. His son, the boy Leigh, and the associate McPeters, are said to have made their escape.

THE DIFFICULTIES IN ARKANSAS.—The *Little Rock Democrat* has private advices from Marion County up to the 13th ult. Gen. Wood was at Yellville with a company of 70 men. Capt. Denton's company had been discharged at Carrollton. On the 12th, the Circuit Court of Marion adjourned until court in course. Indictments for murder have been found against Nelson Stratton, Jesse N. Everette, Robert Adams and Alexander Cowin. These men are all confined, and are strictly guarded by the military. There is considerable excitement throughout that region of country, and we are informed that Gen. Wood, with the company under his command, will remain for the present at Yellville, for the purpose of guarding the prisoners.

FIRE AND LOSS OF LIFE AT PORTSMOUTH, VA.—A fire at Portsmouth, on Sunday morning, about 3 o'clock, destroyed the confectionery of Mr Newman, the grocery store and dwelling of Mr. B. & F. Faulk, the Lafayette House of Mr. Born, and the large dwelling of Mr. Guy. The only insurance was in favor of Mr. Guy, of $1,200 or $1,400. The telegraph office was in imminent danger. The *Pilot* regrets to state that Mr James Martin, a confectioner, in the employ of Mr. Newman, was burned to death in his bed. A piece of his body was afterward found.

Hammick was robbed on Monday last in the lobby of our City Post-Office, as he alleges, while waiting for the assortment of the Northern mail. Mr. Hammick states that his pocket was cut, and his pocket book containing $400, stolen therefrom. [Nat. Intelligencer, 14th.
