COMMERCIAL AND M.

For Sales of Stocks, &c. see Fourth Page.

FRIDAY, Nov. 16—P.M.

The Stock market is heavy to-day without activity, excepting for Governments, which were wanted at ½ advance. The sales of Fancies were moderate and at the Second Board everything was heavy.

The market for Exchanges has not opened yet, but is supposed that it will at a decline. Sterling is nominal at 9 @ 9½ per cent. France are 5.25 and dull.—The large shipments of Cotton and Tobacco from New-Orleans during the next four months must keep the supply of bills very large, and keep the rate far below the specie point. In addition to produce there is also a considerable amount of gold dust belonging to American account, which has gone to England from California, and which will supply a quantity of sterling.

In Freights there is not much doing, and rates are steady. Of Cotton there is a fair amount of shipment at 7-32d, Dead Weight 15s @20s, Flour is 5d, Corn 6½d, Beef 3s. To Havre ⅛d for Cotton.

The Walter Joy Bank at Buffalo has suspended payment, but its circulation is good, as it is amply secured by State Stocks with the Controller. The notes are still redeemed at the same rate as other State money, by John Thompson, 64 Wall-st. There are also rumors in regard to the Union Bank of Dover.—The Pawkatuck Bank in Conn. was reported in trouble, but we hear it is only through the indiscretion of the Bank in issuing notes before they had made arrangement with the Suffolk Bank of Boston. This is a new institution, and the matter will be arranged in a few days.

There are rumors about the street of some large forgeries of paper having been discovered, but the particulars are kept quiet at present.

The balance in the Sub-Treasury continues to increase. The amount to-day is $3,916,159; Receipts, $35,090; Payments 52,320.

The Aquelot Railroad from the Valley Road to Keene on the Cheshire Road is to be completed within a year. This subject, however, will not interfere with the building of the direct River Road from Brattleboro, to Bellows Falls. The friends of this scheme have not been inactive during the last few weeks, but have been employed in obtaining subscriptions on the line of road, and obtaining the right of way. Several important negotiations in regard to this road are under way and when closed we shall be able to give the particulars. This road must and will be built, and put New-York in connection with Vermont and New-Hampshire.

Ira C. Whitehead, W. N. Wood and Benjamin Williamson have been appointed Receivers of the State Bank of Morris. The *Morristown Jerseyman* intimates that the subject of the failure of the institution will be investigated by the Grand Jury to be empanneled next week.

$4000 REWARD—On opening two boxes of gold dust, one at Philadelphia, marked John DeWitt & Co. New York, and the other at Baltimore, marked T. B. & Co. as part of the contents are missing.—These boxes were shipped on board the steamship Oregon the last of September, at San Francisco for Panama, and thence overland to Chagres, at which place they were reshipped for New-York by the steamship Empire City, and at New-York forwarded by railroad to Philadelphia and Baltimore. Near 600 ounces of gold dust, worth over $10,000, appear to have been abstracted.

$1,000 reward will be paid for the apprehension and conviction of the person or persons who have committed this depredation, and $1,000 additional for the recovery of the gold abstracted, or in proportion for any part of it.

CALIFORNIA CLOTHING—We have now on hand the largest stock of woolen Clothing suited to the San Francisco trade to be found in the city. Our trade with that market is now very extensive, and we consequently keep a large stock expressly made for it. Purchasers would do well to examine our stock before buying elsewhere, as we are determined to sustain our preeminence in that trade both by the cheapness of our prices and suitableness of clothing. GENERAL NOTICES.

The "African Methodist Episcopal Zion Church in America" have purchased a tract of land situated in township twelve, Essex County, State of New-Jersey, for a home for the aged, infirm, and friend of humanity, GERRIT SMITH, Esq. for the purpose of establishing an Academy on the Manual Labor system, to be known as "The Rush Academy," in honor of Rev. CHRISTOPHER RUSH, familiarly known among us as "Father Rush," who has long filled the Executive Chair of the above mentioned ecclesiastical body.

The objects of this institution are of our people will be met in this Institution, as it embraces in its design the various grades of literary attainment, from the initiatory studies of the Preparatory Department to the study of Theology; in fact its chief care shall be the education of colored young men for the different pursuits of life and the Ministry.

The rise and progress of the African Methodist Episcopal Zion Church in America is a chapter of pleasing reflection, and may be briefly alluded to as follows:

In the year 1801, by the consent and in perfect harmony with the Methodist Episcopal Church, governing their affairs under the Episcopal plan, according to the ability which they then possessed, and notwithstanding the equivalent and consequent indifference of the great mass of the communities, the body was established, and has since succeeded in erecting Churches and establishing Sabbath Schools in the cities and towns throughout New-England, New-York, Pennsylvania and other States and Provinces, and many thousands are brought together to hear the exposition of the Word of God Sabbath after Sabbath, who otherwise would be deprived of gospel privileges to a greater or less extent.

The importance of competent and properly qualified religious teachers among our people need not be urged upon thinking minds. Knowledge in the Ministry creates a thirst for education everywhere among a free Protestant people; or in other words, "like Priest, like People."—And who can enumerate the untold benefits that will result to millions in future generations from a thorough dissemination of gospel knowledge, and the encouragement of the eminently missionary spirit of our Church.

Besides all this, let it be remembered that MANUAL LABOR, the most practical system of education, is to be adopted at this Academy.

This enterprise commends itself to the liberality of Christians of all denominations, and we trust will not be suffered to fall from want of encouragement and support.

Rev. GEORGE A. SEYMOUR, one of our itinerant preachers, is General Agent in the enterprise.
