Leading Hotels.

LARGEST IN THE WORLD.
HOTEL MAJESTIC,
Central Park West, 71st and 72d Streets, New York.
AMERICAN OR EUROPEAN PLAN.
This hotel offers cool and luxurious accommodations during the summer months to tourists and gentlemen whose families may be sojourning at distant summer resorts. Its accessibility and quiet elegance has secured for it the patronage of the best people.
Situated where the guests may enjoy beautiful views of the Hudson River and Central Park—now attired in its summer splendor—it is but one block from the Broadway cable, Sixth and Ninth Avenue Elevated Railroads, facilitating quick communication with the lower part of the city.
New York at this point is recognized as a formidable competitor of the modern summer resort, cooled as it is by the breezes from the Park and river.
At the MAJESTIC one is isolated from and may escape the heat and bustle of the city, and yet remain in touch therewith, thus combining the privileges of the metropolis with the delights of the country. In its size, location, and appointments it is without a peer, and will well repay a visit of inspection.
