COMMERCIAL AND MONEY MATTERS.

For Sales of Stocks &c. see Fourth Page.

WEDNESDAY, Feb. 27—P. M.

The Stock market was again active to-day, and prices of Government Securities improved with large sales, over $200,000 of the '67 Loan and Treasury notes changed hands at an advance of full one on the rates current yesterday. These were mostly bought by two parties, whose orders are believed to be from Europe. Indiana State 5s advanced 1 ⅝ cent and for Ohio and Kentucky Stocks, higher rates were offered. This class of Securities are rapidly disappearing from the market, holders are tempted by the advanced rates to sell and relaves in other low priced, though equally safe Securities, such as Railroad Mortgage Bonds, &c. &c. In Fancy Stocks there was very little change to-day—the market was firm and firm. There is no change in Money matters, except that the rates for paper out of doors are easier, with symptoms of still lower prices and greater abundance.

The first Locomotive ran over the Columbus and Xenia Road on the 22nd inst. and the first Passenger train passed over the road on Monday last. This forms a new era in the history of the City of Columbus, connecting it directly by Railroad with Cincinnati. The work is rapidly progressing on the Cleveland and Columbus Road, which it is expected will be completed in October or November next; 33 miles next to Cleveland are now being laid with the heavy T Rail.

The Philadelphia North American gives the following statement of the Pennsylvania Banks, from the Auditor-General's Report—showing the condition of the Banks in November, 1849.
