SIGHTS IN THE GOLD REGIONS,
AND SCENES BY THE WAY—Second Edition
Published This Day.
SIGHTS IN THE GOLD REGIONS AND SCENES BY THE WAY—By Theodore T. Johnson. Illustrated with engravings and map. This work has been very much enlarged by the addition of eighty new chapters, containing suggestions to travelers by the Isthmus Route for the dry and rainy seasons, the travel into Sacramento, California and the Gold Regions (from actual and authentic sources) together with new and interesting information in relation to Oregon. It is also illustrated with original engravings from sketches taken on the spot by Frederick, Esq. (copies of which sold in San Francisco for three ounces of gold per sketch) and contains a map taken from Commodore Jones's original Map for Government Survey of the Gold Regions—never before published. It is the most complete, authentic and the cheapest work on the subject in the market. I have spared no pains to render this work the most complete and authentic work on the subject.

HOW TO WASH CLOTHES
WITHOUT MACHINES, WASHBOARDS, or Pounding Barrels,
RUBBING UNNECESSARY!
SEND ME ONE DOLLAR, free of postage, and I will send you, by mail, a printed circular, giving plain directions for Washing Clothes, that will enable one person to do all the washing of a large family before breakfast, thus avoiding all the confusion of a washing day. This method requires no machines, washboards, pounding barrels—no Turpentine, no Camphine, or other offensive article—NO RUBBING THE SKIN OFF YOUR FINGERS—no tearing off buttons and wearing out clothes. This plan SAVES THE CLOTHES, makes them whiter, and never injures the finest fabric. The articles used cost but a few cents for a large washing, and can be obtained anywhere. The Circular also contains directions for clear starching, ironing laces, cambrics, &c. in the FRENCH STYLE, washing and cleaning silks, kid gloves, removing stains, grease spots, mildew from linen, RENOVATING VELVETS, &c. &c.—Also, how to WASH CALICOES or Cotton Prints WITHOUT FADING. These are the greatest chemical discoveries of the age. All the hotels, steamers, and large laundry establishments use my method of washing.

A drum! a drum! who doth come?
TWELVETREE, who hath victory won
Over first of May-day troubles,
Over soap and all its bubbles—
Read the account as underwill,
And buy it, if you've any wit.

IT HAS RECENTLY BEEN DISCOVERED by pure accident, the particulars of which have been advertised, that Twelvetree's plan, in addition to its well known power of enabling a lady to do a family six-weeks' wash before breakfast, without help, or using any machine, turpentine, camphene, or any substance injurious to the texture or the person using it—in rubbing whatever being required—will also save more than half the time, expense and labor heretofore used in house-cleaning. These important facts must command the attention of every housewife. The truth might be doubted, if the statement rested on my testimony alone, but thousands will corroborate me. I have the satisfaction, also, to announce that the United States Government employ my plan in all establishments under their surveillance. The order from the War Department at Washington, may be seen at my office, with thousands of testimonials and specimens of washing. Price $1. Call, or send by mail to H. TWELVETREE,

SANDS'S SARSAPARILLA.
THE ATTENTION of the reader is called to the following certificate of a remarkable cure effected by using only five bottles of Sands's Sarsaparilla.
SIDNEY, (Maine,) April 15, 1850.
Messrs A. B. & D. Sands: Gentlemen—This is to certify that I the subscriber, of Sidney, County of Kennebec, State of Maine, has been afflicted more or less ever since my birth with Scrofula, which continued to increase until last February. In January, my legs were so swollen I could not get on a boot or stocking, and I had several large sores on me all the time. In this situation I was about to give up in despair, when I was advised to try Sands's Sarsaparilla. I had not much faith in it but I sent to your agents in Augusta, Me. and procured a bottle, which did me so much good, I sent and got another, and continued until I had taken five bottles. I am now perfectly well. If any person who may read this letter is afflicted with any disease of scrofula, I would most sincerely recommend and advise them to make use of Sands's Sarsaparilla. If any person wishes further information about my case, by calling upon me I can convince them of the healing power of this medicine. Signed, STEPHEN C. HAYWOOD.
Augusta, (Me.) April 15, 1850.
P. S. We are personally acquainted with Mr. Haywood, and believe his statement to be true.
Signed, DILLINGHAM & TITCOMB.
