SUPREME COURT, APPELLATE DIVISION, FIRST DEPARTMENT.—In the matter of the application of the Board of Rapid Transit Railroad Commissioners for the City of New York for the appointment of three Commissioners to determine and report whether a Rapid Transit Railway or Railways for the conveyance and transportation of persons and property, as determined by said Board, ought to be constructed and operated. Brooklyn-Manhattan Rapid Transit.

Public notice is hereby given that, pursuant to the provisions of Chapter 4 of the Laws of 1891, as amended, the undersigned Board of Rapid Transit Railroad Commissioners for the City of New York will apply to the Appellate Division of the Supreme Court of the State of New York, in the First Judicial Department, at a term thereof to be held at the Court House thereof, at the northeast corner of Madison avenue and Twenty-fifth street, in the County of New York, on Wednesday, the 4th day of September, 1901, at 10:30 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard, for the appointment of three Commissioners in the above entitled matter, to determine and report, after due hearing, whether a Rapid Transit Railway or Railways in the said City, for the conveyance and transportation of persons and property, as determined by the said Board, and described in the report of the said Board made to the Municipal Assembly of said City on or about the 8th day of February, 1901, ought to be constructed and operated.

The papers upon which the aforesaid application will be made are the petition of the said Board of Rapid Transit Railroad Commissioners for the City of New York, dated the 8th day of July, 1901, and presented to the said Appellate Division on or about the 9th day of July, 1901, and the affidavits and other papers accompanying the same, all of which were filed in the office of the Clerk of the said Appellate Division on or about that day, together with the certified copy of the consent of the Department of Parks of the City of New York, which was duly filed in the office of the said clerk, and in addition thereto such other papers as shall be presented to the said Court by the said Board.

A description of the route and general plan of construction of the said railway or railways forms part of the said report of the said Board to the Municipal Assembly of the City of New York, a copy of which report is included among the said papers upon which the said application will be made. The following is a brief and substantial synopsis of the said route: Beginning at a point in the Borough of Manhattan at or near the intersection of Broadway with Park row, running thence under Broadway and Bowling Green to State street, thence under State street and Battery Park to Whitehall street, and thence under and across Whitehall street and South street to the East River, thence under the East River to the Borough of Brooklyn at a point in Joralemon street between the East River and Furman street, thence under Joralemon street to Fulton street, thence under Fulton street to Flatbush avenue, and thence under Flatbush avenue to a point at or near its intersection with Atlantic avenue. The route shall include suitable tracks and connections in the nature of loops under Battery Park, State street and Bowling Green, and under the Borough Hall Park in the Borough of Brooklyn.

The object of the aforesaid application is to obtain the appointment of Commissioners, who shall determine, after public hearing of all parties interested, whether such railroad ought to be constructed and operated, and shall report the evidence taken to said Appellate Division, together with a report of their determination whether such road ought to be constructed and operated, which report, if in favor of the construction and operation of such road, as this Board will ask that it may be, shall, when confirmed by said Court, be taken in lieu of the consent of the property owners along the line of the said routes.
