25 Mohawk	91		

MONDAY, Feb. 17—P.M.

The upward tendency of the Stock market noticed last week, continued this morning with increased force. The advices from Europe and California were considered very favorable by the street, and the buyers came in with avidity, and by their purchases pulling the market up from 1 to 3¼ ₱ cent. The demand was very active for nearly all the Fancies, but the largest transactions were in Harlem, of which nearly 7,000 shares were sold, opening at 69 and closing at 70¾, showing 3 ₱ cent advance from Saturday. Farmers' was also active, closing at 67¾, showing 1¼ ₱ cent. advance. For Reading there was a fair inquiry, and the market closed at 64, 1 ₱ cent, advance. Morris sold at 20¾. The injunction incubus keeps this Stock down. There was a further improvement in Mohawk of 2 ₱ cent, selling at Second Board at 91. The inquiry was active. A small sale of Rochester and Syracuse was made at 113¼. A very important movement is now going on in relation to the line of Roads from Albany to Buffalo, and one which, if carried out successfully, must materially increase the value of all the Stocks in the line, but especially Mohawk. A Committee was appointed of Delegates from all the Roads, at the last meeting, to consult upon a plan for the consolidation of all the Roads in the line into one great Company, and it is believed that a satisfactory arrangement will eventually be made. The economies and other advantages of such a plan must be immense, and in the competition for traffic which is growing up by the completion of new lines of communication between the East and the West, the policy of having the entire Central Line of Roads made only one great controlling Board of Managers, must be apparent to all. Delaware and Hudson improved ¼ per cent: Portsmouth, and Edgeworth were better, the former advancing to 15¼ and the latter to 11. A rise of 1 per cent in these cheap stocks is a much larger profit than the same amount on the higher priced stocks. The same money which will buy one hundred shares of Erie will buy nearly six hundred shares of Portmouth or eight hundred shares of Edgeworth, upon which one per cent. rise, gives six and eight times as much gain. For this reason they are favorite stock with operators of small means, but who like large profits. Norwich was very buoyant and improved 1¼ ₱ cent., closing at 66¾. The causeless decline in Madison and Indianapolis on Saturday to 96, brought in large buyers, and 400 or 500 shares were taken up at 99, a re-action of 3 ₱ cent., at which more was wanted. The immense receipts of this road as compared with last year, are attracting the attention of capitalists. Erie improved to 84¾, an advance of 3¼ ₱ cent. A report of the Company will be made during the week, which, it is rumored, will exhibit the affairs of the Road in a very promising condition, and show from reliable data, that the income for the year, after the completion, will pay all expenses, repairs, interest, six per cent dividend on stock, and leave $240,000 for the surplus fund. Income Bonds went to 95¼. These bonds are to be convertible into the new issue within two years, and the new issue is convertable into stock. There was an active demand for Long Island, with sales of 2,500 shares, and an advance of ¼ ₱ cent., closing at 25¼ bid. For Governments there was a moderate demand and the market was firm.

The demand for Exchange is light, and the supply good. Sterling is 9¼@10 for good City signatures with some bills with Bills Lading attached, as low as 8¼. Francs, 5.12¼; Amsterdam, 41¼@42; Bremen, 79¼@79¾; Hamburg, 36¼@37.

Freights are firm but not very active. To Liverpool we notice engagements at 5 32d @ 11-64d for Cotton; 9d for 2,000 or 3,000 bbls Flour; 3d for 4,500 bushels Corn; 12s 6d@15s for Bacon and other heavy goods, and to London 25s for Bacon. A ship was taken up for St. Petersburg at 35s for Rice, and ⅞c. for Cotton. To California there is not much doing.

By an advertisement in another column, it will be seen that Messrs. Haggerty, Draper & Jones will offer for sale on the 19th inst. $50,000 of the 7 per cent. Mortgage Bonds of the Mad River and Lake Erie Railroad Company. We some time since gave a full statement of the security upon which these Bonds rest.

The receipts at the Sub-Treasury are $145,648, the entries by the Africa increasing the Duties. The payments were $2,174,370, including the transfer draft of $2,000,000, which is being paid out here on Mint Certificates. The actual amount paid out for this purpose is $1,686,833 leaving in vault $2,550,306. The Certificates to be paid have been increased to No. 600.

We have a telegraph dispatch from Springfield, Ill. stating that the Legislature had passed the General Banking Law over the Governor's veto. This law is very similar to the law of this State, but admits a greater variety of stocks, including those of Illinois. The law must now be submitted to the people. The Constitution of Illinois contains the following sections:

SEC. 4. The stockholders in every corporation or joint stock association for banking purposes, issuing bank notes, or any kind of paper credits, to circulate as money, shall be individually responsible to the amount of their respective shares of stock in any such corporation or association for all its debts and liabilities of every kind.

SEC. 5. No act of the General Assembly, authorizing corporations or associations, with banking powers, shall go into effect, or in any manner be in force, unless the same shall be submitted to the people at the general election next succeeding the passage of the same, and be approved by a majority of all the votes cast at such election for and against such law.

Another important event in the history of the present Legislature of Illinois is the passage of the Central Railroad bill, a measure by which she will be enabled to reap the advantage of the munificent donation of land made at the last session of Congress. This road will run from Cairo at the Southern extremity of the State through the center of the State Northerly, with branches to Galena and Chicago. It will develop the resources of one of the richest portions of the country at present almost valueless for the want of facilities of transportation and travel. The project of this Road is not a new one and a charter was some time since obtained for the Great Western Railway. This charter was however considered inadequate, and when the attention of a few of our leading capitalists was attracted to the subject of carrying out the intentions of Congress in a manner which, while ultimately profitable to themselves, would also protect the interests of Illinois to the fullest extent, they decided to apply for a new Charter. We have not a copy of the Charter as passed, but the plan of Mr. Robert Schuyler, upon which it was based, was mainly as follows: Considering that the sale of the lands before the building of the Road could only be effected at low prices, Mr. Schuyler proposes to issue "Construction Bonds," secured by a Mortgage or Trust Conveyance, including the Roadway, iron, superstructure stations, lots and grounds, &c. &c. and about three quarters of the donated lands, but not to include such lands as are contiguous to the line of Road. The capital of the Company to be one million of dollars. It is not proposed that the Capital Stock should be appropriated to the construction or equipment of the Road, but only as additional security for the payment of the interest on the Construction Bonds. The instalments, therefore, are to be invested, and whenever drawn upon for interest payments, new instalments to be called to make up the deficiency. The Construction Bonds to be issued in sums of $500 and $1,000, bearing, not exceeding seven per ct. interest, payable in New-York, and the principle payable in 1875. The amount of these Bonds to be sufficient to meet the entire cost of the enterprise, including the payments for interest during the construction of the Road, and $250,000 for the floating Capital of the Superintendents' Department. These Bonds will thus be secured by the actual appropriation of the funds received for them, with the additional security of one million eight hundred and seventy-five thousand acres of land located within one mile or less of an economical and prompt avenue for the conveyance of their produce to market. The prompt payment of the interest warrants is secured first by the profits, if any, of working the road, secondly from the proceeds of the sales of 625,000 acres of land, immediately contiguous to the road and not included in the Mortgage, and thirdly, from the instalments on the Capital Stock. The present plan only includes one line of rails, with ample turnouts, but a second line will be needed at a future day. In case of the sale of any of the donated lands, the Trustees should be empowered to release from the mortgage any land so sold upon receiving from the Company a Construction Bond of such denomination as shall be nearest in amount to the price of the land sold, such Bond to be cancelled. In case of the success of the project, it is supposed this Bond will all be cancelled before the lands are all sold, when the surplus will revert to the stockholders.—The 625,000 acres of land on the line of the road, reserved from the mortgage, are appropriated as follows: 250,000 acres to supply any possible deficiency in the means for paying interest warrants. The remainder to be held by the Company to meet demands upon it arising from increased business, &c. The transportation receipts are to be devoted, first to the payment of all charges for working the road and to cover not less than ten per cent depreciation; secondly, to the payment of a transit duty to the State on the gross sum received for earnings; thirdly, to the payment of interest warrants, and fourthly, to the payment of dividends on the Stock. Such is a brief abstract of the plan which has been adopted for securing the completion of this great enterprise. Comments upon it must be reserved for a future occasion.

The Books of the Bank of the Metropolis will be opened to receive subscriptions of Stock, this day, at the office of Ward & Co., 54 Wall st., as announced in the advertisement, to-day.

We annex a statement of the Exports from this port from the 1st to the 15th February:

Markets....CAREFULLY REPORTED FOR THE TRIBUNE.

MONDAY, February 17.

ASHES—The market is easier for Pots, with rather more doing. Pearls are quietand steady at 5 6¼; the sales are 200 bbls at 5 5/16@5 5¼ for Pots.

COTTON—is tending strongly downward. The market has not fully opened since the mail has been received, but enough has been done to show the tendency; 1,200 bales have been sold at ¼@⅛c decline. Middling is selling at 12c to-day, which brought 12½c on Saturday. The Southern markets are also lower. At Mobile, last Friday, middling qualities sold at 10½c, the lowest point for a long period—while Freight ruled ⅛d, and Exchange on Liverpool and London 7½ ₱ cent. premium, and on New-York 2½ ₱ cent. discount. At New-Orleans, on that day, middling sold at 11c.

FLOUR AND MEAL—Our market for Western State Flour is better, with more doing. There is a fair demand for export but at prices below the views of holders. The Eastern demand is moderate, but there is more doing for the local trade, especially in New-Orleans, at $4 75@4 87½ for mixed to good brands. Canadian is quiet at $4 75@4 81, in bond. The sales of Domestic reached 4,000 bbls at 4 25@4 44 for No 2 superfine; 4 62½@4 68¾ for common to strait State; 4 68¾@4 94 for Michigan and Indiana, and 4 87½@5 for pure Genesee. Southern is steady, with a moderate demand for the trade. Sales of 400 bbls at 4 87@5 for mixed to strait brands, and 5 25@5 62½ for fancy brands. Rye Flour is quiet and steady; sales of 100 bbls at 3 87½. Corn Meal is very quiet; small sales of Jersey at 3 12½; sales of 20 bbls Brandywine in lots at 3 25.

GRAIN—There is nothing doing in Wheat; the demand is moderate for milling, but at prices below the views of holders. There is more Southern offering, and prices are nominal. Canadian is held at 1 52; 10, in bond. Rye is without change or sales to report; it is held at 75@76c. Barley is scarce; sales of 250 bushels good two rowed at former prices. Corn is without impor ant change, with a limited demand for the Eastern and for export: sales of 12,000 bushels at 66c for Jersey, Southern and Long Island yellow, and 67 for Long Island white. Oats are steady but not active at 47@49 for Jersey, and 49@51 for Northern.

PROVISIONS—Our market for new Pork is dull and heavy; old is a shade firmer, but is not active; the trade buy sparingly; about 500 bbls sold at 12 37½@12 50 for old Mess, and 9 37½ for do Prime; new Mess at 13 25, and do Prime at $11, and new Prime Mess at $13. Beefs firmer, with a fair demand; sales of 200 bbls at $5@$6 for Prime, and 8 50@10 75 for Mess. Pickled Meats are more plenty, and are held firmly, but are quiet; sales of 120 tierces Pickled Hams at 9¼@9¾. Lard is more plenty, and is easier; sales of 400 bbls at 8¾@9 for good to prime old and new. Butter is steady and salable. Cheese is dull at 6@7c.

WHISKY—There is more offering, and prices are a shade easier; sales of 300 bbls Prison at 25@25½c. Drudge is held at 24c, firm.

GROCERIES—Sugars are steady, with a good demand for New-Orleans. The weather has been favorable for landing, and 400@500 hhds New-Orleans sold at 5¼@6¼c. Coffee is quiet and heavy. Molasses is rather firmer for New-Orleans, and 300 bbls sold at full prices; holders generally ask 31c.

RICE—Is steady; 200 tierces sold at 3 06@3 37½.

LEAD—Is firmer; Missouri is still out of the market, and 100 tons Spanish and English sold at $5.

TALLOW—The market is buoyant, with a fair demand; sales of 20,000 ℔ prime at 7½c. cash.

SEEDS—There is rather more doing in Clover, and the market is steady; sales of 50 bbls and tierces new Pennsylvania and Jersey at 63c. Flaxseed is in moderate demand; sales of 200 tierces Clean for export on private terms.

MARRIED

On Sunday afternoon, Feb. 16, at the Catholic Church in Jay-st Brooklyn, Mr. JAMES KELTY to Miss MARY CLINE, both of Brooklyn.

At Baltimore, on Thursday, Feb. 13, by Rev. Mr. Elder, ALONZO V. JONES of New York, and ELIZA, second daughter of the late Professor Duralel, of the former place.

On Wednesday evening, Feb. 12, at Johnstown, Fulton Co., N. Y., by Rev. Mr. Otterson, Mr. CHARLES D. CRICHTON, of Ogdensburg, to Miss CAROLINE M., daughter of Ely Pierson, Esq., of the above place.

At Christ's Church, Hartford, Conn., Feb. 13, by N. S. Wheaton, D.D. GEORGE TAYLOR, Esq., of New-York, to Miss ELEANOR, daughter of Wm. H. Imlay, Esq., of Hartford.

DIED.

On Monday morning, Feb. 17, CHARLES H. PITCHER, son of Stacey B. Pitcher, aged 21 years and 6 months.

The friends and acquaintances of the family are respectfully invited to attend his funeral on Tuesday, 18th inst., at 2 o'clock, P.M., from his late residence, 117 Crosby-st., without further notice.

On Sunday evening, Feb. 16, ALICE FRANKLAND, infant daughter of J. Stark Houghton.

Her funeral will take place from 86 East Twenty-first st. on Tuesday, 18th inst., at 1 o'clock, P.M.

At Jackson Creek, Calaveras Co. California, Nov. 19, 1850, of diarrhea, JOSEPH WEED, step-son of Benjamin Peck, Jr., aged 20 years, 1 month and 21 days, of Greenwich, Conn.

In this City, Feb. 7, of erysipelas, JOSEPH FARRAR, Esq., of Wolfeborough, N.H., aged 76 years.

In Brooklyn, Feb. 16, at the residence of Wm. A. Hall, WILLIAM F., son of the late Wm. F. Allen, of Cleveland, O., aged 8 yrs, 6 mos.

☞ Cleveland papers please copy.

In San Francisco, Dec. 26, STEPHEN B. DOGGETT, son of John Doggett, Esq., of Dedham, Mass.

On Sunday, Feb. 16, Mrs. LAURA CONSTANTIA, wife of J. Stark Houghton, aged 25 years.

The relatives and friends of the family are respectfully requested to attend her funeral at the residence of her father-in-law, Edward Houghton, at No. 86 East Twenty-first st., on Tuesday, the 18th inst., at 1 o'clock, P. M. Her remains will be taken to Trinity Cemetery. 17f 2t
