The Conquest of Panama

In 1671 "The world's corsair chief" took 21 days to capture Panama and amass a fabulous treasure at the risk of his life.

In 1910 it takes you just 21 days to gather a wonderful wealth of interesting recollections by visiting the scenes of his exploit on one of our splendid 5,000 ton steamships. The modern conquest of Panama would have made even Morgan's eyes bulge with wonder.

14 days of bracing sea air, with 7 days ashore at the Panama Canal, Santa Marta and Jamaica. To Jamaica only, and back, $85. Both these rates allow indefinite stop-over at Jamaica.

LONDON — PARIS — HAMBURG

S. S. DEUTSCHLAND is one of the swiftest twin screw steamships crossing the Atlantic, her record for a voyage from New York to Plymouth being 5 days, 7 hours and 58 minutes. Short passages are therefore assured to her passengers, and, what is of equal importance—they will not be obliged to forego any single item of comfort or luxury. The Deutschland's saloons are beautifully furnished, her promenade decks are ample and her staterooms are cosey, attractive and restful. The à la carte dining room service at all meals is another feature that will appeal strongly to the discriminating traveller. Sailings of the Deutschland from New York are scheduled for MAY 28 and JULY 2, for both of which excellent accommodations are still available.
