VERY MANY GENTLEMEN are afflicted with a tenderness of the skin in shaving, and to such GOURAUD'S ITALIAN MEDICATED SOAP must prove invaluable, as it makes a rich lather, even with hard or salt water, allays all cuticular irritation, removes every pimple and every roughness, and renders the skin soft and smooth. It is, moreover, the very best shaving compound ever used. To ladies, Gouraud's Soap is recommended as possessing an almost magical power in the creation and conservation of a transparently fair skin; under its influence the host of cutaneous disfigurements known as Salt Rheum, Scrofula, Ringworm, Eruptions, Spots, Blotches, Sunburn, Freckles, Tan, Sallowness, Redness, Roughness, &c., disappear, and reveal the natural beauty of the complexion, which they have served to hide. GOURAUD'S POUDRES SUBTILES, designed for the total extirpation of superfluous human hair from any part of the body, are sui generis; no lady need, henceforth, endure the mortification of wearing a moustache—an appendage more properly belonging to a husband, brother or lover. GOURAUD'S LIQUID HAIR DYE is positively, and without reservation, warranted to color red, light or gray hair a beautiful brown or black the instant it is applied, without staining the skin. GOURAUD'S HAIR RESTORATIVE, or CIRCASSIAN GLOSS, not only restores Hair, but makes harsh and very hair rich, silky and glossy, cures dandruff, itching, and diseases of the scalp, and is the safest, most efficacious preparation for usage on children's heads. GOURAUD'S LIQUID ROUGE and LILY WHITE are equally prized by the ladies. Bear in mind that Dr. FELIX GOURAUD'S celebrated Toilet preparations can only be obtained genuine at his Depôt, 67 Walker-st., first store from Broadway.

DR. SWAYNE'S Compound SYRUP of WILD CHERRY.—Since this, the most invaluable discovery of Dr. SWAYNE, thousands have been by it restored to health and the enjoyment of life, who were suffering from the ravages of the most excruciating diseases.

From John Milton Earle, Proprietor of the Massachusetts Spy, Worcester, Mass. The following is another link in the great chain of testimony to its merits:

"We have used Dr. Swayne's Compound Syrup of Wild Cherry in our family, and find it one of the most soothing and agreeable medicines for coughs, inflammation of the throat, lungs, &c., that we have ever tried, and have no hesitation in recommending a trial of it to those who have occasion for such medicine. We do this of our own free will, without the knowledge of Dr. Swayne or any of his agents, or any suggestion from them."

Dr. J. H. Ellison, Frankfort, Ky., states:

"I have been engaged in active practice 12 years, am a regular graduate of Transylvania. I now prescribe your preparation of Prunus Virginia or Wild Cherry, in preference to all other remedies. I record it as an invaluable remedy in the treatment of Pneumonia or Disease of the Lungs." HOME CURE.

Ezekiel Thomas, Cherry-st., three doors west of Schuylkill Second, was afflicted with a violent cough, pains in the side and breast, soreness of the lungs, shortness of breath, loss of appetite, night sweats, &c., indeed, his whole system seemed prostrated, but by the use of Dr. Swayne's Compound Syrup of Wild Cherry was restored to perfect health.

Look well to the marks of the genuine.

Remember the original and only genuine preparation of Wild Cherry is put up in square bottles, covered with a beautiful wrapper, (steel engraving,) with a portrait of Dr. Swayne thereon; also, his signature. All others are positively fictitious and counterfeit.

Laboratory removed to 4 North Seventh-st., second door above Market, where are prepared all of Dr. Swayne's other Family Medicines, Pounces, Vermifuge, Sugar Coated Sarsaparilla and Tar Pills, &c. &c.

From the New-York Tribune.

SYRUP of NAPTHA.—We feel it a duty to call public attention to Dr. HASTINGS'S COMPOUND SYRUP OF NAPTHA. This is no quack nostrum, but the preparation of one of the most eminent and devoted of the medical faculty; and if only the twentieth part of the stories afloat be true, it is certainly an invaluable discovery. Testimonials of the very highest order certify to its positive cure of that heretofore incurable disease Tubercular Consumption; and its efficacy in Asthma, Spitting of Blood, Night Sweats, Wasting of the Flesh, and all diseases of the Throat, Chest, and Lungs, are pronounced by general consent to be equally remarkable. Regular Physicians invariably treat advertised popular nostrums with silent and profound contempt; but in the case of HASTINGS'S COMPOUND SYRUP of NAPTHA it is very far otherwise; for it has set the majority of them to the making of experiments, and the discussion of its merits; and the result is, that there are but few or none of them who do not recommend it, and use it in their private practice.—Among its warmest advocates are the distinguished Dr. Mott and Dr. Cheesman, who regard it as one of the first discoveries of the age. For our own part, we tried HASTINGS'S SYRUP in a very severe cold, which had produced stoppage of the chest, and great difficulty of breathing; and it cured us so quickly and effectively, as to fill us with admiration and amazement. Its action on the phlegm was immediate and incessant, until there was no superfluity left. In fact, it enabled us to breathe as freely as ever in three minutes, and entirely removed the stoppage of the chest in as many hours. We earnestly recommend all whom it may concern to read the advertisement; and should our advocacy of its merits be an inducement to them to obtain any of the NAPTHA SYRUP, we hold ourselves responsible for its good effects, and that they will be thankful to us for calling it to their notice.
