DO-IT-ALL TRACTOR

"DO-IT-ALL" TRACTORS: the agricultural sensation of 1920. Tier now on the level, with one half wheel in the furrow the tractor is not tipped over. The furrow easily guides the tractor so as to make plowing easy. They also pull from a 3-inch to 16-inch plow in sod or stubble. They cultivate and crop that growing orchard, plowing, haul loads, give you 6 H. P. for belt work. Weight approximately 1,000 pounds. Many other valuable features. Free if you ask for Catalogue "S."

JURY EXPECTED TO EXONERATE SMITH

Report From Almirall Investigators Is Looked for Early This Week.

The Extraordinary Grand Jury which adjourned April 2 after hearing Inspector Dominick Henry and others testify regarding charges they had made against James E. Smith, Assistant District Attorney, is likely to have a presentment ready for Justice Weeks in the criminal branch of the Supreme Court on Tuesday or Wednesday of this week. Men of the District Attorney's office believe Smith will be exonerated.

Meanwhile Smith expects to ask the holdover March Grand Jury to reassemble so that he may present new evidence affecting members of the Police Department. It is believed he intends to ask for the indictment of at least one man on a charge more serious than that of neglect of duty. He feels that with the indictment of five members of the department—Inspector Henry, Deputy Commissioner Porter and plain clothes men Gunson, Maloney and Franklin—he has made good progress in his drive, but says that it has just begun.

The Rev. Dr. John Roach Straton, pastor of Calvary Baptist Church, will return to the attack to-night with a sermon on "The Responsibility for the Present Deplorable Vice Conditions in New York City." It has been intimated that he may have something to say about politics.

Dr. Straton made public yesterday his reply to a letter from David Hirshfield, Commissioner of Accounts. The clergyman declines to testify before Hirshfield, as requested. He says he feels it would be a pity to disturb such a sublime innocence by presenting the raw and shocking facts in the case." He also feels that the investigation proposed by Hirschfield could not fail to be embarrassing both to the Commissioner and to the city administration, whichever way it went.

Daily Calendar

THE WEATHER.

For Eastern New York—Fair to-day; to-morrow cloudy; probably rain; gentle variable winds.

For New Jersey—Fair and somewhat warmer to-day; to-morrow cloudy; probably showers; gentle variable winds.

For Northern New England—Fair to-day; to-morrow cloudy, probably rain; gentle variable winds.

For Southern New England—Fair to-day; to-morrow cloudy; probably rain; gentle variable winds.

For Western New York—Partly cloudy and warmer to-day; probably followed by showers to-night and to-morrow; increasing east and southeast winds.

HUNGER STRIKE MAY KILL 2 SINN FEINERS

104 Prisoners All So Weak Relatives Are Sent For.

By the Associated Press.

DUBLIN, April 10.—The 104 Sinn Fein prisoners who for six days hav been on a hunger strike in Mountjoy Prison, are so weak that their relatives have been sent for. Both the prisoners and the Government seem determined not to yield, and it is feared that some deaths may occur. Among the serious cases are Alderman McCabe, Sinn Fein member for Sligo, and Councillor Carolan, Sinn Fein member of the Belfast Corporation.

The handcuffs have been removed from the hunger strikers and some of the prisoners have ben sent to the hospital, but they still refuse to take food so long as they are in custody.

"TIZ" GLADDENS SORE, TIRED FEET

No Puffed-up, Burning Tender Aching Feet—No Corns or Callouses.

"Tiz" makes sore, burning, tired feet fairly dance with delight. Away go the aches and pains, the corns, callouses, blisters, bunions and chilblains.

"Tiz" draws out the acids and poisons that puff up your feet. No matter how hard you work, how long you dance, how far you walk, or how long you remain on your feet, "Tiz" brings restful foot comfort. "Tiz" is magical, grand, wonderful for tired, aching, swollen, smarting feet. Ah! how comfortable, how happy you feel. Your feet just tingle for joy; shoes never hurt or seem tight.

Get a box of "Tiz" now from any druggist or department store. End foot torture forever—wear smaller shoes, keep your feet fresh, sweet and happy.—Just think! a whole year's foot comfort for a few cents.—*Adv.*

You are welcome
To a 10-Day Tube of Pepsodent. Send the coupon for it. What it does for your teeth it will do for others in your home.

For Children's Sake

Test this new teeth-cleaning method

All statements approved by high dental authorities

Children's teeth are most important. Their whole lives will be affected by bad teeth. And rarely a child, under old methods, has escaped tooth troubles.

Glistening teeth appeal to adults, but with children the great question is proper tooth protection. Judge what this method means to children by what it does for you.

The enemy is film

Dental science has discovered that the teeth's great enemy is a viscous film. You can feel it with your tongue.

Film clings to teeth, enters crevices and stays. Then it discolors—sometimes tartar forms. And that film causes most tooth troubles.

It is that film-coat which discolors—not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Also many other troubles are now traced to them.

Brush is inadequate

The ordinary tooth paste does not dissolve film. A soapy tooth paste even makes it more viscous. So the tooth brush has failed to end film. Millions know that well-brushed teeth discolor and decay.

Tooth troubles have been constantly increasing. So dental science has for years sought a way to combat film.

Now that way is found. Able authorities have proved its efficiency by careful clinical tests. Dentists have watched its results for years. And now leading dentists all over America are urging its daily use.

A new-day tooth paste has been developed, called Pepsodent. It meets every modern requirement. And this new film combatant is now embodied in it.

Applies a digestant

Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to day by day combat it.

This method long seemed impossible. Pepsin must be activated, and the usual agent is an acid harmful to the teeth. But a harmless activating method has been found, and now active pepsin can be twice-a-day applied.

Two other new requirements are met in Pepsodent, but its chief importance lies in action on this film.

Watch teeth whiten

The results of Pepsodent are evident and quick. Your mirror will soon show them. Then you will realize that those whiter teeth mean cleaner, safer teeth.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coat disappears. It will be a revelation.

Compare your teeth now with your teeth in ten days. Then judge the method which is best for you and yours.

Millions now talk Pepsodent

Millions of people are now using Pepsodent. You see them everywhere, and you can know them by their glistening teeth. These users, plus thousands of dentists, are fast bringing this new method into general use. Make your own test now. It is highly important. Cut out the coupon so you won't forget.

Pepsodent PAT OFF REG. U.S.
The New-Day Dentifrice

A scientific film combatant, combined with two other newly-recognized essentials. Now advised by leading dentists everywhere. Supplied by all druggists in large tubes.
