PHILADELPHIA.

The Philadelphia and Liverpool Line of Steamers—Markets—Stocks, &c.

Correspondence of The N. Y. Tribune.

PHILADELPHIA, Tuesday, Sept. 2, 1851.

The Spring Garden and Penn District authorities have taken the initiatory steps in favor of the establishing, for the use of the citizens of those districts, a splendid Park. They deserve credit for the movement.

The new steamship "City of Pittsburg," the third vessel of the Philadelphia and Liverpool line of steamers, will succeed the "City of Glasgow," and will sail from this port for Liverpool on the 25th of this month. She may be expected, in the course of a week or two, from your city, where the finishing touches are being put upon her. She will be commanded by Capt. W. C. Stotesbury, an experienced and popular Philadelphia captain, who has been superintending the building of the steamer in New-York. The three steamers, "City of Glasgow," "City of Manchester," and "City of Pittsburg," will thus all be in service in a few weeks, affording us a regular semi-monthly steam communication with Liverpool.

The subscription books of the Philadelphia and New-Orleans steam-packet line have been opened in this city. Philadelphia business men seem to have taken an impetus in point of energy. Take care, or she will become a most formidable commercial rival to you.

Lovely weather.

Much excitement existed in the city to-day upon the reception of some New-Orleans Cuban telegraphic news, which was at first interpreted favorably for Lopez, but afterward just the reverse. Very little now serves to collect a crowd, when Cuban news is on the *tapis*.

The weather to-day has been unfavorable for out-of-door business, and there is but little doing. BARK is dull. A small sale of No. 1 at $25 ⅌ ton. COTTON is held firmly, and there is more inquiry. The FLOUR market is exceedingly dull and inactive. Holders ask $3 75 ⅌ bbl. for sound old stock and fresh ground, but there is no export demand, and no sales have been reported. Small sales for the supply of the city dealers and bakers at $3 75@$4 for common and select brands; $4 12½@$4 50 for extra, and fancy lots at higher rates. In RYE FLOUR and CORN MEAL there is nothing doing. The receipts of WHEAT continue small, and prices are fully maintained. Sales of good and prime new and old Red at 82@83c., and White at 85@90c. ⅌ bush. RYE is worth 60@62c. CORN is exceedingly scarce, and has further advanced a cent a bushel. Sales of 1,500 bushels Southern and Pennsylvania Yellow, part at 63c., afloat, and part at a price to be fixed. OATS are in demand, and taken on arrival at 34@35c. ⅌ bushel. WHISKY is scarce and held at 22c. a bbl. Sales of hhds. at 21½c.

SALES OF STOCKS—*First Board*—$2,000 St. Louis 6s, 91; $750 Lehigh 6s, 79; $1,000 City 6s, 102½; $1,000 Pittsburg 6s, coupon, 93½; $7,000 U. S. 6s, '67, 115; $9,000 Nav. 6s, int. on, 37½; $3,000 do, 37½; $2,300 Lehigh int., 34½; 100 Union, 11; 115 do., 11; 75 Union, Tenn., 70; 34 Penna. R.R., 42½; 5 Navigation, 11; 4 N. A. Bank, 136½; 150 Reading, 28; 50 N. A. Ins., 55, 14½; 300 Reading b5, 28; 200 do., 27½; 100 Girard, 12½.

Second Board—20 Mech. Bk., 23½; $1,000 City R.R. 6s, 86, 102½; 6 Bk. of Penna., 110; 35 Penn. R.R., 42; 50 Girard Bk., 12½; $1,000 Sch. Nav. 6s, '68, int. on, 37½; 100 Morris Canal, 14½.

A HUSBAND SHOOTING AT HIS WIFE.—Last evening great excitement was created in Bank-st. by an attempt of Daniel McClennand to shoot his wife.

It appears that, being an intemperate man, he had ill-treated his wife, and some six weeks since was convicted of an assault and battery upon her, fined and imprisoned. He paid the fine and was discharged, but finding another process against him on account of threats to kill his wife, he left the city. Day before yesterday he returned and was arrested on this process, and at the intercession of his wife was suffered to go at liberty, he promising not to go near or molest her.

In the evening he entered the house armed with a double-barreled pistol, one barrel of which he discharged at his wife, the ball cutting though her dress, and slightly wounding her hip.

Mr. Whittemore and others rushed in and secured him, and Gallagher, who was immediately upon the spot, fired the other barrel of the pistol, which contained two bullets.

Justice Barr committed McClennand for examination under $5,000 bonds, a very proper amount, where the attempt to kill was so cool and deliberate.

[Cleveland Herald, Friday.

BOUNTY LAND CASES.—There were 8,452 bounty land cases reported upon in the Third Auditor's office during the month of August.

The Pension Office has issued in all since January last about 40,000 land warrants, under the Act of Sept., 1850.

We understand that numerous claims for arrearages of pay in the war of 1812 have arisen since the passage of the Bounty Land Act; and, although not one in fifty is allowable, still the labor of investigation is necessarily very heavy. [Nat. Intel.

MORE OF LAND TORTOISES.—*The Burlington* N. J. *Gazette* states, that a short time since, William Rogers, Esq., found on his farm near the village of Crosswicks, two Land Tortoises with the following inscription cut on their shell: O. B. 1809, and E. R. 1810, thus making it 41 and 42 years since so cut. How much older they are, deponent saith not.

The cellar of Mr. R. being much infested with snails, he placed these tortoises therein, and in a few days all those vermin disappeared.

NAVAL.—The U. S. brig Perry, Lieut. Com. A. H. Foote, from Port Praya bound to Madeira, was spoken on the 22d July in lat. 30, long. 31, all well. A letter-bag from her was brought to New-Orleans by the ship Warbler.

The U. S. ship Marion, Commander Glendy, arrived at Shanghae on the 15th May, and sailed again on the 19th for Amoy and Hong Kong.

MEXICAN BOUNDARY COMMISSION.—Letters as late as the 20th July have been received from El Paso, from members of the Boundary Commission. No event of importance had occurred, and the Commission had been prosecuting its duty quietly and diligently. Col. Graham had arrived at El Paso, and was to proceed thence, on the 21st July, to the post of Sta. Rita de Cobra, or Old Copper Mines, about 180 miles west of the Rio Grande towards the River Gila, where Col. Craig, commanding the military escort, had established a Post or Depôt. Some fifteen or sixteen of the persons who went out from this and other Atlantic cities, with the Commission, as assistants, laborers, &c., had resigned and were on their return home. [Nat. Intel.

THE GARDINER FRAUD.—The Washington correspondent of *The Courier* says: "Mr. George Slocum, our former Consul at Rio, has gone with the American Minister to Mexico, charged, as I learn, with the investigation of the Gardiner and all other awards made by the late Board of Commissioners, so that if fraud has been practiced upon the Board, it will soon be made manifest."

GEN. WOOL.—On Saturday last Gen. Wool visited and reviewed Camp Randall. In the afternoon the Regiment escorted him and the General Staff into the city of Buffalo, where he was addressed by Mayor Wadsworth, and made an appropriate reply.

DESTRUCTIVE FIRE.—The Rough and Ready flour mill, at Muscatine, Iowa, belonging to Mr. J. Bennett, was destroyed by fire on the 23d ult. Loss $45,000, insured in St. Louis to the amount of of $15,000. The fire caught from the boilers.

☞ Eighty persons were committed to prison in Jersey City during the month of August—seventy of these were rum cases. In August last year there were only nineteen committals.

☞ Sixteen persons, comprising four respectable colored families, are expected to leave Hartford, Ct., for Liberia, next week.

EFFECTS OF THE LATE GALE AT PROVIDENCE.—On Monday, the 25th ult., the schrs. Harriet, of Stonington, Smith, master; Superior, Conly, of Newport, and sloops Fame and Arent, of Newport, and a sloop belonging to Saybrook, Conn., were anchored on the east side of Block Island, with wind strong from N.E. About 1 o'clock the wind shifted to N.N.W., and blew a violent gale. When the gale commenced they all got under way, probably for the purpose of standing out to sea. The Harriet was dismasted and went ashore on the island, and soon after she struck her masts came out. She went to pieces soon after, and is a total loss. Crew and passengers saved in their boat. The Superior parted her lh. bulkheads and was driven ashore on the island, and in fifteen minutes went to pieces. The sloop Fame and the sloop Sally Ann went to sea. The former returned on Wednesday morning with loss of jib—and the latter on the same day without damage.

The Agent run for Greenport, and succeeded in making a harbor there.

SHIP STAR REPUBLIC, from New-York for Galveston, put into New-Orleans 30th ult., in distress, having lost foremast and other spars in a gale on 21st, lat. 26, lon. 75.

Schr. Fidelia, Taylor, from Philadelphia for Wilmington, N. C., before reported, was discovered to be on fire, shortly after crossing New Inlet Bar, on the 27th ult. She ran ashore and scuttled about sixteen miles below town. George Harris, Esq., Agent for the underwriters, went down with lighters to her assistance, to save as much of the cargo as possible, which, of course, will be in a damaged condition. The last accounts from the Fidelia say they had succeeded in extinguishing the fire, and were discharging cargo into the lighters.

Schr. Phœnix, of Boston, dragged ashore on North Island Beach, near Georgetown, S. C., in the late gale, and partly filled with water.

The telegraph reports the brig Antelope, from New-York for Marseilles, ashore on Cape Henry. It is undoubtedly the Sardinian brig Antiope, which left this port on the 21st August.

SCHR. THOMAS JEFFERSON, St. John, from Rondout for Providence, went ashore on the 28th ult., south of Fort Rock, in Hurlgate. It is said she struck some of the fixtures used in blowing up Pot Rock.

SCHR. SUSAN, of Barnstable, at Providence from Albany, reports morning of Aug. 28, at 1 o'clock, ween about 4 miles E. of Fulmer's Island, was run into by an unknown four and aft schr., bound up Sound; had mainsail badly torn, starboard davit carried away, and stern damaged to the amount of about $75. What injury the other schr. received is not known, as she kept on her course without even hailing the Susan.

SCHR. ORATOR, of Boston, went ashore at Holme's Hole, about half was between the village and Beach wharf during the late gale at that place. The Orator is without cargo, and may be got off with trifling expense.

BRIG A. DUNBAR, from Philadelphia for Boston, passed down Vineyard Sound 29th, with loss of both topmasts in a heavy blow.

SCHR. POTOMAC, (of Salem,) Smalley, while at Pearson's wharf, Bangor, evening of 28th, loaded with lumber, slipped and felt at low water, and damaged her so much it is with difficulty she can be kept free with both pumps. She is discharging to repair.

SCHR. GRECIAN, of Warren, Me., from Darien, Ga., for Thomaston, put into Holmes's Hole recently in distress, having lost by southern fever, all hands save the Captain, five in number, four of whom were buried at sea. One of the crew was a Mr. Jenney, of Fairhaven. The G. was spoken in the Gulf stream by a ship from New-York for New-Orleans, who kindly furnished her with two men, which enabled the captain to get his vessel into Holmes's Hole.

SCHR. FRANCES HALLET, Walden, at Providence from Rondout, reports on Friday morning last, passed a fore and aft schr. with no foretopmast, sunk about a mile NNE of of Stratford Shoal Light boat, with about 10 feet of her masts out of water.

SCHR. ROBERT MILLER, at Boston from Philadelphia, on the 26th ult., lat. 39 25, lon. 74 13, experienced a very heavy gale from ESE., and stove bulwarks, lost deck-load of coal, &c.

BRIG NANCY, at Charleston from Baltimore, experienced the late gale off Charleston Bar, and suffered considerably in sails.

SCHR. MARY ISABELLA, at Charleston from Baltimore, on the 27th ult., off Cape Look Out, experienced a heavy gale from SW to S, which caused the vessel to leak badly, sprung the mainmast, stove galley, and did other damage.

SCHR. BRILLIANT, at Charleston from Baltimore, took the late gale off Charleston Bar, which drove the vessel to leeward and caused her to leak.

SCHR. SUSSEX, at Charleston from Baltimore, on the night of the 24th ult., took the late gale off Charleston Bar, and was driven into the Gulf Stream, sprung a leak, stove bulwarks, and was compelled to throw overboard a large part of the cargo.

THE WRECK ON LONG ISLAND SOUND.—I passed, last evening, (Monday,) at 8 x o'clock, a wreck of a vessel of about 250 tons. She lay, at that time, from 3½ to 4 miles S. by W. from Falkland Island Light. She is full of water and sits upright; nothing standing but bowsprit. She is dangerous—lying in the steamboat's track. Her decks are to the water. She had been stripped. J. S. BROWN, Pilot.
