MEDICAL.

PROOF!!—PROOF!!!—HERE IS PROOF CONCLUSIVE that Dr. S. P. Townsend's Sarsaparilla is the original. The following is from some of the most respectable papers in this State:—

[From the Albany Evening Journal.]

DR. S. P. TOWNSEND'S SARSAPARILLA.

There probably never has has been so popular a remedy, or patent medicine, as Dr. S. P. Townsend's Sarsaparilla, which was originally, and continues to be, manufactured in this city at first by the Doctor himself, and afterwards for several years and to the present time, by Clapp & Townsend, the present proprietors. Since the partnership was formed, the Doctor has resided in New York, where he keeps a store, and attends to the business that accumulates at that point. The manufactory is in this city, and is conducted by the junior partner, Mr. Clapp—here all the medicine is manufactured.

Few of our citizens have any idea of the amount of this medicine that is manufactured and sold. Besides the sales in this country, it is shipped to the Canadas, West India Islands, South America, and even to Europe, in considerable quantities. At the manufactory they employ a steam engine, besides a large number of men, women and girls, in the preparation of the medicine, making boxes, printing, &c., and turn out, ready for shipment, over 400 dozen per day, or nearly 5,000 bottles. This is an enormous quantity.

The great sale the medicine has acquired, has induced a number of men to get up imitations, and there is at the present time other medicines for sale, that are called "Doctor Townsend's Sarsaparilla." One in particular started a short time ago in New York, and apparently with a view, by dint of advertising, and the usual remedies resorted to in such efforts, to appropriate the name of Dr. S. P. Townsend's great remedy, and thus gain all the advantages resulting from the popularity of the name which he has acquired for it, by years of patient and expensive advertising. Dr. S. P. Townsend, formerly of this city, as is well known here, is the inventor and original proprietor of the medicine known as "Dr. Townsend's Sarsaparilla," and we think those persons who are attempting to sell their article as the genuine, should be exposed.

MERCURIAL DISEASES.

There are thousands of cases which are supposed to be secondary syphilis, and are in fact only the terrible effects of using mercury to excess—making the unfortunate individual bankrupt in character and domestic happiness, as well as suffering from loathsome and mercurial sores. Dr. Townsend's Sarsaparilla will certainly cure the worst cases of ulceration, of whatever description, and speedily eradicates mercury from the system. Nor is it of less benefit in cases or

HEREDITARY TAINT.

Thousands are cursed with grievous and fatal complaints which they inherit from their progenitors. By using this Sarsaparilla, all this can be prevented, and an innumerable number of lives annually saved.

It thoroughly expels from the system the latent taint which is the seed of disease, and so takes off the curse by which the sins or misfortunes of parents are so often visited upon innocent and unoffending offspring.

FEVER SORE.

The following is a letter from Dr. Hovey, an old and respectable Physician in Greenfield, Mass. The letter can be seen at this office. Dr. Townsend's Sarsaparilla cures descriptions of Sores, Ulcers, &c.:—

The Sarsaparilla meets with a ready sale, and gives good satisfaction, as far as I have been able to learn. One gentleman in our village has been very much benefitted by its use, and voluntarily gave a certificate, which I enclose. I have already sold more than one-half of the quantity I received from you, and shall want more in a short time.

Yours, respectfully, DANIEL HOVEY.

GREENFIELD, Sept. 13, 1847.

DR. TOWNSEND—Sir: Having been afflicted for the last seven months with what my physician calls a "Fever Sore," of the most painful and aggravating nature, I take the utmost pleasure in informing you, I have experienced the greatest benefit from the use of your invaluable Sarsaparilla. I purchased one bottle of our justly respected Physician and Apothecary, D. Hovey, your agent, which I commenced using, and strange as it may appear to others, before I had tried the whole of it there was a perceptible change in the whole of the sore, which had baffled the skill of our most worthy doctors—for the truth of which I refer to your Agent. I would respectfully say to those who are laboring under pain and disease, arising from an unhealthy state of the blood, to secure for themselves a medicine of so much value as Dr. S. P. Townsend's Sarsaparilla. Would it be expedient, volumes might be filled of the goodly effects which this medicine has done, and is still doing throughout our land; but suffice it to say, let those who are afflicted with those diseases which this medicine is prepared for, cast aside all prejudice, and I have not the least doubt they will be disappointed in its most happy effects.

Respectfully, ELIJAH MITCHELL.

RHEUMATISM.

This Sarsaparilla is used with the most perfect success in Rheumatic complaints, however severe or chronic. The astonishing cures it has performed are indeed wonderful. Other remedies sometimes give temporary relief; this entirely eradicates it from the system, even when the limbs and bones are dreadfully swollen.

LUNATIC ASYLUM.

This is only one of more than four thousand cases of Rheumatism that Dr. Townsend's Sarsaparilla has cured. The most severe and chronic cases are weekly eradicated by its extraordinary virtues.

James Cummings, Esq., one of the assistants in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter:—

BLACKWELL'S ISLAND, Sept. 14, 1847.

DR. TOWNSEND: Dear Sir—I have suffered terribly for nine years, with the Rheumatism; considerable of the time I could not eat, sleep, or walk. I had the most distressing pains, and my limbs were terribly swollen. I have used four bottles of your Sarsaparilla, and they have done me more than one thousand dollars worth of good. I am so much better—indeed, I am entirely relieved. You are at liberty to use this, for the benefit of the afflicted. Yours, respectfully,

JAMES CUMMINGS.

ALMOST CRAZY.

Dr. S. P. Townsend's Sarsaparilla has, and is daily curing the most obstinate cases of disease, and especially in diseases of the blood. The following is a case reported this week:—

ERYSIPELAS.

SING SING, Sept. 17.

DR. TOWNSEND—Dear Sir: Your Sarsaparilla has cured me of the Erysipelas of the worst kind. It came out all over my body, and at times I was almost crazy. It was so bad I took the prescriptions of two of our best physicians, but they did me but little or no good, but your medicine has entirely cured me, for which I am very thankful. Every body that is troubled with this complaint should use it.

Yours, truly, JOHN DOWNING.

SICK HEADACHE.

Dr. S. P. Townsend's Sarsaparilla cleanses the stomach and promotes digestion. This is a certain remedy for this distressing complaint.

To DR. TOWNSEND—Dear Sir: I am constrained to acknowledge to you, in justice to yourself, the great benefit I have experienced in using your Sarsaparilla. I have been troubled with a sick headache, for a great portion of the last ten years of my life. I would be attacked so severely at times that, it would seem as though I should go crazy. The advice of a friend induced me to buy a bottle of the Compound Extract of Sarsaparilla. I was surprised at its effects upon me; I did though, I must confess, have little faith in it at first, I have now become completely cured by using it. This I would recommend to the use of all afflicted with the same complaint. You can dispose of this communication as you see fit. Your most ob't serv't, JOHN WILLIAMS.
