ALBERT H. NICOLAY, AUCTIONEER.—PEREMPTORY sale of an elegant Norman Gothic house, with six acres of land, tastefully laid out at Claremont, within three-quarters of a mile of the Hudson River Railroad depot at Ilsing Sing, N. Y.; north of the village, of easy access, avoiding the Dock bill. Albert H. Nicolay will sell at auction, on Wednesday, June 14, at 12 o'clock, at the Merchants' Exchange, N. Y., (unless previously disposed of at private sale,) a very handsome and spacious Norman Gothic house, 48 by 80 feet, filled in with brick flat-wise throughout, and finished in a superior style, with gainscottings, range, marble mantels, bells, and all the modern improvements. The floors are made of Georgia and white pine, deafened; the main staircase is black walnut, and the whole was built by days' work only a year since, without regard to cost, in the best manner, expressly for the owner's use. First floor contains drawing room, library, vestibule and hall, dining room, kitchen and bath room, two large bedrooms and wash room, verandah and carriage porch. Second floor, three bedrooms, smoking room, sewing room, two servants' bedrooms, linen and store rooms, entry closets. There is a fine large dry cellar with fire place, with water and coal slide. Also, a handsome Gothic barn, 30 by 50 feet, with carriage house and cow stable, large hayloft, &c., &c. Also, an excellent barn and poultry yard, supplied with water by a perpetual running brook. There are six acres of very rich land, with large gardens, well stocked with fine old apple trees, also a large number of pear, peach, plum, cherry, and quince trees, besides currants, gooseberries, grape and raspberry vines; the whole being surrounded by buckthorn and osage orange hedges; also a large number of horse-chestnut, magnolia, maple, linden, and other choice shade trees, besides a large flower garden, containing numerous shrubs, roses, honeysuckles, &c., &c. More land adjoining can be had. The house and barn are supplied throughout by living springs, in abundance, of their own natural force, and with but trifling expense could be constructed fountains, fish pond, dairy, &c., &c., and in this respect it has remarkable advantages. This property fronts 600 feet on the Albany post road, commanding a view of the Hudson river for forty miles, from Fort Washington to the Highlands, which is considered, without exception, one of the finest views in the world as the property, being elevated, overlooks all the surrounding country; and its romantic and picturesque scenery is unsurpassed, and by competent judges, who reside in the vicinity, it is considered a model country seat, being complete in every respect. The place is so convenient of access as could be desired by any gentleman doing business in New York, that wishes to make it his country residence, as the cars of the Hudson River Railroad stop twenty times a day, to and from, and the commutation is only $70 per annum; (two express trains, at 12 M. and 4 P. M.) and steamboats twice each way daily, so that facilities are as good as could be required. Terms—10 per cent on day of sale. $12,000 of the purchase money can remain on bond and mortgage for five years, at 7 per cent, if desired, and the balance in 30 days, when full warrantee deed will be delivered, or good endorsed paper will be received, payable in 6 months, at the expiration of which time the deed will be delivered. Title unquestionable, of which an abstract will be furnished the purchaser free of cost. For cards of admission to view the property, and full particulars, apply to ALBERT H. NICOLAY, Auct'r., No. 4 Broad st., N. Y.

The above lots are beautifully situated for immediate improvements, commanding an extensive view of Staten Island, New Jersey, Brighton, New Jersey, New York Hamilton, the Palisades, Jersey City, New York, the entire noble New York bay, &c., &c., in fact, its romantic and picturesque scenery surrounding is unsurpassed, and can only be appreciated by a personal examination. Most of the streets and avenues upon which these lots are located are opened, graded, paved, curb and gutter set, sidewalks graded and regulated, for which the assessments have been paid. The facilities of access are as convenient as could be desired, there being a number of excellent lines of stages that pass to and from these lots at all hours, and go to almost every part of Brooklyn; the mode of travel will also be considerably increased by the various city railroads that are now in rapid progress of completion, to run through the city of Brooklyn, at a very low rate of commutation, from the Fulton, Catharine, Hamilton, South and Wall street ferries, which will all concentrate near this property; and this, together with other valuable improvements that are in contemplation, very greatly increases the value of these lots. Good schools and churches of various denominations are in the immediate vicinity, the water, which is of the purest kind, is unsurpassed, and everything necessary can be obtained in the neighborhood. Thus an opportunity is offered which is seldom to be met with, and is worthy of the attention of all persons who are desirous of procuring an eligible building site, where health can be enjoyed by inhaling the pure sea breezes from the Atlantic ocean. Capitalists who are seeking for investments are also directed to this sale, as all real estate in the vicinity is rapidly increasing in value, and must continue to rise, in consequence of the numerous improvements that are in contemplation. The sale will be peremptory to the highest bidder, to close an interest, and every lot put up will positively be sold. The terms are exceedingly liberal, as seventy per cent can remain on bond and mortgage for three years, at seven per cent, or a discount of five per cent for cash.
