SALES AT AUCTION.

HENRY H. LEEDS & CO., AUCTIONEER.—HOUSEhold furniture sales—Henry H. Leeds & Co., will give their personal attention (as they have done for many years past) to the sales of household furniture, at the residences of families breaking up housekeeping or removing. They will also have regular sales at their auction rooms, 19 Nassau street, between Pine and Cedar, for the convenience of those who may desire this medium of sale.

ALBERT H. NICOLAY, AUCTIONEER.—PEREMPTORY sale of $240,000 first mortgage seven per cent real estate bonds of the Fort Wayne and Southern Railroad Company.
Albert H. Nicolay will sell, at public auction, on Thursday, March 22, 1855, at 12½ o'clock, at the Merchants' Exchange, without reserve, to the highest bidder, by order of Fort Wayne and Southern Railroad Company, 240 of their first mortgage seven per cent real estate bonds.
This railroad is two hundred and two and a half miles in length, commencing at Fort Wayne (Indiana) and extending south to Louisville, Ky., crossing the Ohio river by means of a tunnel, and in connection the Ohio and Mississippi Railroad forms a line between Louisville and Cincinnati, 26 miles shorter than the Ohio river. The company have issued bonds to the amount of $240,000 only, secured by a mortgage upon their real estate described in schedule No. 1, in hands of trustees. They are $1,000 each, bearing interest half yearly, and are made payable June 1, 1859, at the office of the Ohio Life Insurance and Trust Company, in New York. The lands of the first mortgage, as contained in schedule No. 1, were appraised by sworn appraisers at the amount of $300,000, and upon this mortgage but two hundred and forty bonds are or can be issued. The lands of this mortgage are situated in the counties of Clark, Scott, Jennings, Decatur, Delaware, Blackford and Wells, being along the road and within the bounds of the State, and the prices fixed upon them was in reference to their cash value at time of appraisal, and not what they would be worth when possessed of all railroad facilities. These bonds are at any time, at the option of the holder, exchangeable for the real estate mortgage, at such prices as may from time to time be fixed by the company, but in no case less than four-fifth of the appraised value. This railroad has, from its earliest commencement to the present date, been prosecuted steadily from the home means and credit of the company, and without the sale of a single bond; and it is the fixed determination of the company to move rapidly forward until the work is completed, and unlike most other railroad bonds, the security of these bonds are of the most undoubted character, independent of the successful prosecution or the profitable working of the road after its completion, as the real estate being entirely unencumbered is now the property of the company absolutely, and without the successful completion of the road, or any other condition whatever. For pamphlets and statements of full particulars of the condition of the company, apply to
ALBERT H. NICOLAY, No. 4 Broad street.
P. S.—The President of the Company, knowing the intrinsic value of these bonds, and not wishing the public to rely upon his statement solely, solicited the appointment by one of some person in whom I had the utmost confidence, to go and examine the mortgage record, lands, statistics, facts, and the condition of the road, which I did, and his report is more favorable in every particular than I could have expected from the statement and exhibit of the Company. I would, therefore, recommend these bonds to my friends, believing them to be entirely safe, and a most desirable security as a profitable and permanent investment, and worthy of attention, as the sale is made by order of the Company, and will be peremptory to the highest bidders.
ALBERT H. NICOLAY.
