OILS.

KEROSENE OIL.— NOT EXPLOSIVE SECURED BY PATENTS.

Important to heads of departments, trustees of hospitals, asylums, prisons, schools, colleges, churches, railroad companies, factories, ship owners, ship supply men, owners of country residences, proprietors of watering places, and hotel keepers.

The undersigned have the honor to announce, that the Kerosene Oil Company, by great laboriand expense, have succeeded in entirely removing the unpleasant odor from kerosene oil, without injury to its illuminating qualities. The advantages possessed by the kerosene oil are:—

1st. The intensity of the light produced.
2d. It is not explosive.
3d. It will remain fluid, when the best sperm oil has congealed.
4th. Its unrivalled economy—$4 10 worth kerosene oil giving as much light as $9 of rapeseed oil—$13 of whale—$26 47 of sperm oil—or $29 of burning fluid.

Insurance companies allow it to be used without additional premium.

The kerosene burner, with rise and fall wick, can be adapted at a slight expense, to the mechanical, sarcel, solar, astral, rosin oil, camphene, and Webb's patent lamps, or to any ornamental vase, candlestick and chandelier, enabling the consumer to use kerosene oil, at $1 per gallon, affording double the amount of light to be obtained from rapeseed oil, at $1 50, or from sperm oil, at $2 25.

Kerosene lubricating oil, equal in fluidity to the best sperm oil, possessing the great advantage of not congealing at a low temperature. This oil can also be burned in all the ordinary mechanical, solar and hand lamps, including bowspirit and signal lanterns, and gives more light than sperm, whale or lard oil. AGENTS Wanted for the Kerosene Oil Company, 50 Beaver street, New York.
