EMBANKMENT ACCIDENT.—Owen McGaugney, a laborer, was killed in Fulton-av., near a place called New-Brooklyn, on Thursday afternoon, by the caving in of an embankment.

CHARGE OF ASSAULT WITH A SLUNG SHOT.—A man, named Michael Cullen, was yesterday arrested, charged with having, at one o'clock on the morning of Sunday last, assaulted John Mahoney, residing at No. 37 Oak-st., with a slung shot. It is alleged that the accused attacked complainant in Oak-st., where he struck him two or three blows. Mahoney then fled, but was pursued by the accused, who struck him upon the head, fracturing his skull. Mahoney was taken to the New-York Hospital, where he remained until yesterday, when he went before Justice Bogart and preferred the complaint. The accused was locked up for trial.

AGGRAVATED ASSAULT.—Officer Mansfield, of the Seventeenth Ward, arrested, on Thursday evening, a young man named George Backer, charged by Miss Ann Smith, residing at No 42 Ridge-st., with violating her person. She alleges that about 9 o'clock on Thursday evening, while on her way home, as she was passing through Sixty first-st. near Avenue B, she was assaulted by the accused and three others, who forcibly dragged her into a vacant lot in the vicinity and then committed the outrage. Her cries for assistance brought the officer to the spot, who rescued her from the hands of the assailants and arrested the accused. He was taken before Justice Welsh and committed for examination.

ARREST OF PUGILISTS.—William Hastings, alias Dublin Tricks, and George Leise were yesterday arrested by Officers Webster and Lotter of the Fifth Ward, charged with fighting and disturbing the peace at 3 o'clock yesterday morning. They were taken before Justice Welsh, who held them to bail in $200 each for good behavior.

ARREST OF DIRT CARMEN.—Inspector Burlison, of the Chief's Office, yesterday arrested 10 dirt carmen, who are charged, some with driving without license, others for spilling dirt in the streets, and not having their cars properly constructed in regard to size. They were taken before Justice McGrath.

U.S. DISTRICT COURT—Before Judge Betts—*Sentences.*—Michael Dunn, a seaman, of the bark Rainbow, found guilty of riot and attempt at revolt, on board that vessel, as she lay at Havana, was sentenced to one year's imprisonment and to pay a fine of $25.

Robert Peterson, also a seaman of the Rainbow found guilty on the same indictment, and also on another indictment, for assaulting the master with a dangerous weapon, was sentenced to three years' imprisonment, and to pay a fine of $50.

COURT OF COMMON PLEAS.—*Special Term*—Before Judge Daly—*William Leavenworth*, agt. *Anthony B. Allen, et. al.*—This is an application by Antoine Longett to set aside an execution, and for an injunction restraining a judgment for $854 17, against A. B. Allen & Co., to be further pursued against him. He says that the said firm was composed of Anthony B. Allen, Richard B. Allen and himself; that the firm (which were manufacturers and dealers in agricultural implements) and himself, entered into an agreement in 1847, for three years, by which he was to have $800 a year, and the balance made up to him, if any, for the amount of one third profits of the business—$500 a year from the whole profits to be previously deducted for the support of the journal known as *The American Agriculturist*, as a claim for advertising, and other aid it might give to said business, but there was a clause by which he was in no way to be considered a partner or liable for the debts of the firm.

It is also set up that in 1848, the firm entered into an agreement with Mr. Leavenworth to manufacture for him, and sell, on shares, gold-washing machines—that Mr. Leavenworth, in 1851, commenced a suit against the firm, which was referred to Judge Ulshoeffer, and a judgment rendered in his favor for $854 17—that on the 10th July last, one of the Deputy Sheriffs called upon said Longett with directions to levy the amount of said judgment. He says that he has reason to believe the execution was issued by the suggestion of Messrs A., or one of them, for the purpose of obtaining money of him—that on his withdrawing from the firm, in 1850, a balance sheet was struck, in which the claim of Mr. Leavenworth was entered as one of the items, and that he received from Mr. L. a release as to all claims against the firm—that he has reason to believe, having been so informed by the Sheriff and by plaintiff, that the judgment was paid soon after it was obtained, and that Mr. R. L. A. claims to own it and to hold it against the said Longett—and he denies being indebted to them, &c.

Argument was presented, Messrs. Florence and McCarthy appearing for Mr. Longett and Mr. D. B. Eaton opposed. The Court made an order, setting aside the execution, and granting a perpetual injunction against the judgment being pursued against Mr. Longett, or his heirs and assigns, with $10 costs of motion, to be paid by Mr. A.

MARINE COURT—Before Judge Lynch.—*Alfred W. Parsons, assignee, &c*, against *Wm. H. Griffith and Levi Decker*.—It is said that Messrs. G. and D. possessed an interest in the bar and billiard room, No. 312 Broadway; that they let it to Mr. Skiff to May, and then to William D. Parsons, at $12 50 per week. The interest of Messrs. G. and D. in the establishment was subsequently sold to Mr. Tuft for $2,500. It is said that Messrs. G. and D. had requested Messrs. Skiff and W. D. Parsons to find a purchaser for them, at $2,400 cash, promising to pay a commission of $200 to the one who found said purchaser. The present is an action to recover said $200. Messrs. Skiff and W. D. P., each claiming to have made the sale, and each assigned to plaintiff. The defense is based on the ground of double claim, and also that if there was a contract to pay commissions it was for a sale for cash; while in the present sale a note for $2,200, at 12 months, was taken as a part of the purchase money—also that Messrs. Skiff and Parsons merely introduced Mr. Tuft to Messrs. G. and D., and they themselves made the agreement, and the present claim cannot be sustained—also that the commission is exorbitant—and G. and D. claim an offset of $32 for a month's rent, and $22 50 for fixture. Testimony was taken. Mr. Skiff introduced Mr. Tuft to Wm D. Parsons, and latter to Messrs. G. and D.

The Judge, in his decision, thought there was no doubt that Messrs. G. and D. agreed to pay the commissions and the commissions being so large was owing to their desire get the place off their hands. It was said there was bad faith on the part of Mr. Parsons, in representing to Mr. Tuft that he was not to receive any commission, and that the saloon produced $95 per week, when it did not. That cannot avail defendants; it was evident that he did it for their interest, and they cannot take advantage of a want of good faith between him and the purchaser, even if it occurred, to avoid the agreement. Judgment for plaintiff, allowing the set off, and giving, in balance, $155 50.

WILLIAMSBURGH ITEMS.

TEMPERANCE MEETING.—A meeting of the friends of Temperance was held on Thursday evening, in the North Fifth-st. M. E. Church. A large audience was in attendance. Addresses were delivered by Rev. T. K. Beecher., J. P. Hale, Esq., Mr. Wm. Harmer, and Alderman Driggs of the First Ward. The audience bestowed great attention to the speakers' remarks, and seemed to be united in aiding on the glorious cause. The Temperence men in this community have redoubled their efforts to banish from their new city the traffic in alcoholic drinks, especially since the passage of an ordinance by the Common Council prohibiting the sale of liquor on Sunday, under a penalty of $25 for each offense. The Police Officers have also received instructions to ascertain the names of all persons selling without license, and to hand them in to the Corporation Attorney for immediate prosecution. This is an important and desirable step in the municipal legislation of our sister city, and will render the Common Council deserving of the thanks of their entire constituency. The Board of Excise granted but seven licenses during its sitting, and there are *six hundred and forty-two* rum shops in full blast!

FILLING UP THE RANKS.—A SCOTT and GRAHAM CLUB was organized on Thursday evening last, at Ashland Hall. The Club will meet on Tuesday evening next, Aug. 3, at the same place.

A VOICE FROM THE "INTERIOR."—Yesterday morning a gentleman, in appearance, was busily engaged in distributing handbills of a most startling character, through the southern part of the city, headed "Awful Announcement from the Interior!" The substance seemed to be a cross between the most rabid Millerism and spiritual knockings run mad. The particular locality of the "*Interior*" is a problem; but such ravings could only come from brains sufficiently stupid at first, with a subsequent touch of fanaticism, or, more probably, insanity.

DEDICATION.—The new Jewish Synagogue in Eighth-st., between North-st. and North Second-sts., will be dedicated to-morrow at 3 o'clock P. M.

HOBOKEN ITEMS.

In West Brookfield, Mass., June 15, MARY SMITH, wife of Capt. Israel Smith, aged 87.

The remarkable and almost unprecedented fact of the history of this aged couple, he being now 89, is, that they have lived together in holy wedlock for the space of 73 years, they having been married respectively, he at 16 and she at 15 years of age. They have had fourteen children, of whom only four now survive. Three years before the Declaration of Independence, in 1773, Israel and Mary stood up to be married in what is now Barrinsville, R. I. Three years afterward, when one child was born to them, Mr. Smith abandoned his pocket, and leaving his young wife and child, became a revolutionary soldier, in which capacity he served during the entire war. One could hardly realize, at the funeral of his wife, that that venerable man, with almost unwrinkled face and fresh countenance, has been a husband and a father at the time of the battle of Bunker Hill. His kind, too, seemed so clinging, he was so composed, and spoke so wisely and well of his wife's departure, with true Christian resignation, that the astonishment increased.

FRIDAY, July 30—P. M.

The advance in the Stock market yesterday was too rapid to be sustained, and most of the Fancies fell off ¼ to ½ ₱ cent. Reading was an exception, and improved to 89½. After the Board there was a better feeling. At the Second Board prices were very firm, with a good demand for the leading Stocks. Erie closed at 87, Stonington 57½ bid, Norwich 55¼, Reading 89⅝, Zinc 12⅛, Canton 78½. Hudson River did not sustain the advance, and closed at 67. In Railroad Bonds there was a fair demand, and the market is firm. Erie 1862s went to 98, closing at 97¾; 1871s sold at par. Investment Stocks were in better demand, at improving prices. For Government Stocks the inquiry was fair, at full rates.

Sterling is not active but steady at 10¼ @10½ ₱ cent. The supply is good. Francs are 5 17½ @5 15.

In Freights there has not been much done, and quotations are not firm. Engagements—21,000 bush. Corn, 3½d.; 2,000 bbls. Flour, 9@10s., the former in a British bottom; 200 bales Cotton, ⅛d. To Glasgow; 3,000 bush. Wheat, 5d., and some Flour at previous rates. To London, some Flour at 1/6@1/9, and 10,000 Staves at 50/. To California there is a fair business doing at 45@75c.

The amount received at the Sub-Treasury was $118,690; paid, $53,522; balance, $1,243,483. Of the amount disbursed yesterday, $300,000 went to the Collins line of steamers, and a large amount to Messrs. Corcoran & Riggs.

In money there is no marked change.—The supply is increasing in abundance, and some of the Banks are taking long dated paper more freely. There has been an attempt to form a combination among the Banks to make a simultaneous advance in the rate of interest, but as yet the conspirators are few.

The receipts of the Hudson River Railroad for July will be, we understand about $75,000.

The Boot and Shoe trade is very active, mostly for the South. For Sole Upper Leather the market is well stocked, but mostly to one or two houses, who bought largely on speculation early in the year. The demand from California is suspended, from want of a stock suitable to that market. The supplies sent out last month were, however, large. The following are the quotations:

The Canal has been in good navigable order since its opening, and has been exempt from breaches.

The Mayaville Division of the Canal being finished, the water was let into it on the 20th June last, and the Canal has been navigable to Mayaville since that date, 308 miles from the State line, and 392 from Toledo.

The Petersburgh Division, it is expected, will be finished and open for navigation in all the month of September, thus extending the navigation, before the close of navigation the present year, to a point below Petersburgh, (365 miles from the State line, and 409 miles from Toledo,) and up to the Evansville Division. There is a fair prospect of the near completion of the entire work to the Ohio River by winter, and a certainty of the opening of navigation in the spring of 1853.

By the provisions of the new banking law of Illinois, it is the duty of the banks incorporated under it to make quarterly returns to the State Auditor. The return of Clark's Exchange Bank, made on the 5th inst., includes the following items:

The Mad River Railway has a large force employed in relaying the track between Urbana and Springfield, with T rail. The work will be completed in a few weeks, when we shall have a continuous T. railway of the first class from Cincinnati to Sandusky.

The books of the Little Miami Railway, at the Cincinnati office, show that on Monday last $4,572 95 were received for tickets. Of these 340 were for Niagara, 264 through tickets for New-York, 61 for Columbus, and some for other points. The whole number of tickets sold on that day was one thousand and eighteen.
