LLEWELLYN PARK
IS A TRACT OF
FIFTY ACRES OF LAND.
Beautifully situated on the eastern slope of Eagle Ridge (Orange Mountain), which is superbly diversified, embracing deep ravines, bold, rocky cliffs, brooks of the purest spring water, picturesque old oaks, beeches and tulips, and a noble forest of the various native evergreen and deciduous trees.
It is laid out and embellished with drives, walks, &c., in the modern natural style of landscape gardening, and has been decided to be most fit for subdivision for the benefit of the purchasers of the land lying contiguous to the Park.
This tract of land, containing about
300 ACRES,
Has been divided into villa sites of from
5 TO 10 ACRES EACH.
It was selected with special reference to the wants of citizens doing business in the city, and yet wishing accessible, retired, and healthful homes in the country. Sloping to the southeast, the best exposure for health, cultivation, and protection from the winds of winter, it is favorably situated to catch the sea breezes which prevail in summer.
The whole tract abounds in pure, soft spring water.
It is believed that no spot within 20 miles of New York is in all respects so healthy as the side of this mountain. It is almost the only locality so near the city where there is no fever and ague.
Purchasers of sites, desiring to build of stone, can obtain the material on the premises, free of charge.
The privacy of the park and of the sites is secured by a lodge and gate keeper at the entrance on Valley road, one mile from North Orange Railroad station. As we ascend along the park avenues—nearly five miles of which are already completed—Newark, New York and their bays, Brooklyn, Staten Island and the Narrows, are all taken at a glance. Upon reaching the top of the mountain, 700 feet above the level of the sea, a landscape more than one hundred miles in extent spans the horizon. Cultivated fields, and country seats, villages, towns and cities, woods, rivers and bays, with the Navesink hills at the south; Nyack mountain, Haverstraw peak and the Highlands towards the north; with Long Island and the
