SALES OF AUCTION.

ALBERT H. NICOLAY, AUCTIONEER.
Peremptory sale of the Jersey City Glassworks at auction.—ALBERT H. NICOLAY will sell, without reserve, on Monday, November 8, at 12 o'clock, at the Merchants' Exchange, N. Y., the well known property of the Jersey City Glassworks, erected in 1826, and enlarged in 1846, comprising a two story brick building, with an addition, built of stone, for a mixing room. The glass house proper covers a surface of 14 full lots of ground, fronting 200 feet on Washington street, and running back on Essex and Bergen streets 175 feet each; 15 full lots of ground south of the Morris Canal are connected with the glass house. The cutting shop is of ample dimensions, and is worked by a steam engine. The store and packing rooms are spacious, and the works contain all the accommodations necessary for a glass factory of the largest class. The premises derive their original title from the associates of the Jersey Company. The situation is convenient to the ferry. The lots Nos. 56 Bergen street and 53 Essex street are subject to an annual ground rent of $10 on each lot. The taxes are payable previous to the 20th December, 1858, and the amount on the whole property is about $400. The water rent on the property is not above $125 per annum. The New Jersey Central Railroad Company have petitioned the New Jersey Legislature for an extension of their road to Jersey City, and it is thought that in such an event this property would be wanted for the company's depot grounds. The attention of capitalists is directed to this sale, as the property is constantly increasing in value, and for investment must pay large profits. Terms liberal and title indisputable. For lithographic maps and handbills, containing full information, apply at the office of
