NEW PUBLICATIONS.

THE "GREAT REPUBLIC"
MONTHLY,
TO THE PUBLIC, THE BOOK AND PERIODICAL TRADE, AND THE PRESS.

We have the honor to announce that we shall issue, on or about the 1st of December next, so as to be in season to command the early attention of the public and the periodical trade, the first number of a new illustrated magazine, to be called THE "GREAT REPUBLIC" MONTHLY.

It is intended to make this magazine superior in every respect to anything ever before issued in this country. The general scope of its character can best be understood by its name. It will be thoroughly national—in no wise sectional or sectarian, and wholly impersonal. It will offer to the writers and thinkers of this Union a common field, where they can meet on the highest ground of cotemporary literature. It will aim to gather about it every variety of intellect.

The range of articles will be a wide one, covering, among other grounds, essays, sketches, humorous tales, stories, historical incidents, reviews, critiques, biographies, scientific articles, travels, table talk, dramas, incidents, politics, poems, ballads, stanzas, sonnets, music, correspondence, gossip, &c., &c.

The magazine will be profusely illustrated in the highest style of wood engraving.

The literary department will present greater variety, combined with more thorough excellence, it is believed, than ever before offered to the American public in a single periodical. The following authors and popular writers are included in the list of contributors engaged:—

In addition to the foregoing brilliant array of American authors, there are a large number of first class writers engaged (among them some of the most distinguished of the day), who are compelled, from pre-existing engagements or other causes, to withhold their names for the present, but who will, nevertheless, contribute frequently to our pages. We would also announce that we shall add to our list of contributors the names of other distinguished authors as soon as satisfactory arrangements can be completed.

Each number will contain an original piece of music, composed expressly for this work.

Of the superior excellence of the magazine in every respect, and of the certainty of its permanent success, very little more need be said.
