WANTS TO ESTABLISH CLINIC IN ANDERSON

MRS. F. R. LATHAM SPENDING FEW DAYS HERE IN ITS INTEREST.

WELL KNOWN HERE

Mrs. Latham Is First Graduate of Winthrop College—An Interesting Woman.

Mrs. Flora Fitchey Latham, founder of the Latham industrial school in Greenville, is spending a few days in the city at the home of Mr. and Mrs. J. A. Hall on South Main street, and while here is working for the establishment of a free clinic in Anderson. The object of the school in Greenville is to care for the poor crippled children who have no means of helping themselves.

Mrs. Latham has been traveling in North and South Carolina, Georgia and Florida, visiting the home of the children of this kind in order that she may compile statistics to show the public how badly more schools of this kind are needed.

Her object in Anderson is to create interest and to secure the cooperation of the people here which will mean the establishment of a free clinic for the poor which will also be open to the deformed and crippled children. In this way every defective child may be reached.

She says that Anderson is ready for a clinic of this kind since two free beds for the county and three free beds for the city are kept at the Anderson hospital. She also stated that this section was ready for a district nurse, this plan having been adopted in many communities and is working well.

Mrs. Latham desires the cooperation of all the good people of the city in this work of all denominations. She has seen many of the people and all show a willingness to assist her in this important undertaking. She is doing this work without a salary and feels that the people here will help her.

Mrs. Latham is a daughter of Mr. H. A. Richey, ex-sheriff of Pickens county and whose present home is in that town. She is a grand-daughter of the late James N. Richey of this county who is well remembered by many people of the county. She was the first one to receive a diploma from Winthrop College. She stated that since she is a native of Anderson county she is especially desirous of establishing a clinic here.

Makes For Peace.

New York Times: Unmistakably it is a reply that makes for peace, not for strife. Our feet are planted upon sure ground of right, of law, of justice, of humanity, yet we urge compliance in language of friendship and courtesy. If we leave to Germany no choice but compliance, it is because by any other course she would belie her own traditions, her high civilization and would forfeit her place among enlightened and humane peoples. We ask of her what in justice to herself she must grant.

A Suggestion.

Baltimore Sun: To the flabbergasted and hard-pressed Bryanites-at-any-price we offer this scriptural suggestion:

"And with one accord they all forsook him and fled."

GRAND MEETING HELD BY ANDERSON AD CLUB

ABOUT 75 ATTEND FROM THIS CITY AND MANY FROM GEORGIA.

A GREAT SUCCESS

Dr. Hailey Had Done Best to Make Parties Enjoy Affair and They Did.

The meeting of the Anderson Ad club last night at Hailey's ferry was generally pronounced to be the best one held yet. It was attended by representative citizens of Anderson, Hartwell and Elberton for a social as well as a business meeting and in no detail was the affair a failure.

The Anderson party, made up of about fifty members of the Ad Club and several visitors, left the city at 5 o'clock yesterday afternoon and went to Hailey's ferry. Upon reaching that place it was decided to go on to Hartwell although the time was short and accordingly nearly every member of the party made the trip.

At Hartwell the party was joined by the Hartwell and Elberton delegations and after a little while the entire crowd returned to Hailey's ferry and the real meeting began.

Dr. Hailey had spared no pains in having everything done that would add to the pleasure and entertainment of the parties. He met them and welcomed each and every one, telling them that he was glad to have them come to the Georgia side for the meeting.

The supper, consisting of delicious sandwiches, salads, cold boiled ham, olives, etc., was served just after sun set. This was one of the most enjoyable features of the meeting and the spread was pronounced to be just grand.

After supper the president of the Ad Club, Mr. Harry Geisberg of this city called the meeting to order and called upon Mr. Porter A. Whaley, secretary of the Anderson Chamber of Commerce to make a speech. Mr. Whaley responded and in his speech discussed the proposed bridge at the ferry, the interurban route and the necessity of good roads from the river to Anderson.

Dr. Hailey was then called upon and after inviting the members to hold another meeting there discussed the question of good roads and their importance to the people of that section. He highly praised the city of Anderson saying that the people in that section of Georgia could come to this city and do their trading and go back home satisfied because they had done their shopping in one of the best towns in the south and knew what they had purchased was all right. He urged the construction of a better road from the river to Anderson, explaining the many advantages of such to this city. He praised the Anderson hospital saying that he had brought twenty-three cases there, of which all had turned out well and that he had yet to lose a case by this hospital. When asked about the way the roads were kept in such good fix between Hailey's ferry and Hartwell, he replied that the main thing in having a good road was keeping it up after it was once constructed. He stated that in building the road, deep ditches had been made to give the road plenty of drainage and

since that time the split-log drag had done the work. He says that after every rain he has two miles put into shape, his next neighbor two miles, and so on.

Mayor J. H. Godfrey was the next speaker and discussed good roads and the street paving in the city of Anderson. He extended a cordial welcome to all the Georgia people to come to Anderson, assuring them that their visits and patronage was highly appreciated.

Capt. Hunter was then called upon and after a few appropriate remarks, Mr. Phelps Sasseen was introduced. Mr. Sasseen spoke along the lines of advertising and urged the passage of an ordinance by city council in Anderson making it a misdemeanor for anyone to advertise anything falsely. He stated that the purpose of the Ad Club was to promote truthful advertising and that he thought such an action by council would be very appropriate.

The business meeting then being over, the crowd grouped about and talked for a while after which good-byes were said and all started to their respective homes.

Personal

Mr. Joe C. Ligon of Iva was a business visitor in Anderson yesterday.

Mr. Oscar Kay of Pendleton was among the business visitors here yesterday.

Mr. George W. Sullivan of Williamston was in Anderson yesterday.

Miss Claudia Herron and Miss Marie Hernon of Starr are the guests of Mrs. S. B. Elrod.

Mr. T. C. Jackson, Jr., of Iva was in Anderson yesterday morning.

Mr. S. N. Pearman and Miss Carrie Moore motored to Lumpkin, Ga., yesterday where they will visit Mr. S. E. Moore.

Dr. A. C. Watson spent Sunday in the city with his brother Dr. J. E. Watson, on his way to the mountains.

Mr. W. K. Hudgens of Pelzer was in the city yesterday.

Mr. W. C. Bannister was among the visitors in the city yesterday from Honea Path.

Mr. Sam Stacks, formerly of this city but now of Charlotte, N. C., is visiting friends in the city.

Mr. John Horton of Belton was a business visitor in Anderson yesterday.

Mr. W. C. Wilson of Greenville spent a few hours in the city yesterday.

Mr. Bryan's Declaration of War.
New York Evening Sun: Mr. Bryan has declared war on the president. Honeyed words fall altogether to obscure the fact. Unfortunately the declaration of war is also against the United States, for the president represents the country in any issue with a foreign power; his policy is the national policy.

Calm, But United.
New York Evening Post: Germany will decide herself if she imagines that the absence of anything like sabro-rattling in the president's note means a lack of inflexible resolution on his part, or on the part of the American tom drop out of our neutrality situation in all this great issue.

THE ASPHALT PLANT ARRIVED YESTERDAY

SUPERINTENDENT HERE AND SAYS EVERYTHING PROGRESSING NICELY.

THE MAIN TROUBLE

Is That of the Water Pipes and Mains on Market Street—Near Surface.

The asphalt plant, which is to be used in connection with the city paving, arrived in the city yesterday morning and is being erected on the Blue Ridge railway yards. Mr. F. M. Joyce, superintendent of the plant arrived in the city on Monday afternoon and says that he is well pleased with the location and that everything ought to be going all right within the next few days. The concrete plant superintendent, who is in South Jacksonville, has been wired and ought to be here in a day or so.

Mr. Craney, general superintendent says that he is well pleased with the progress that is being made but says that some of the mains and water pipes on Market street are not low enough and that they interfere with the excavation. If these can be gotten out of the way, he stated, that the paving ought to be started in reality within a week's time.

Mr. Clarence Osborne is making much progress with the excavation and grading and is patiently awaiting the arrival of his large tractor on Monday when he says he will be able to do much more work.

NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To Open Up Air Passages.

Ah! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hawking, snuffing, mucous discharge, headache, dryness—no struggling for breath at night, your cold or catarrh is gone.

Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every affir passage of the head; soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid!

Prayer in the Henhouse.
The story is going round that when a Gallatin woman, investigating a night noise in her chicken house, found two well-dressed men, she pointed a gun at them and made them offer up prayers for forgiveness for their misdeeds, then sent them on their way.—Kansas City Times.

Peculiar Justice.
The Emporia Gazette's idea of poetic justice: "Ten years ago Belgium devastated this country with large, bay-wood rabbits, called Belgian hares, that were not good food nor worth good for ornaments. Today we are sending the Belgians perfectly good edible food. If this isn't returning good for evil—what is it?"—Kansas City Star.

GALOMEL WHEN BILIOUS? NO! STOP! MAKES YOU SICK AND SALIVATES

"Dodson's Liver Tone" Is Harmless To Clean Your Sluggish Liver and Bowels.
Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you may lose a day's work.
Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with sour bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone—tonight on my guarantee.
Here's my guarantee—Go to any drug store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous, I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.
I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.
