Professional Notices.

AMERICAN and FOREIGN PATENTS.—GREAT BRITAIN.—Caveats having been abolished in that country, under the new laws, a short Patent for six months is granted in place thereof, immediately on application. One Patent now protects the whole kingdom, instead of three being required, as formerly, while the cost is very greatly reduced. Patents of importation are allowed, as before.
FRANCE, HOLLAND and BELGIUM.—Patents are taken for 5, 10 or 15 years.
AUSTRIA having lately modified her Patent laws, that Empire is now one of the best markets for American inventions.
UNITED STATES.—Applications are made for Patents, Extensions, Surrenders and Reissues. Additional Improvements; Interferences are conducted, Caveats filed, Appeals taken, &c., &c.
Foreign Patents taken through my office will be delivered at the option of the parties here or at my agencies in London, Paris, Brussels or Vienna.
It is useless to proceed to Europe to dispose of an Invention before Patents have been secured, as prior exposure will void the title. Further information may be obtained by addressing JOSEPH P. PIRSSON, No. 5 Wall-st.
