A report of the Treasurer of Maryland to the House of Delegates, makes the following statement of the funded debt of the State:

Sterling Bond debt	£1,751,300 is $7,783,555 56
Currency 3 per cent	500,000 00
Currency 4½ per cent	100,000 00
Currency 5 per cent	1,870,122 04
Currency 6 per cent	3,933,324 38

The amount of the stock which was called in for redemption by the act of the last session of the General Assembly, was $385,784 32, of which there has been presented and paid $377,055 11, leaving $8,629 11, not presented, and on which the holders are not receiving interest.

The sinking fund of the State, on the 1st of January, 1849, amounted to $1,635,666 66, and that it has been increased every year since, so that on the first of January, 1849, it was $1,822,995 77; 1850, $1,889,941 72; 1851, $1,993,059 78; 1852, $2,239,506 81; 1853, $2,742,537 91; and on the 25th of February, 1853, the day when the report was prepared, it amounted to $2,794,212 66.
