SCHENECTADY AND CATSKILL RAILROAD—Notice is hereby given, that books of subscription to the capital stock of the Schenectady and Catskill Railroad will be opened at the office of H. G. Stebbins & Sons, 46 Exchange place, New York, on Thursday, August 13, and will remain open until Saturday, August 22. The company is fully organized under the general law of 1850. The capital $1,000,000. Shares $100 each; 10 per cent to be paid at the time of subscribing. The construction of the road not to be commenced until the entire capital stock is subscribed. The amount of stock to be subscribed in the city of New York is $500,000. In case of excess of subscription in the city beyond that amount, the distribution will be pro rata among the subscribers in New York.
This road connects with the New York Central Railroad at Schenectady, and runs thence to Catskill, forty miles, the direct or air line, with a remarkably easy grade. The saving in distance from Schenectady to Catskill between this route and that via Albany is twelve miles by rail and twenty by canal, and still greater saving in time and facility of transportation by avoiding the inconvenience and detention of the overslough and twenty nine locks. A line of swift and superior steamers will meet the cars at Catskill, making the passage from that place to New York in five hours. Besides a large proportion of the travel and freight of the New York Central, it will receive most of the travel and freight of the Albany and Susquehannah Railroad by its intersection ten miles below Schenectady. It will receive the accumulations of freight and passengers west from railroad lines extending to Lake Erie, north from Lake Champlain, Canada and Syracuse, and south from a cheap river travel of one hundred and ten miles, with ample depth of water and wholly free from obstruction—all by the construction of only forty miles of track, on one of the most economical routes known in the history of American railroads. Of the speedy construction of the road, and its large profit, no doubt need be entertained. Confidence of responsibility and experience offer to complete the double track, rolling stock, fences, &c., within the capital. D. D. CAMPBELL, President.
