FRIDAY, June 10—P. M.

The Stock Market to-day has presented no important features. Quotations do not vary materially from yesterday, and the transactions were only moderate. Harlem was, however, active and buoyant; some 3,500 shares having changed hands, closing at 65¾, an improvement of ¼ ⅌ cent. Erie, Long Island, Reading, &c., were firm. Canton fell off ¼ per cent. Morris was quiet. Nicaragua was rather heavy. The premium railroads were well sustained. Michigan Southern sold at 144, which is a further advance. Michigan Central 118. Albany and Schenectady 140. New York Central 123, &c. In Railroad Bonds there is not much activity, but prices are as before. Government Stocks are in steady demand.

The Exchange market is not active, but firm. The leading bankers ask 9¼ for Sterling. The range is 9@9¼ per cent. The supply of outside bills is not large. Francs are 5.15@5.13¾.

Freights are rather active at previous rates. To Liverpool, 200 or 300 bales Cotton, ⅝d.; 3000 sides Leather, ¼d. 3000 bbls. To Glasgow, 1000 bbls. Flour, 2s. Three Sugar freights for Europe made at £3. One vessel from North side Cuba was chartered at 46 for Sugar. A timber charter from Quebec to Liverpool was made at 40s., and one or two Stave charters for Cadiz at $15@$16.

N. H. Wolfe, Esq., was to-day unanimously elected President of the McCulloch Gold Mining Company. Mr. Wolfe is well known as one of our leading Flour merchants, and as a man of wealth and energy of character. The McCulloch Company have been fortunate in securing his services, and we shall expect to see the valuable mines of this Company developed as rapidly as capital and energy can accomplish that end.

The receipts at the Sub-Treasury are $200,056; payments $7,083; balance, $7,419,874. The redemptions of the public debt will soon reduce this large accumulation.

The State of California has promptly remitted the interest on her civil debt, payable in this City, and it will be paid on and after the 1st July, at the office of Messrs. Winslow, Lanier & Co., No. 52 Wall-st. It is highly creditable to this young State that she has always, with such promptness, provided for the interest of her civil public debt.

Messrs. Winslow, Lanier & Co. offer for sale $700,000 of the Little Miami Railroad Bonds, bearing 6 per cent. interest, and secured by a mortgage on the whole property, costing $4,208,000. The mortgage is for $1,500,000, and the proceeds of the Bonds will be used for the purpose of building a double track, &c., which has been rendered necessary by the large increase of business. This increase will be shown by the following statement of earnings for the last nine years:

Year ending Dec. 1, 1844.	$115,632 26	Year ending Dec. 1, 1849.	$321 336 32

Regular 10 per cent. dividends upon this road have been paid since 1847, and in 1852 20 per cent. was paid. The surplus fund is now $98,546. There is a prior lien of $100,000, but the Company owns about $400,000 of Columbus and Xenia and Hillsborough Railroad stock, which will more than clear off this and every other debt against the Company excepting the above $1,500,000.

Another meeting of the New-York Trust Company was held to-day, but no President was elected.

It will be seen by our Telegraph column, that the Railroad Congress at Buffalo, to which we alluded yesterday, is attended by Delegates from most of the important Western roads.

At 3 o'clock this afternoon, the steamer of to-morrow had $300,000 in gold bars engaged. The returns from the ingots previously shipped have been very irregular, showing a profit in some cases and a loss in others.

A Company is in the course of organization in this City under the name of the New York Mining Company of Lake Superior. It has purchased the valuable property of the North West Mining Company, which has already realized $175,000 from its mines, which are now in a condition that warrant the expectation of a largely increased yield for the present year. The books of subscription will remain open at Trinity Building until the 15th inst.

The New-Orleans papers announce the negotiation of $250,000 seven ⅌ cent. bonds in that city, secured by a first mortgage of the St. Charles Hotel. They were taken at par.

The Chicago Tribune states that an injunction has been put on the Galena and Chicago Air Line, by the Chicago, St. Charles and Mississippi Air Line Co.

The Pittsburgh and Steubenville Road is in course of rapid construction.

The Journal of Commerce figures up the following results of the Imports and exports of the past eleven months, and notwithstanding an increased import of $38,421,000 and that large shipments of gold are taking place in the face of very large sales of our securities abroad, *The Journal* thinks there won't be much of a shower after all.

FLOUR AND MEAL—Our market for Western and State Flour is rather more active. Michigan and Upper Lake brands have been freely offered, and have to-day been sold as low as $4, but this is not the index to the market, as they are only forced sales. Good Ohio and State are held with much firmness, and are in fair request for export; the better grades Ohio are easier, but Genesee is well supported. Canadian opened rather firm, but closed hardly so firm; sales of 1,350 bbls. at $4 31½@$4 37½. The sales of Western Canal are 2,700 bbls. at $8 75@$4 for sour, $4 10@$4 12½ for No 2 superfine, $4 25@$4 68 for mixed to fancy Michigan and Upper Lake, $4 44@$4 56 for common to straight State, $4 44@$4 62½ for common to good Ohio. Jersey at $3 50, and Brandywine $4 37½.

Yellow is firm and wanted. Sales of 32,000 bush at 57½@61c. for unsound; 61@62½c. for Southern mixed; 62@63½c. for do. WHISKY—The market is better, the supply light. Sales of 100 bbls., at 23c. for Jersey; 23@23½c. for Ohio, and 24c. for Prison. Drudge is buoyant. Sales of 40 hhds. at 22c., time and interest.

PROVISIONS—Holders of Pork are firm; the arrivals are not so large. Sales of 400 bbls. at $17 75@$18 87½ for Mess, and $14@$13 25 for Prime, and $17 25@$17 50 for Clear.
