☞ **Captain Miner, Steamship Northern Light.**—Already to previous notice, the steerage passengers of the Northern Light, Miner, commander, assembled on the forward deck, and after being called to order by A. C. Raymond, Esq., of Bath, Maine, David Crockett was unanimously chosen Chairman, and Mr. John N. Edgecomb chosen Secretary, after which the object of the meeting was stated and the following preamble and resolutions were unanimously adopted:

Whereas, There have been various and conflicting statements and complaints made against the two Isthmus routes, and few, if any, have been published by steerage passengers, who, as such to the number of about 600 flew on board of the Northern Light, from San Juan del Norte, and date from steamer Brother Jonathan, on the 11th, from San Francisco to San Juan del Sur, do deem it our duty to give our opinion respecting the treatment, commanding officers of the ship, &c., (as many of us have tried both routes) that the travelling public get the more accurate judge of the merits of each, especially those who may hereafter go to or return from California as steerage passengers, and therefore prevent the disappointment we experienced.

Resolved, That as steerage passengers, now on board the Northern Light, Miner, commander, and his officers, and also to the Captain and officers of the steamship Brother Jonathan, on the Pacific, of the Nicaragua Line, present to their respective officers our sincere thanks for the very kind and gentlemanly treatment toward us during our late passage from east rails.

Resolved, That we will use all fair and honorable means to induce our friends and fellow citizens and all others journeying to California, to take the Nicaragua route, as being in our opinion the cheapest, most expeditious, healthiest, and best adapted for the comfort of travellers to the route as the land transit on the Isthmus is but 12 miles, with a good carriage road now nearly completed, and can be made in four hours on foot, and not liable to detention either there or on the Lake or Rivers, and that there has been no case of sickness on board occasioned by the voyage, nor have any deaths occurred on the passage, which has been made from San Francisco to the wharf in New-York, including the Isthmus transit, in 22 days and 12 hours, being the shortest time on record.

Resolved, That a copy of these resolutions signed by the Chairman and Secretary, be presented to the above commanding officers.

Resolved That the Secretary be directed to publish to the proceedings in The New-York Tribune and desire that all other papers who are friendly to the public interest copy the same.
(Signed,) DAVID C. ANDREWS, Chairman.
(Signed,) JOHN X. EDDY, Secretary.

☞ **Circular.**—The Vestry of the ANGLO AMERICAN FREE CHURCH OF ST. GEORGE THE MARTYR, have rested, for the present, and until their own Church edifice shall be erected, the building on the corner of Prince and Thompson-sts., heretofore occupied by the Congregation of the Emmanuel Church. The Rev. ALEXANDER S. LEONARD has accepted the invitation of the Vestry, and became the Rector of the Parish.

It is a part of the arrangement that the sittings in the Church shall be free, as it has always been so as at present. That the needful expenses may be regularly met, it is proposed to obtain from the regular attendants of the Parish and others, such annual subscriptions, in lieu of Pew Rents, as they may be "disposed in their hearts" to give. The Offertory is left at the disposal of the Rector, to be used for his own necessities, and also to enable him, as far as possible, to meet those large demands upon his means, which must necessarily result from his position.

Though it be a most important object of the Parish of St. George the Martyr to make needful provision for the Spiritual and Temporal needs of British Emigrants, it is by no means designed to confine its "labors of love" to them. It is a parish of the American Branch of the Reformed Catholic Church, to full communion with the Church of England, and the spiritual jurisdiction of the Bishop of New-York, and in union with the Convention of the Diocese of New-York.

A considerable fund collected in England is already deposited in the City of New-York, for the purpose of erecting the church edifice; and measures are taken (of the success of which no doubt is entertained) speedily to raise the amount in such a sum as will authorize the vestry to begin their work. In the meanwhile, as whatever is already in hand must be strictly devoted to that object, this Appeal is made to the Parishioners and others, to subscribe, according to God has blessed their store, from time to time, as may be determined in this Parish. A blank may be had from any of the undersigned persons, which they who receive this circular are requested to fill up; writing underneath their names and residence, the amount of their subscriptions, dating from the 1st May, 1853. The same may be left with the Rector, at the church, or at his residence No. 7 Hubert-st.; or with either of the undersigned members of the Committee.

The hours of Divine Service are:
On the Lord's Day, 10 A. M. and 4 P. M.
On every week day, 6 A. M. } until further notice.

The following gentlemen were, on Easter Monday, duly elected Churchwardens and Vestrymen of the Parish:

DR. OLIN'S LIFE AND LETTERS.—The Life and Letters of Stephen Olin, D.D., LL.D., late President of the Wesleyan University. With Portrait. 2 vols 12mo muslin, $2.
This contains a full and interesting biography of one of the most eminent pulpit orators and leaders of his day, and he received with cordial satisfaction not only by the ecclesiastical connection to which he was especially attached, but by every intelligent friend of religion and education in the community. The biography of such a man can not be other than a public benefaction. Its effect must be as salutary as the character of its subject was unsullied and pure. The present edition has been greatly enhanced by the space that has been allotted to correspondence of President Olin, whose letters form almost a connective autobiography.
