BROOKLYN ITEMS.

SAD ACCIDENT.—A party of young men, composed of Mr. Tryon, Assistant Treasurer of Barton's Theater, Dr. Jacksonville and Mr. Pittman, of the office of Jonas B. Phillips, Esq., New-York, and Deputy Sheriff Friend, of Brooklyn, started on a little ride for pleasure Wednesday afternoon, which was disturbed by an accident of a serious nature. When on Fulton-av, Gowanus, their horse took fright and started off at a fearful speed. Mr. Tryon became frightened and leaped from the vehicle, falling violently upon the ground. He was picked up by some citizens and taken to the house of Mr. Dunn, near by, where he remained insensible for several hours, caused by a terrible concussion of the brain, but we are happy to state that he is rapidly recovering under the skillful care of Dr. Post, who was called in to attend him. Mr. J. K. Vanderveer, who was driving at the time, with great presence of mind, kept the animal to a tight rein and allowed him to continue his pace for some distance, when, with a skillful maneuver, he suddenly brought him to a halt by turning him around a corner, thereby throwing the horse on his haunches. The rest of the party fortunately escaped with but slight bruises.

CORONER'S INQUEST—FATAL ACCIDENT.—Coroner Bull held an inquest yesterday at the corner of Columbia and State-sts., upon the body of a man named Edward Cook, aged 41 years. It appears that Mr. Cook, with a party of friends, was returning to the city from an excursion to the south side of the island, and when descending Prospect Hill the whiffle-tree of his carriage became detached and striking the horses in the legs, they became frightened and ran off. They had proceeded but a short distance, when, coming in contact with some obstruction in the road, the vehicle upset, and Mr. Cook, being entangled in the lines, was dragged along for several yards, and injured in such a terrible manner that he died almost immediately after being extricated. The others in the carriage were all more or less injured, but not dangerously. A verdict in accordance with these circumstances was rendered by the Jury.

FOUND DEAD.—The body of a dead man, name unknown, was found lying in an unoccupied house on the corner of Fulton-avenue and Bridge-street yesterday morning. From appearances he died of congestion of the brain. The Coroner was notified.

ATTEMPTED SUICIDE.—A man named Patrick McKinney who has for some time past labored under aberration of mind, attempted to commit suicide by drowning on Wednesday night. He was rescued, and yesterday conveyed to the Lunatic Asylum.

Complaint has been made before the Board of Health that some five or six dead bodies have been lying at the Dead House for a day or two past, supposed to have been brought over from New-York. The keeper of the Dead House has been summoned to appear before the Board this morning to make an explanation.

ALLEGED FORGERY.—Constable Henry Oakey arrested, on Monday last, a man named Charles Cushing, on the charge of having on the 27th ult. presented a forged check for $100, made payable in cash and endorsed by James Bowen, at the Atlantic Bank of Brooklyn. The money was drawn and subsequently another check was presented and cashed at the counter of the same bank for $100, made payable to C. H. B. and endorsed Charles H. Bass, which was also ascertained to be a forgery. The accused was arrested on a warrant issued by Justice Curtis, and is now in jail, awaiting an examination on the charge. One hundred and fifty dollars in gold, which he acknowledged was part of the money obtained on the check last presented, was found in his possession.

NEW-JERSEY ITEMS.

SEWERAGE—SPECIAL MEETING OF THE COMMON COUNCIL.—There was a Special Meeting of the Common Council at the Clerk's Office last evening, to consider the question of sewerage, together with other matters. Ald. F. H. Betts, President of the Board, presided. After the organization of the meeting, and some few remarks, the Board took a recess for a short time, to allow conversation among the members on the subject. Order being restored, Mr. Whitwill, the Engineer, made a few remarks and read extracts from letters written to him by one of great experience, the tendency of which were to show that the proposed system of Sewerage is feasible. The extracts entered into the practical details somewhat, and approved of the project, as the only good plan for draining Jersey City. The writer stated that the pipes should be rather small, smooth, and so laid as not to present angles to impede the flow of the water through them. A small, constant stream will answer to keep the pipes clean. It would be well to occasionally flush them.

Ald. Hill spoke of the advantage of double flaps in case flaps were considered necessary, at the lower end of the pipes, to keep out the tide water and prevent the sediment from being carried into them. The double flaps consist of a small flap at the bottom of the mouth of the pipe with a small stream could easily open, and a larger flap above that would open when necessary. Mr. Whitwill said that he believed that double flaps would be advisable.

Ald. Miller approved of the plan, and stated that there was a great necessity for sewerage in the city. Property is injured by the flooding of cellars and he said that he was satisfied that the proposed plan was a good one and should be adopted. He remarked that he had looked anxiously to the subject, and he deemed it of so great importance that it ought to be carried into effect with as little delay as possible. He offered the following resolution:

Resolved, That it be referred to a Special Committee to prepare an ordinance to be laid on the table at the next stated meeting of the Board, approving of the Plan of Sewerage reported by the Board of Water Commissioners; and that they be instructed to state fair if any, and if so, what additional legislative aid or supplementary law is requisite for the purpose of carrying out such an extensive plan of Sewerage; and in general to report upon the expediency and practicability of the plan reported, show at what, if any, alterations or amendments should be proposed; and for this purpose that they be authorized to consult legal counsel and civil engineers.

The resolution was adopted unanimously.

The President of the Board remarked that he considered it very essential to carry the project into effect forthwith. The Passaic water will be introduced into the city, he said, about the first of next December, and with so much water and no efficient system of drainage, the city will unfoundedly be very unhealthy next summer. A Committee of five with Ald. Miller as chairman, was then named.

The Board passed a resolution in favor of engaging Judge Nevius, who has just moved to Jersey City, as counsel in behalf of the City, in suits which are now pending in the Courts.

A map of the proposed water front of Jersey City was shown to the members, but the Committee was not ready to report. The Board then adjourned.

LAW INTELLIGENCE.

COURT OF GENERAL SESSIONS—Before Recorder TILLOU.

The trial of the "First ward Regulators" or "Honey Moon Gang," as they are called, for riot in the Eighth-ward, on last Saturday night, did not come off this morning, as was expected. Their counsel moved that it be postponed until the September Term, and that their bail be reduced from $2,000 each. The Assistant District Attorney opposed both motions, and the Court finally decided to grant a postponement until Monday next.

Plea of Guilty—Charles Hollander, a colored man, indicted for Grand Larceny, was called to trial, but on his putting in a plea of guilty, the Court sentenced him to the State prison for 5 years.

Rosalie Oppenheimer, a French Girl, was placed on trial, charged with robbing her employer, Mrs. Susan C. Ewing, of No. 525 Broadway, of clothing, jewelery, &c., to the value of $1,009. Mrs. Ewing took the stand and testified that the property was stolen from a trunk, the key of which was entrusted to the accused. A colored woman testified to seeing the accused at the trunk on the evening previous to the day on which she left the house and service of Mrs. Ewing. The Jury, after a deliberation of several hours on the evidence, rendered a verdict of Not Guilty, and she was discharged.

Sarah Miller, indicted for stealing $8 68 from John Wickham, was placed on trial. The evidence adduced showed that the complainant went into a disreputable house, in Anthony-st, on Sunday night, and, while in the act of leaving it, was attacked in the hall by the prisoner and several others, beaten and robbed. The Jury found her guilty, and she was sentenced to the State Prison for ten years.

AFTERNOON SESSION—Before Judge BEAME.

George Lewis, colored, was tried and convicted of stealing, on the 22d ult., six barrels of flour, valued at $27 50, from Pier No. 36, East River, the property of Charles H. Roome. After stealing the flour, he offered it for sale to a baker named Pearsall, who had him arrested. He was sentenced.

James Burns, John Lee and John Smith, indicted for robbing John Duffy, on the 6th ult., of $34 and a silk handkerchief, were placed on trial. The alleged robbery took place in a piece of woods near the North River. The complainant had been enticed there by the prisoners, who met him at the Crystal Palace. The evidence failed in a measure to sustain the indictment, and the prisoners were convicted of petit larceny only, and sentenced to the Penitentiary for six months each.

Simon Silverstein, indicted for burglary on the public house of John Farley, No. 116 Chatham-st, pleaded guilty to petit larceny. The plea was accepted, and his previous character having been shown to be good, he was let off with a fine of $25, which he paid and was discharged.

Chas. Hawkins indicted for burglary in the second degree, in having, on Sunday, the 24th ult., broken into a room in the second story of house No. 93 Cedar-st. The evidence sustained the indictment, and he was convicted and remanded for sentence.

Thaddeus Smith, colored, indicted for petit larceny, in stealing a pair of shoes from the store of Joseph Beville, No. 206 Cherry-st, was placed on trial and convicted. Being an old offender, the Court sentenced to the State Prison for four years.

John Riley, indicted for arson, fourth degree, in setting fire to the stables of Murphy & Smith, stage proprietors, on the 7th inst., was placed on trial. The prisoner was seen to enter and shortly afterward to leave the stable, and about five minutes after he left the fire was discovered in one of the stalls. No damage was, however, done. Upward of 100 horses were in the stable at the time. The Jury found him not guilty, and he was discharged.

Ann Robinson, a fair seamstress, pleaded guilty to stealing a watch valued at $45, from her employer, Alexander A. Follmer, of Morrisiana, on the 9th ult. She was sentenced to the State Prison for two years. The prisoner is the person who, at the time of the larceny, stole a child of Mr. Follmer, and brought it to this City, and was not found until the expiration of several days. Mr. F. declined prosecuting for this last offense.

Policy [illegible] for grand larceny, in stealing [illegible] of [illegible] from J. B. [illegible], Esq., was tried and found guilty. The Court sentenced him to the State Prison for two years.

Adjourned for the day.

COMMERCIAL INTELLIGENCE.

Per steamer [illegible]

[From a Private Correspondent.]

LIVERPOOL, July 23, 1853.

COTTON—The sales of the week [illegible] Middling Orleans for the week are reported at 5¾; middling 6¼; Upands fair 6¼. Middling for which quotations may be regarded as nearly ¼d above the current rates of the ending of the week. The sales to speculators amount to about 12,000 bales, and about 12,000 have been exported.

BREADSTUFFS—Have continued very firm and active throughout the week, and Flour and Wheat have advanced. We quote Western Canal at 27 6, and Ohio at 28 6. Yellow and White Corn 31 6.

LARD—Quiet, at 50.

London Sugar is the last commerce easy; discounts unchanged. Consols closed yesterday at 96¾.

Liverpool Cotton Market.

During the week, notwithstanding some pacific opinions on the European question, the grades of American, from low middling upward, have advanced 1 full d., while the lower had attracted the attention of speculators and were quite saleable at previous rates. Holders met the demand freely, but without pressing sales. The market closed firm on the evening of the 22d.

The week's sales were 36,500 bales, including 16,000 on speculation, and 11,200 for export. The imports of the week were 44,000 and stock on hand 657,000, including 476,000 American. The authorized quotations are:

Fair Orleans	7d	Middling	6 5-16
Fair Mobile	6¾	Middling	6 1-16
Fair Upland	6¾	Middling	5 15-16
Inferior	3½	Ord	

Rates for middling and lower qualities rather irregular.

BREADSTUFFS—The market has been considerably excited during the week, from the effect of heavy sales during one or two days in the early part of the week, and from the opinion of the French ports to free importation. There has been an extensive business done in FLOUR at 31@32 in advance over the rates current last week.

WHEAT is in good demand at a shade dearer. There is little doing in Indian Corn, but it is generally held at an advance over last week's prices. Messrs. Dorlestone & Co. quote White Wheat at 8@8 1; Red and mixed, 7@7 11. Western Canal Flour, 27 6@28; Ohio, more and mixed, 7@7 11. Western Canal Flour, 27 6@28; Ohio, 28 6@29 6; White Corn, 31 6@32; Yellow 31@32.

PROVISIONS—Beef continues in moderate retail demand at unchanged prices. Pork is in steady demand, and some sales have been made for export at about previous prices.

BACON at rally, limited business. Stock mostly in one hand. Holders are inclined to accept 1 reduction. CHEESE is good inquiry and all cleared off. LARD—A moderate business doing at 50@51. TALLOW dull. Petersburg 5. Cloud at 51. GREASE BUTTER wanted.

Liverpool Produce Market.

ASHES lower; nominal at 26@27 for Pots and Pearls. ROSIN unchanged; 1,200 bls sold at 4 6 for common, to 11 6 for fine. No sales of TAR or TURPENTINE—Spirits brl. 6 6 for American.

OILS of all kinds are steady at last quotations, with a moderate business. Palm oil lower, selling at 2?7 on the spot and to arrive. DYEWOODS, no alteration.

RICE—Less firm. Rice in good demand at full prices. 250 tierces Carolina brought 28. TEA brisker yesterday by the trade at unchanged prices—holders firm. COFFEE—1,000 bags Rio sold at 41@44 for common.

JAMAICA SUGAR without material change, but prices steadily supported. LONDON CANE firm at the recent advance. FRUIT—no change. TOBACCO—A fair business, with an upward tendency.

State of Trade in Manchester.

YARNS and Goods for the home trade continue in good demand at firm prices. No quotable change of importance in Cotton stocks.

London Markets.

Baring Brothers report more disposition for business, from the impression that the Russo-Turkish question would have a pacific solution. COFFEE was firm. SUGAR in active demand throughout the week. TEA rather [illegible]. Nothing doing.

TALLOW quiet at 50 on the spot. SPIRITS OF TURPENTINE quiet at 36 6. LINSEED OIL [illegible]. Other articles [illegible] PALM OIL receded to 40. BREADSTUFFS firm and brisker. FLOUR sold at 30@32 6 for fine American. WHEAT 5? 6. CORN cold. Inferior grades easy. Barley: Rails for early delivery 23, Bays £7 10 to £8.

Havre Market.

The sales for the week, to the 14th inclusive, were 5,874 bales against 9,[illegible] imports. Stock on hand 134,000 bales. New-Orleans was nominally quoted at 74f. Uplands to 80f. Our correspondent of the evening of the 20th ult. says: COTTON is brisk and prices have risen today 1@2f. owing to favorable Liverpool and Turkish advices. RICE is in speculative inquiry. TEA inclined. COFFEE firm, with moderate transactions.

London Money Market.

Money for Commercial purposes is abundant. Consols improving, closing price 96¾ for Money. Bar Silver lower. Dollars sell at 4 11. Eagles in moderate demand at 79 6d.

Paris Bourse closed on the 22d at 71f 90c for Threes, and 100f 30c for 4½ per Cents.

American Securities.

Bell & Co. report the market supported during the week, with scarcely any change in prices and a steady business. Baring Brothers say the demand continued to feed but quotations unaltered.

Freights.

Train & Co report to Boston cotton weight, 17; 6d.; measurement, 17; 6d. (20). New-York—Weight 12; 6d. (15).

THURSDAY, Aug. 4—P.M.

The Stock Market continues unsettled to-day, but some stocks were better—Erie, Harlem, Canton, Hudson River 6 8, Crystal Palace again went down 4 P cent, New Haven ¼, Nicaragua ¼. The operations of the Banks must have been large. According to their return to June 11, they had loaned brokers nearly $6,000,000; calling that in would make an active demand to keep up the stocks, and throw an eager class of borrowers upon the general market; outside of that there appears to be no stringency. On the other hand the inquiries for stock at the low prices are coming in from the country, and opportunities sought for good investments.

Money was in active demand to-day, and good short paper [illegible] P cent. Longer dates in some cases as high as 9 P cent.

Exchange is dull at 9¼@9¾ bankers' names, and 5 10@5 12½ for Francs. The Boston steamer took $[illegible].000.

Freights are better since the arrival of the steamer, with more offering. At the close they were unsettled. We note engagements to Liverpool for 5,000 bush. Wheat at [illegible] in bulk. Early in the day and at the close 10,000 bu. at [illegible] in bulk; 1,000 bbls. Flour at 24, 6d. @ 28, 9d. There is little doing in Cotton. To London, the rates are nominal, with few engagements.

Mr. Simeon Draper will sell at auction to-morrow, a number of bank and railroad stocks of a desirable character, and one hundred tons of copper pyrites, the produce of the mines of the North Carolina Copper Company.

The United States Trust Company have commenced transacting business at their office, No. 40 Wall-st. The company is made, under act of legislature, a legal depository for moneys paid into court, and it is also authorized to act as receiver of estates and guardians. All trust moneys will find this new institution a safe depository. The President is Mr. Joseph Lawrence, late of the New-York Life and Trust Company. A list of the Directors will be found in our advertising columns.

The news from Europe per the Washington was decidedly better to-day. Cotton and breadstuffs were better, and peace hopes stronger. *The Daily News* of the 20th says:

"There was a decided movement in the English Stock market, prices of nine at a rise of ¼ per cent on the previous day. The consol settlement has led to a demand for stock, and shows clearly that the public have been buying on balance, during the late decline, while the market in addition only strengthened, although nothing of a definite character has transpired, by the various Continental advices which agree in referring to the prevalent impression that the Eastern question is likely to be settled by negotiation. The sustained improvement of the funds had exercised a favorable influence in all the other departments of the Stock Exchange, but without inducing any activity of business. It is noticed, however, that there has been an increased disposition to-day to purchase for investment, not confined to any one branch of the market, but chiefly perceptible in the funds and the railway market."

From Paris, July 19, we learn that the Three per Cents closed at 71f. 15c. for the end of the month; and the Four and a Half per Cents at 100f. 50c.

The lumber trade throughout Georgia is, at the present time, unusually active, and it is estimated that at least twenty-five million feet will be shipped from Darien alone during this season.

There is to be further delay in opening the transfers and issuing original certificates for the New-York Central stock. The arrangements will not be complete before the close of this month. The agency in this City will be with Duncan, Sherman & Co., who have appropriated the basement offices of their banking house to its use. The stock certificates, of course, to be sold, to be paid for on the opening of the books. The certificates of debt will also be delayed.

It is stated that the Secretary of the Treasury, is about to issue a Circular of General Instructions to Collectors and other officers of the Customs, intended to guard against frauds in the revenue passing from the frontiers of foreign territories into the United States. The goods are to be invoiced, manifested and subject to all the strictness of valuation observed at ports of entry. The Circular will also impose additional guards against undervaluations, generally, directing seizures, as on the ground of fraud wherever on suspicion and re-valuation, the difference is found to be equal to 20 P cent; and wherever such difference is found to be 10 P cent the true value is to be appraised, and 20 P cent additional duty to be collected. The Circular will also instruct against different values on the same goods to different importers at different ports or places; and against preferences or partiality in the order of entries; and against imparting private information to importers of the action of the appraisers at large.
