NUMBER 163.

## WARSAW DOOMED TO GO BEFORE COLOSSAL MOVE GERMAN ARMIES

VON HINDENBERG AND VON MACKENSEN WHIPPING FORWARD ENDS OF GREAT ARC

RUSSIAN LEADER HAS A BIG TASK

Looks as Though He Will Not Be Able to Stem Tide of German Hosts Mighty Drive.

London, July 19.—The Morning Post correspondent reports the Russians have ordered a gradual evacuation of Warsaw.

London, July 19.—With German Field Marshal Von Hindenburg on the north and Von Mackensen on the south whipping forward two ends of great arc around Warsaw, it is realized here that Grand Duke Nicholas has the most severe task imposed upon him since the outbreak of the war in defending the city.

Some military writers think this is impossible and newspapers of London are already discounting the fall of Warsaw, saying the Russian army has been under great difficulty on account of this salient, since it has been unable to straighten out the line by advances either in East Prussia or in Galicia.

The German move, which is a colossal one, developed marvellous suddenness.

London, July 19.—Attention is now centered on gigantic operations in the east where fighting is in full swing in nearly every section of the Russian line from the Baltic to the Dnieper. General von Buelow is pushing the German advance toward Riga on the northern end of this line. Movements are being conducted by the cavalry on a scale exceeding anything heretofore known during the war. Herlin claims a steady advance and Petrograd concedes the Russians for a week after a stubborn contest. On Buelow's right is General von Eichorn, who is being held up by the great Russian fortress of Osowus. On Eichorn's right is General von Grawert who captured Przasnysz and now is pressing the attack on the Narew and its tributaries. On the famous Rawka and Zura lines there is a comparative quiet which also is reflected in southwest side of Warsaw. To the southeast the movement against Lublin, temporarily checked again in full swing.

The Russians must fight a defensive battle for the possession of Warsaw or abandon all Poland. Military observers here believe Grand Duke Nicholas is likely to adopt the latter course, and withdraw his armies intact.

These tremendous German activities in the east suggest that the Teutons have little reserve to devote to the western campaign offering the entente allies respite either for the completion of munitions supplies or for a concerted attempt to recapture Lille. Another view holds that the best service the allies can give Russia

(CONTINUED ON PAGE SIX.)

## NO INVESTIGATION OF ATTACK ON FRANK

PENITENTIARY COMMITTEE OF HOUSE OF REPRESENTATIVES TABLES RESOLUTIONS CALLING FOR PROBE—CONVICT GREEN CHANGES ATTITUDE.

Investigation After All. LATER: It was announced that the state prison committee will make a complete investigation of the attack on Leo M. Frank.

Atlanta, Ga., July 19.—The penitentiary committee of the house of representatives this afternoon tabled three resolutions calling for an investigation of the attack on Leo M. Frank. Committee members expressed the opinion that William Green alone was involved and that there was no negligence of prison officials.

When questioned today William Green, the fellow convict who cut

## MEXICO CITY IS AGAIN THREATENED WITH ATTACK

TEN THOUSAND VILLA TROOPS MAY BEGIN ASSAULT ON CAPITAL—AMERICAN CONSUL GENERAL CALLED TO WASHINGTON.

Washington, July 19.—Mexico City is again threatened with attack, this time by ten thousand Villa troops, according to state department dispatches today, and Gonzalez, commanding Carranza forces there, is said to have marched northward to meet Villa, who was reported encircled by Obregon after defeating him at Aguacalientes, and took Pacuén within forty miles of Mexico City.

Carranza is reported to have taken possession of the railroad east of Apizaca, for the transportation of troops, thus preventing further shipments of foodstuffs to hungry thousands in Mexico City. It is feared here Gonzalez will not leave enough soldiers in Mexico City to prevent disorder.

Washington, July 19.—Arnold Shanklin, American consul general at

Mexico City, is on his way to Washington under orders from the state department to report on conditions there. This was stated officially today. Incidentally it was admitted that Shanklin had been withdrawn temporarily from duty at Mexico City to avoid a continuation of friction with Senor Cardoza, the Brazilian minister there.

Last week Shanklin went to the Mexican capital to carry on the Fed Cross relief work. A difference over methods to be pursued developed between Shanklin and Cardoza. It was not serious but Cardoza has for many months been looking after American interests so satisfactorily as to win the gratitude of the state department. They regarded the removal of the cause of the friction, regardless of the merits of the question, as only proper.

## FRENCH CLAIM TO HAVE KILLED MANY GERMANS

SUMMARY OF DEVELOPMENTS OF THE DAY IN WESTERN THEATRE OF WAR.

Violent cannonading near Souchez, bombardment of Arras and fighting with bombs and petrol in Arconne, constitute virtually all fighting that took place.

## Slaton Expresses Surprise at Attack

Seattle, Washington, July 19.—Surprise and regret at the attempt to kill Leo Frank at the state prison farm at Milledgeville, Ga., was expressed by Former Governor Slaton of Georgia, who is here today on his way to San Francisco. He said he did not believe the attack could be traced to outside influence. He believes the criminal's mind was aroused perhaps by newspaper reports, until he was irresponsible. He declared Frank was put in the safest place for him in the state.

## Found Guilty of Killing a Woman

Pensacola, Fla., July 19.—James Perry and Bradley Roberts, were late Saturday night found guilty of first degree murder in connection with the killing of Mrs. Emily Weyman, by a jury at Milton. The jury was out only 30 minutes. Mrs. Weyman was shot to death and her body burned in her home. The motive was robbery.

## NO INVESTIGATION OF ATTACK ON FRANK

PENITENTIARY COMMITTEE OF HOUSE OF REPRESENTATIVES TABLES RESOLUTIONS CALLING FOR PROBE—CONVICT GREEN CHANGES ATTITUDE.

Investigation After All. LATER: It was announced that the state prison committee will make a complete investigation of the attack on Leo M. Frank.

Atlanta, Ga., July 19.—The penitentiary committee of the house of representatives this afternoon tabled three resolutions calling for an investigation of the attack on Leo M. Frank. Committee members expressed the opinion that William Green alone was involved and that there was no negligence of prison officials.

When questioned today William Green, the fellow convict who cut

A Berlin newspaper reaching here publishes what purports to be details of negotiations in 1912, looking to an Anglo-German peace pact and claims that Great Britain finally refused to enter into it.

## Spartanburg Farmers Selling Their Wheat

Spartanburg, July 19.—Already the farmers of Spartanburg county have marketed nearly \$5,000 worth of wheat, and it is estimated that probably not a sixth of the county's total crop has yet been brought in to the markets.

J. T. Blackwell, manager of the new plant of the Spartanburg Roller mills said yesterday that during the past two weeks the farmers of the county have been bringing into the mill an average of about 400 bushels of wheat per day. During the past few days, however, the quantity marketed has been increasing, and yesterday about 500 bushels were brought in. Although definite estimates cannot yet be made, it is believed that the wheat crop in Spartanburg county is from one-third to a half greater than it was last year. It is not improbable that the total crop for the county may reach 30,000 bushels, and possibly more.

## Auto Strikes Train; Two Lives Are Lost

Asheville, N. C., July 19.—Carl Shuford, aged five, and Ruth Shuford, aged three, were instantly killed last night when a Southern passenger train struck the automobile in which they were riding, near Hickory. Betty Shuford, their father, was seriously injured and Mrs. Shuford, Miss Bettie Hollyard and Miss Lola Munday, the other occupants of the car, were slightly injured. All were residents of Hickory.

## Enormous Sum Paid for Cotton

London, July 19.—The British government has since March 11 paid \$3,500,000 on cotton cargoes, twenty-five shipments which have been purchased in accordance with an arrangement with American shippers, the house of commons was told today.

## China's Distress Growing Greater

Washington, July 19.—Although flood waters in China are receding, distress in the inundated district is increasing, said advice to the navy department today from Capt. Hough of the gunboat Wilmington, now at Shanghai. Capt. Hough's message said there was much loss of life among the Chinese from fire, flood and lack of food.

## Back After Adventurers

Mrs. Thomas B. McClintic.

Mrs. Thomas B. McClintic, widow of Dr. T. B. McClintic, the United States Public Health Service official who lost his life during an epidemic of spotted fever in Montana a few years ago, where he went to combat the epidemic and himself fell victim to it, has just arrived in San Francisco from the Philippines, where she went soon after her husband's death to visit her brother, who is president of a bank there.

The tragedy of her husband's death a few months after their marriage sent Mrs. McClintic to the far east in endeavor to forget it. With her went their small daughter, Miss Thomasia, who was born after her

father's death. Mrs. McClintic in telling of her experiences upon her arrival in San Francisco said that she visited some of the wildest and most inaccessible places on the islands and that many of her trips were made on a mule back through some of the smaller islands where there are no white settlements. She saw some of the most primitive natives at close range and though she was repeatedly warned that she was going into danger she was not molested and never got into serious difficulties.

Before her marriage Mrs. McClintic was Thoresa Drexel, of Washington, and one of the best known young women in the capital.

## ACTIVITY GERMAN SYMPATHIZERS TO BE INVESTIGATED

DEPARTMENT OF JUSTICE TO PROBE COMPLAINT BY ENGLAND

Washington, July 19.—At the instance of Great Britain the state department has asked the department of justice to investigate activities of certain German sympathizers in the

United States whose alleged illegal efforts to injure the Allies have ranged from schemes to wreck trains carrying volunteers to British army and dynamiting Canadian factories, to causing strikes at American industrial plants manufacturing munitions for Allies.

Some prominent Americans are reported involved but their names are being withheld until evidence is secured.

## Temporary Peace Is Had In Krupp Works Trouble

Geneva, Switzerland, July 19.—According to advices received here today, the Krupp gun works officials yesterday granted a portion of the demands of the men and secured temporary peace in the threatened strike in which a total of nearly a hundred thousand workers are involved.

Minor cases of disorder in which machinery was damaged have been reported.

Workmen are reported to be still unsatisfied any many left their work. Military authorities, fearing the crippling of the manufacture of munitions and supplies, warned both sides they must reach a settlement.

## Plans For Navy Bureau Of Inventions Growing

Washington, July 19.—Sixteen American scientists, who are to furnish, with Thomas A. Edison as chairman, an advisory board for the proposed bureau of invention in the United States navy department, will be selected by leading scientist societies.

Secretary Daniels today announced that he asked the presidents of eight societies to select two members each for the board. Daniels explained that the selection of these eight societies

didn't exclude societies which might be called on later, as there is no final limitation to the membership committee.

## BROTHER TO HANG

Milton, Fla., July 19.—James Percy and Brady Roberts, brothers, were today convicted and sentenced to hang for murder near here in June of Mr. and Mrs. Peter Weimann. Robbery was supposed to have been their motive.

## NOTE TO BE SENT GERMANY BY END OF PRESENT WEEK

SHERIFFS MEET IN GREENVILLE FOR THREE DAYS

Session of State Association to Be Convened There Today.

Greenville, July 19.—The annual summer meeting of the South Carolina Sheriffs' association will be opened in Greenville tomorrow and the convention will last through Thursday. About 75 or 100 officers, including a number of chiefs of police, are expected to attend this gathering. The van of the delegates will arrive tonight, though a majority of them will not get in until tomorrow afternoon.

Indications are that the sheriffs will have a very enjoyable and successful meeting this year. It will be the first gathering to which chiefs of police have been invited, and this feature is calculated to increase the attendance considerably. Nearly every sheriff has expressed his intention and desire to be present.

The summer meeting of the sheriffs is more of a pleasurable outing than a business session, and as a rule most of the business is usually carried over until the January session. Only matters that need immediate attention are taken up.

The meeting will be called to order and presided over by Sheriff McCall, of Richland county, president of the association. He will preside over all sessions. Sheriff Rector of Greenville is secretary and treasurer and will officiate in that capacity.

It is generally understood that the sheriffs on this occasion will consider resolutions about the service of civil papers. It is reported that resolutions will be offered to the effect that fees shall be paid in advance before the papers are served, which would thereby guarantee the peace guardians against possible losses. Sheriff Rector and others have complained about the difficulty in collecting fees for the services of papers. The Greenville sheriff stated that he has at least \$5,000 outstanding in old fees which he has not been able to collect.

Sheriff Rector has worked untruly to make the convention in Greenville a big success, and to this end he has arranged a very attractive program. The chief event of the three days meeting promises to be the old fashioned barbecue to be served at Dukeland Park Wednesday afternoon. After the 'cue speakers will be heard. Governor Richard I. Manning and Congressman Byrnes, of South Carolina, has already accepted. Congressman Lator was invited but he responded indefinitely on account of conflicting engagements. The barbecue will be served at Dukeland park in the shade of the trees. Choice meats will be 'cued for a menu that will please the most fastidious palate. An old fashioned square dance will be given at the pavillion Wednesday night complimentary to the visiting officers. Other amusements will also be provided.

## SUBMARINE SINKS ITALIAN CRUISER

Berlin, July 19.—By wireless via Sayville.—An official communication received from Vienna today under date of yesterday says: "An Austrian submarine this morning torpedoed and sank the Italian cruiser Giuseppe Garibaldi, south of Ragusa. The cruiser foundered in 15 minutes."

WILSON AND LANSING PREPARE DRAFT OF NOTE TO BE PUT BEFORE CABINET

TO INVESTIGATE ORDUNO INCIDENT

Message to Imperial German Government Will Be Brief and to the Point.

Washington, July 19.—Secretary of State Lansing, who with President Wilson today prepared a draft for a note for the United States to Germany on submarines, announced today that the attack on the Orduna be investigated, that thus far it was not officially before the state department.

He stated further that the note which will be presented to the cabinet tomorrow and probably sent to Germany before the end of the week, would reiterate the position of the United States to previous notes and will be brief. No intimation was given out as to its contents.

Washington, July 19.—President Wilson returned from Corish this morning. He drove to the white house at once and began a conference with Secretary Lansing and other officials preparatory to tomorrow's cabinet meeting which takes up the American note on submarine warfare.

Washington, July 19.—The president discussed with Lansing the formulation of the policy the United States intends following as a result of the German note. A tentative draft will probably be called to Berlin before the week-end. The new note will probably set forth definitely the consequences of further violations of American rights.

Official advices are being awaited here today as to the circumstances of the German submarine attack on the British steamer Orduna, carrying a score of Americans. The fact that the liner carried no munitions or contraband leads officials here to believe the position of the United States as outlined in its previous note has been considerably strengthened and bears out the official claim of the American contention that the character of a vessel its destination and cargo can be safely determined only by a visit and search.

## MYSTERIOUS FIRE ON U. S. BATTLESHIP

Blaze Discovered on Oklahoma At Philadelphia Navy Yard.

Philadelphia, July 19.—Fire of mysterious origin was discovered tonight on the battleship Oklahoma, but was soon extinguished. It is impossible to estimate the damage until the water is pumped out.

## Losses Life Under Train

Cameron, July 19.—Samuel Kemmerlin, a member of the Edison Rice company of Ellerbe, was killed by a train last night after he had returned from the encampment at Greenville. He was 28 years of age. He was buried at Mt. Lebanon Lutheran church this afternoon. His company attended to a body.

## EFFORTS TO AVERT BIG STRIKE FAILED

FIRST WALKOUT OF MACHINISTS IN BRIDGEPORT WILL OCCUR TODAY—WORK IN BIG REMINGTON SHOPS TO BE AT STANDSTILL IN A WEEK.

Bridgeport, Conn., July 19.—Negotiations to settle the differences between the Bridgeport machinists and employees of the Remington Arms and Ammunition company, engaged on a gigantic scale in the manufacture of war munitions for the Allies, have failed.

Labor's representatives announced tonight that the first machinists walkout would occur tomorrow and within a week all work in the Remington shops and in the shops of subcontractors will be at a standstill. Leaders are unable to estimate just how far the strike will spread in other

manufacturing communities of New England.

J. J. Kepplio, international vice president of the machinists' union, referring to Samuel Gompers call for a conference of union officials to consider the strike, declared: "Neither Gompers nor the president of the United States can stop the strike now."

Washington, July 19.—Samuel Gompers today in announcing a conference of union officials, and declaring the Bridgeport strike, said he prepared to use every resource at his command to prevent a general strike.
