RELIEF FROM THE COMING DRAFT.
An Association has been formed in the city of Brooklyn under the name of
"THE KINGS COUNTY DRAFT RELIEF ASSOCIATION,"
WITH A CAPITAL OF $25,000,
secured by a deposit of public stocks in the hands of John K. Pruyn, Esq., President of the Central Bank, as trustee, which with the premiums received will form a
GUARANTEE FUND FOR THE ASSURED.
The object of this Association is to allay the excitement and anxiety of the public relative to the draft, and to enable men of small means to secure a substitute (if drafted) by the payment of a moderate sum of money.
The gentlemen connected with the association are well known, and the public may be assured that the business will be conducted equitably and honorably.
The premium at present has been fixed at $150, for which sum
A SUBSTITUTE WILL BE GUARANTEED,
in case the assured should be drafted.

SULPHUROUS BATHS.
Sulphurous Baths, of San Diego, Island of Cuba.—Large buildings have been erected on the spot, under the inspection of the government of the island. These sulphurous waters (cold and warm) have been used for the last sixty years, and are recommended by the most eminent physicians, among whom we may name Drs. Jorrin, Le Reverend, Zayas, Ruz and Galuzzo. They are visited every year, during the season from February to May, by upwards of four thousand people, and their use is specially recommended in cases of rheumatism, venereal diseases, and other complaints for which sulphurous waters are ordered. Great relief will be felt by both sexes in their use. The village of San Diego has five spacious first class hotels, with every accommodation for travellers; these hotels are located near the Bath Establishment, and their charges do not exceed three dollars per day. Communications between Havana and San Diego exist both by railway and stages, or by steamers and stages, and the trip, either inland or by the sea shore, is made in about twelve hours. The price charged for every bath is only twenty cents. These Springs are very well known to many travellers from the United States and Mexico, who avail themselves of the fine season (from February until May) to visit Cuba. That season of the year is the most delightful and propitious for the use of sulphurous waters, inasmuch as the cold weather in the United States prevents persons living there enjoying the benefit of their own springs. For further particulars apply at the office of the San Diego Sulphurous Baths, No. 16 Obispo street.
HAVANA, Dec. 31, 1864.

THE COMING DRAFT.—IMPORTANT NOTICE TO ALL who are enrolled as liable to Draft.—The New York County Committee on Volunteering have reason to believe that a further call is likely soon to be made by the President for men.
Hitherto great complaint has been made that the quotas demanded of the county of New York have been excessive.
As all quotas are based upon the enrolment, it is evident that no relief can be expected except by a reduction of the enrolment to its proper standard.
Although appeals have hitherto been made to citizens to correct the enrolment, there has been little or no disposition shown by the public to discharge its duty in this particular.
It is evident that this duty must be performed by the public authorities, or it will not be performed at all.
By consent of the War Department and the advice of the Governor, the New York County Committee on Volunteering has determined to undertake the herculean labor of correcting the enrolment of the county.
No means will be spared to make this correction thorough and satisfactory both to the people and the government.
Our only object is to correct the enrolment and place it at a proper standard, and every citizen owes it alike to himself and his neighbor to assist in this work.
In addition to other means which will be brought into requisition for the accomplishment of this object, a complete copy of the existing enrolment of each ward or election district will be printed and furnished to every enrolled citizen of the ward or election district.
This will prevent the excuse which so many who are exempt have made that they did not know they were enrolled, and hence did not attend to having their names taken from the roll.
It will also afford the opportunity for every man enrolled to see whether or not his neighbor is enrolled, and enable him to secure that those liable and not enrolled shall be put down.
Every person enrolled is requested to aid in the gigantic labor which we have undertaken, by complying with the following conditions:—
I. Whenever a name appears of any person who is not enrolled, but liable, notice of the fact should be given to the Provost Marshal of the district by any person who may be cognizant of the fact, in order that the same may be recorded.
II. Whenever a name appears of any person who has removed, notice of the fact should be given at the Provost Marshal's office, that the same may be stricken from the roll of that district and recorded where it properly belongs.
III. Whenever a name appears which is known to be fictitious, or any one is aware that the person indicated is not a resident as described, notice should be given at the Provost Marshal's office, that the name may be stricken from the roll.
IV. Whenever cause of exemption exists, for, any reason, notice should be given to the Provost Marshal of the district by the exempt person himself, that the name may be stricken from the roll.
The following are the causes of exemption:—
1. Over forty-five years of age.
2. Under twenty years of age.
3. Being an alien and never having voted.
4. Having furnished a substitute in anticipation of the draft.
5. Having been drafted and furnished a substitute.
6. Having been drafted and paid commutation.
7. Having been drafted and received a certificate of permanent physical disability.
8. Being permanently physically disqualified.
9. Having served two years in the army or navy during the present war and been honorably discharged.
In addition to this, so far as possible, every enrolled man will be waited upon personally by authorized agents, deputed to ascertain the liability of all enrolled men, to have those improperly enrolled taken off, and to add those not on, but who should be enrolled.
As this is an effort to correct and not increase the enrolment, it is to the interest of every person to give correct and true answers to any and all questions which may be put to them, and all persons declining to answer, or giving false answers, render themselves liable to arrest and imprisonment.
This is probably the last attempt which will be made to secure a correct enrolment of the county of New York. To be successful, the co-operation of every resident of this city and county is absolutely required.
The government officials have evinced a disposition to afford us every facility to attain the object in view. If, therefore, through the indisposition and apathy of the public, who are most concerned, this effort to correct the enrolment prove abortive, and further excessive quotas are demanded of us, because of the incorrectness of the enrolment, the people of this city and county will be themselves responsible, and they will have none but themselves to blame.
