This ticket is one eminently calculated to sustain Mr. Flagg in his present position as Controller of the City—to eradicate the mismanagement of our city officials—to check abuses, and to furnish our citizens with intelligent, honest, and capable representatives for the Seventeenth Ward at the coming election. There was much enthusiasm manifested on the occasion of this nomination. Several speeches were made. The City Reformers of the Seventeenth Ward will do their part at the coming election to insure success. It was resolved by the meeting to publish this ticket in all the daily papers.

☞ **Twentieth Ward Municipal Reform.**—At a meeting of citizens of the Twentieth Ward, held on Tuesday Evening, 18th instant, at No. 297 8th-av., friendly to Municipal Reform, HENRY McLEAN was, on motion, called to the Chair, and H. W. Nichols appointed Secretary.

On motion, a Committee of three was appointed to draft a call for a public meeting.

They submitted the following, which was unanimously adopted:

The undersigned, citizens of the Twentieth Ward, acting in accordance with the suggestions of the City Reform Committee, have ascembled to organize, for the purpose of securing the election to offices of men who are prepared to carry out such principles of reform in our City Government as, from the experience of the past, we feel to be imperatively demanded. We believe the time has come when to remain passive would be a great wrong, and when by united effort our wrongs may be redressed and just and righteous principles obtain the ascendency over the corrupt party influences that have been so destructive to the reputation of our city and so oppressive to our citizens. With this view, and for numerous other reasons, we call upon the voters in favor of Reform, to rally at Lamartine Hall, corner of 30th-st. and 8th-av. on MONDAY EVENING 24th inst. at 7½ o'clock, for the purpose of nominating candidates to be supported at the ensuing election. HENRY McLEAN, Chairman.

H. W. NICHOLS, Secretary.

☞ **Economise your Gas Bills.**—No one who desires a steady and beautiful light, should be without the Patent Gas Regulator. With this machine in use, no gas escapes unconsumed. Nor is the least personal attention required to have a perfect light.

Read what those who use it say:

"We think it regulates the burning of gas, it saves in expense more than twenty-five per cent. ALEX. T. STEWART & Co."

"They perfectly regulate the burning of gas, and with as good a light, save us a handsome per centage upon our bills of consumption, say about fifteen dollars a week, which is equal to twenty-five per cent, on our gas bills. COLEMAN & STETSON, Astor House."

"We find our lights to burn with perfect precision, never varying, giving a clear, steady, still light, even when any number of burners are suddenly extinguished, we notice no change whatever. And, in regard to the consumption of gas, they save us more than twenty-five per cent. SIMEON LELAND & Co., Metropolitan Hotel."

The property which has been selected comprises the Farm of Nicholas Van Cleraad, Esq., and is situated on the Williamsburgh and Cypress Hill Plank Road, between Myrtle and Cooper-avs., and only three miles from the Brooklyn and Williamsburgh Ferries. The cost to each member for a commodious Lot, will be $85, including grading, opening streets, &c., and the opportunity to obtain one of four acres, worth $1,000 each, which is in exact proportion to the cost of the whole farm. The First South Williamsburgh Association have purchased nearly five hundred Lots immediately adjoining, which have all been taken by persons who contemplate building during the ensuing spring and summer. And valuable and important improvements are now rapidly advancing upon a portion of the property. The Long Island Water Works will be only half a mile distant, the construction of which during the ensuing summer will give employment to hundreds of mechanics for years, and greatly increase the value of all the surrounding property. All who desire to procure a desirable Building Lot near the city, and accessable by stage and railroad, at a mere nominal cost, will find it to their advantage to attend the meetings of the Association and learn further particulars.
