☞ **Reform Committee.**—The reform Committee appointed at the great meeting at Metropolitan Hall, on the 7th day of March last, having been very generally urged to select a complete ticket of Judicial officers from the several nominations made by the respective parties, have duly considered the subject, after an earnest debate, in which conflicting views were presented, and have determined not to present a ticket of that character.

The Committee finally came to this conclusion in order that their action in respect to Municipal Reform might be harmonious and incapable of misrepresentation.

The Committee being satisfied however, that the offices of Judge and District Attorney, are not and ought not to be political offices, that they should not be made dependent upon, or even expected to do the work of party, that they are important arms of the public service, which should be severed from all political bias and association, that the success of Municipal Reform is in a good degree dependent upon having men occupying those offices, who will be a terror to evil doers, and above all, that it should be established as a principle that the tenure by which judicial offices are held, should be as permanent as possible consistently with the nature of our institutions, and that no judge who has honestly and faithfully discharged his duties should be displaced at the end of his term of service, except for good cause, and being desirous also of testifying their unqualified approbation of the manner in which the Judges and District Attorney, who have been nominated for re-election by the Democratic party have discharged their high responsibilities, and of recommending them to the public confidence and support, passed unanimously the following resolutions:

Resolved, That the Reform Committee earnestly recommend to the voters of this city, that they support at the ensuing election, the nomination of Judge DUER and EMMET for the Supreme Court, of Judge DALY for the Common Pleas, of NATHANIEL B. BLUNT for District Attorney, as eminently due to firm, upright, and able officers, who have faithfully served the public, and that we will use all proper means to secure their re-election.

Resolved further, That in respect to other Judicial stations to be filled at the ensuing election, the Committee conceive it to be desirable, and recommend that party considerations be entirely waived, and that the most suitable candidates on the score of learning, integrity and experience, be selected. October 27th, 1853. By order of the Committee.

☞ **South Williamsburgh.**—A regular meeting of the Second South Williamsburgh Village Association will be held at their Rooms, No. 187 Bedford-av., on TUESDAY EVENING, Nov. 1st, at 7½ o'clock. To the mechanic and workingman this Association offers unusual advantages; the property which has been selected is situated on the Williamsburgh and Cypress Hills Plank Road, between Myrtle and Cooper-ave., and only three miles from the Brooklyn and Williamsburgh ferries. The cost to each member for a commodious lot will be $65, including grading surveying, opening streets, &c., together with an opportunity of obtaining one of four beautiful corner-ave. lots, worth $100 dollars each, without additional cost. The First South Williamsburgh Village Association have purchased nearly 100 lots, adjoining which have been taken principally by persons who contemplate building during the ensuing spring and summer, and many valuable and important improvements are now rapidly advancing on a portion of the property. The Long Island Water Works will be only half a mile distant; the construction of which, during the Summer, will give employment to hundreds of mechanics, and greatly increase the value of all the adjoining property. All who desire to procure a valuable building site at a mere nominal price, and easy of access by two lines of stages and the Division-av. railroad, are respectfully invited to attend the meetings of the Association, and learn further particulars. JOHN WILSON, Pres't.
CHARLES YOUNG, Secretary.
