Detective Police.—A woman was yesterday arrested and held to answer on the charge of poisoning a number of pigs belonging to James Fagan, who resides on the corner of Bond and Bleecker-sts.

WILLIAMSBURGH ITEMS.

Board of Education.—A regular monthly meeting of the Board of Education was held last evening, the President, Mr. Sylvester, in the Chair.

Mr. Henderson reported on the part of Committee that it was impracticable to reduce the plans of the two school-houses about to be erected so as to bring the cost within the limit of $7,000, the amount appropriated for that purpose.

The Committee on Evening Schools reported that that school had been opened and which is attended by about 600 persons, from 16 to 40 years of age, residing in all parts of the city, and embracing all classes.

A report was received from the Principal of the Normal School, showing that the School has now commenced the 14th of October, and 114 persons had registered their names, out of which there was an average attendance of 95 persons. On motion, $50 was appropriated for the purchase of books for the use of this school.

The Committee on Qualifications reported in favor of granting certificates to Louisa Cole, as First Assistant Teacher in the Primary Department; Anna E. Niebuck, Catharine W. Terry, Emily R. Pike, Elmira C. Gray, Ann Eliza Dunn and Julia Wood, Sculpin in the Grammar Department; and Miss Sarah J. Bell, as assistant in the Primary Department.

Due notice was ordered to be sent to each Department.

A resolution was adopted and a Committee of three appointed to have the residence of Sculpin Academical classes at such places as shall be most convenient, and to report at a special meeting, when the next week to join.

The following preamble and resolution, offered by Mr. Baker, were adopted:

Whereas, A law was passed at the last session of the Legislature, designed to make the expenditure of school moneys equal in every ward in the State, and making the duties of the Police of cities to arrest every truant child who is not attending school, and to report the parents or guardians of such truant children, to compel them to send their children to be provided by the Board of Supervisors. Therefore be it

Resolved, That the whole subject be referred to a Committee, to report at a special meeting, what measures are expedient to carry this law into effect.

Messrs. Baker, Lee and Magnoli were appointed said Committee. The Board then adjourned.

Independent City Nominations.—The following nominations have been made by a number of the disaffected: Mayor, George Hughes; City Clerk, Samuel J. Sayr; Comptroller of Streets, Jr. Robert John McVay; City Counsel, John Dean; Treasurer, H. L. Pomeroy; Keeper of Cells, Jas. Gallendett; Sealer of Weights and Measures, John Powell.

Regular Independent Nomination.—For City Clerk, Ransom S. Edson, (Colonel Mon) Janitor to City Hall.

Maine Law Mass Meeting.—A Maine Law Mass Meeting was held at the hall of the Odeon, last evening, which was well filled with an exceedingly responsable audience of ladies and gentlemen. Mr. John S. Wells presided and Mr. E. H. Rowlandson acted as Secretary.

The meeting listened to eloquent addresses by the Rev. E. H. Chapin, of New-York, and Hon. F. D. Collier, of Williamsburgh and several resolutions were adopted, resolving that as moral persuasion had been used without success, they would endeavor to obtain a Maine Law, and also to support No Assembly, Mr. Sargent, the Whig nominee, as a Maine Law man, and also regretting that they were so far unable to indorse either of the political Candidates for Senate.

Fire in Sudewick.—Yesterday morning at 3 o'clock, a fire broke out in the machine-shop of Abraham & Peter Vreeland, situated on the Newtown Turnpike, head of Meserole-st. The building, machinery and stock were entirely destroyed. The fire communicated to the adjacent dwelling-house, on the same lot, occupied by Peter Smith and Elijah Barnes, John Wright and Wm. Proctor, which were also burned down. The buildings were owned by Benjamin Burns, whose loss amounts to $2,000, insured for $1,150 in the Williamsburgh City Insurance Company. Messrs Vreeland's loss in machinery and stock amounts to $4,000, insured for $2,000, in the Williamsburgh City Insurance Company. The fire is supposed to have originated from the chimney in the blacksmith-shop.

NEW-JERSEY ITEMS.

Temperance.—The friends of Temperance in Jersey City are becoming more interested in that subject. It is expected that Temperance meetings will be held regularly during the winter—probably in the Lecture Room in the Public Square, in Grand-st., formerly the Reformed Dutch Church on the opposite side of the Square. A committee consisting of Abl. Cleveland and Lewis Bonnell have charge the making of necessary arrangements. Messrs. Gould and Steele, a Finance Committee in connection with the movement, have raised over $ [illegible] towards the expenses of such meetings. The organization of a County Temperance Society is contemplated. Dr. Cordit, the Rev. Mr. Taylor and the Rev. Mr. Arrow, of South Bergen, constitute a committee to consider the propriety of such an organization.

Jersey City Affairs.—The City Treasurer's report for the month of October shows a balance of $ [illegible] in the City Treasury. The Committee on Public Grounds and Buildings have been empowered to contract for the erection of an Engine House in Exchange-st. All lands and premises on which taxes and assessments are due and unpaid, shall be sold for same on the first day of February, 1854, at public auction. The owners of several of these lots are unknown.

LAW INTELLIGENCE.

SUPREME COURT—Special Term.—Before Judge Harris.

John Milhau, et al. agt. Peter Sharpe and others, grantees of the Brooklyn Railroad, and the Mayor, Aldermen, &c., of New-York.

On the injunction prohibiting the grantees from proceeding with the road, on the ground of breach of trust in the grant, and that a railroad would be an injury to the street. The taking of testimony in this case has been resumed. It having been commenced some three or four weeks since, but postponed. The case is similar to that of Messrs. Dows and Palmer against the grantees and Mayor, Aldermen, &c. which has been argued before Judge Duer, and the time of decision upon the motion is near. It has been shown that a large sum was offered to the City for a grant similar to that which was otherwise given to Messrs. Sharpe & Co., or to take a grant bearing the same privileges and charge but three cents fare instead of five, as allowed by the grant to Messrs. S. & Co.

SUPREME COURT.—In Chambers.—Before Judge Edwards.

Habt. H. Attenbaugh and others agt. Abm. L. Bogart.

Motion on behalf of defendant to be discharged from arrest, he having been prosecuted against on a claim for a larger quantity of tobacco purchased by him on alleged wrong representations made to his attorney. It was said that in July or August last defendant applied to Mr. Bryan, one of the firm of S. Kennedy & Co to purchase the tobacco in question, representing that he was respectable and had always paid 100 cents to the dollar. He was to give his notes for the tobacco, which was to be delivered to him at Albany. It was afterwards sold out the store and stock to Mr Thompson, and that the representations he made on purchasing said tobacco were not correct. &c. Defendant presented an affidavit denying any incorrect representations or fraud, and obtained an order to show cause why the order of arrest should not be vacated. Argument was heard. Decision reserved.

SUPREME COURT—General Term.

Before Judges Edmonds, Roosevelt and Morris.

The People, ex rel. Robert T. Hilks agt. the Justices of the Supreme Court.

For a writ of prohibition to stay the trial of a feigned issue, ordered on appeal from the Surrogate, by the Circuit Judge, some five or six years ago, in respect to a will. Motion denied, and trial to proceed.

Joseph Alston and wife agt. Isaac Jones and others.

Appeal from the Special Term on a decision as to plaintiffs, relating to the will of the late John Mason, deceased, father of Mrs. A. Mr. Lord commenced the argument on behalf of defendants. [Some little remark, apparently not of a pleasant nature, took place between Mr. Lord and Judge Roosevelt. It was but momentary.] The case will be continued this forenoon.

ADMISSIONS TO THE BAR.

The following gentlemen were admitted to practice as Counsellors and Attorneys: Mr. George F. Alden, Clerk of the Special Term; Messrs. George H. Parker, J. W. Allin, Isaac Van Wagenen, and Edmund L. Hearne.

CASE OF MARTIN M. VAN HOVENBURGH.

An order was moved for Mr. H. to show cause why he should not be disbarred from the Bar.

COURT OF COMMON PLEAS.—Special Term.—Before Judge Daly.

Samuel Ingersoll and Brother agt. Abner L. Ely.

On a suit to recover $4,9 58, the amount of a note, payable in goods, but which goods it was said, were demanded and refused—but, in reply, it was stated that a third person had indorsed the note, called at defendant's store, and expressed a wish to purchase to the value of the instrument that he would pay for them in a draft on the Butchers' and Drovers' Bank. After selecting a quantity he showed a bit of paper with plaintiff's name written on, and requested defendant to charge the same to plaintiffs. Defendant declined to deliver the goods on the ground that he did not know Mr. L. to be defendant's agent. The complaint on the trial, which was before Judge Ingraham, was dismissed, and a motion is made for a new trial.

It appeared that defendant was justified in declining to deliver the goods although the receipt were shown, unless an order, or something, was presented, which should afterwards find plaintiffs, and show a delivery. (Solomon vs. Dows, 22.) Motion for a new trial denied.

U. S. COMMISSIONER'S OFFICE.—Before J. W. Nelson, Esq.

CHARGE OF CRUEL AND UNUSUAL PUNISHMENT.

Capt. Pierce, of the brig Putnam, was examined on a charge of the above, preferred by Jeremiah McCarthy, one of the crew. It appeared by the testimony of complainant himself, that on an occasion during the voyage from Carthagena, complainant had been abusive to the mate, and the Captain ordered him to be put in irons and placed in a state-room, where he was kept in confinement till the vessel arrived. The complaint was dismissed.

ASSAULT WITH A DANGEROUS WEAPON.

Capt. P. was also examined on a charge preferred by Joseph Mathews, a colored man, the cook of having, while the vessel lay at Carthagena, came to the cook's galley, got the cook by the collar, and struck him several blows with an adze handle, and cook also subsequently, with a handspike. On the part of the Captain it was said complainant was a very indifferent cook, that the passengers complained, and that the blows given were very light and did not injure him or leave any mark. Complaint dismissed.

U. S. MARSHAL'S OFFICE.

CHARGE OF ASSAULT AT SEA, WITH INTENT TO KILL.

Deputy Marshal Helms took into custody, yesterday, on board ship Black Warrior, a seaman, late of the ship Marathon, of New Orleans, sent home by the American Consul, at Havana, on a charge of having snapped a pistol at the Captain, with intent to take life, and afterward fired at a person on board a steamboat alongside, the ramrod of the pistol passing through the clothes of the party. Committed for examination.

MARINE COURT.—Before Judge McCarthy.

Henry Tanner agt. Josiah W. Thompson.

To recover damages for alleged trespass in having caused property claimed to belong to plaintiff to be levied upon and sold. Defendant obtained an execution against Mr. Terwilliger, and the Sheriff levied upon property of latter, adjoining the Hospital. Plaintiff claims that a number of articles belonged to him, but he assisted the Sheriff, and furnished him a list, but the Sheriff refused to give up the property unless he was indemnified, which was refused and the articles were sold. Action is brought. In defense it was contended that all the property levied upon actually belonged to Mr. Terwilliger. The case was withdrawn.

MARRIED.

WHITWELL—BECKWITH—Last evening, at the Church of the Messiah, by the Rev. Samuel Osgood, Samuel W. Whitwell, of Jackson, Michigan, to Celine Louise Beckwith, of Milwaukee.

DIED.

LELAND—At the residence of her son-in-law, Edward G. Simons, 56 New-Rochelle, Mrs Simon Leland, mother of the Messrs. Leland, of the Metropolitan Hotel.

ROE—In Williamsburgh, Nov. 3, Francis Ashbury Roe, aged 26 years.

The relatives and friends of the family are respectfully invited to attend the funeral from his late residence, No. 28 Monroe-place, South Fr. St., Williamsburgh, on Friday, Nov. 4, at 2 P. M.

WHITE—On Wednesday, Nov. 2, of apoplexy, Elizabeth White, relict of Thomas White, of Hoboken, aged 64 years.

Her friends and those of her family are invited to attend the funeral, without further invitation, from her late residence, No. 81 White-st., on Friday afternoon at 1 o'clock.

Thursday, Nov. 3—P. M.

The business at the Stock Board was not large this morning, but the tendency of prices was upward. At the close of the Morning Board the market was not so high as at the opening. At the Second Board prices were the finest. Erie being lower, while some other descriptions were higher. Facilities for carrying Stocks are yet too difficult to obtain for active speculative operations. Wide differences continue to be paid on time, and the sellers short are disposed to restrict their movements. Erie closed at 73¾—a decline of ¼ ⅌ cent. Harlem is ¼ ⅌ cent lower. Hudson River is buoyant, and improved ¼ ⅌ cent. The receipts of October which we published this morning are considered highly encouraging. Reading fell off ¼ ⅌ cent. Norwich was steady. The Coal Shares are about as yesterday: Delaware and Hudson, however, improved 1 ⅌ cent, and Pennsylvania Coal ¼ ⅌ cent. Nicaragua improved ¼ ⅌ cent; Canton and Cary are firm, a sale of Crystal Palace was made at 58; New-York Central Stock continues to improve—a small sale was made at 116¾. The other good Stocks are dull and generally unsalable, excepting at very low figures. In Railroad Bonds there is not much doing, and rates are heavy. New-York Central, however, improved ¼ ⅌ cent. Government Stock is quiet but firm—Sixes, 1867, sold at 103.

There is a good supply of Exchange, and the market is heavy. First class Sterling bills can be had at 9¼ and probably at 9½ per cent. The supply of produce bills at 8@9 per cent is large.

Shippers are waiting for the Steamer's news, and the Freight market is dull. To Liverpool, rates are 13d. for Grain, 7½d. for Flour, ½d. for Cotton. Engagements 1,000 bbls. Cheese 50⌅. To London, Grain is 15@16d., Flour 4½d. @4½d., 300 bbls. Spirits ½⌅. To Havre, the market is firm at 90@95c. for Flour, which checks shipments.

The disbursements of the Sub-Treasury were again large to day, reaching $471,904, making $1,031,900 for two days: Receipts $163,000. Balance $6,636,379.

After the adjournment of the Board the following sales of Stocks were made at auction by A. H. Muller:

A Washington report states that the Secretary of the Treasury has purchased of the holders in Holland the five per cent loan of the Cities of Washington and Georgetown, amounting to $650,000, averaging six years to run, at 12 ⅌ cent. premium. What country was ever heard of since the creation, excepting this, which paid off its national debt before maturity at 12 to 22 ⅌ cent. premium!

The receipts of the Saratoga and Washington Railroad are about $1,000 ⅌ week in advance of last year at the same time. The third week of October of the Michigan Central gives $43,000. The month will probably be $190,000, and the Michigan Southern $300,000. Nearly all the Western roads are doing an immense traffic.

The Eagle Fire Company has declared a semi-annual dividend of 10 ⅌ cent. on the capital stock.

The National Fire Insurance Company, 12 ⅌ cent.

Mr. Henry Dwight, Jr., has, we regret to learn, been obliged to suspend payment, an event brought about to some extent by the indiscreet publication in regard to him made some days since by an evening paper. Mr. Dwight has an immense amount of assets, but being very largely engaged in railroad matters at the West, has been unable, in the present state of the money market, to go on.

The house of Leggett & Bro., No. 301 Pearl-st., paper warehouse, also stopped payment to day. Their liabilities are over $400,000. The causes of the suspension of this house is advances to Paper Manufacturers. It is supposed the greater amount of their liabilities are in this city.

We hear also of the failure of two speculators in Tobacco.

Messrs. Diamond & Co., Sugar Refiners, of Bristol, R. I., have settled with their creditors by a payment of 50 ⅌ cent. within thirty days after the respective maturity of their notes, and by a transfer to Trustees of their Refinery. This settlement is considered to be equal to 75 ⅌ cent.

Messrs. Matthews, Finigan & Fox expect to be able to pay in full.

Letters have been received from Mr. Dickinsser, the superintendent of the Bohemian Mine, up to Oct. 17. In the north vein the shaft has been sunk some 70 feet below the adit; the vein looks finely in the bottom of this shaft; it is two feet in width, rich in stamp work and affords some fine barrel work, increasing in productiveness as the shaft descends. A winze is being sunk 100 feet to the east of this shaft, and here the vein is regularly defined and looks full as well as in the shaft itself. On the newly opened south vein a shaft 9 feet by 5 in size has been carried 15 feet in the rock, and so far it is exceedingly rich; the vein is 4 feet wide, yielding excellent barrel and stamp work; from the 15 feet in depth 1,100 lbs. net copper has been extracted.

A correspondent furnishes us with the annexed statement of the Coal business of the Delaware and Hudson Canal for the season of 1853.

Shipped by the Penn. Coal Co. for week ending Oct. 29	14,974
For the season to Oct. 30	612,740
Shipped by the Delaware and Hudson Canal Co. (week)	14,827
For the season to Oct. 30	614,310
Shipped by Penn. Coal Co. to same date, 1852	547,365
Shipped by Delaware and Hudson Canal Co. to same date, 1852	445,987
Increase by the Penn. Coal Co. over last year	64,845
Decrease by the Delaware and Hudson Coal Co. from last year	31,032
Total increase of shipments over 1852, to Oct. 30	34,713
Shipped by Penn Coal Co. over Delaware and Hudson Co., 1853	17,329

The season's shipments will not exceed 1,000,000 tons. The snow storm, which fell to the depth of sixteen inches in this vicinity, interrupted business last week, which accounts for light shipments.

The next weekly statement of the Banks will doubtless show a still further decrease of Loans and Discounts and of Deposits. The amount of specie will probably be larger, as the Sub Treasury disbursements have been a million, and of the gold by the Northern Light and Ohio probably million and a half will have been received from the Mint, making two and a half millions against one million shipped by the Asia and whatever amount may go by the Saturday steamer, which, if Exchange continues to decline, cannot be large.

Mr. Johnson, Cashier of the Merchants' Exchange Bank, has been elected President of the Hanover Bank. There has been quite a revolution in the administration of this Bank.

The earnings of the Vermont Central and Vermont and Canada Railroads for September were $83,062 69, against $64,340 19 in the corresponding month of last year. The earnings for nine months ending Oct. 1, amount to $545,627 58, as follows: For the six months, $315,085 92; in July, $68,260 86; in August, $75,918 11. At Ogdensburg considerable flour is awaiting transportation.

From Ogdensburg N. Y. we learn that the contracts for the grading, masonry, and bridging of the Ogdensburg, Clayton and Rome Railroad were awarded, and the whole work is to be finished by the first of September next, and the rails are to be laid between Rome and Lowville, and between Ogdensburg and Philadelphia, making a distance of about 90 miles, within a year from this day.

At Boston the best Paper is 12 ⅌ cent. and the demand for Money active. Within ten days about a million of dollars in specie has been sent to New-York, considerable New-York paper having been discounted in State st.

A meeting of the Stockholders of the Pacific Railroad was held yesterday at the Metropolitan Hotel, when the following gentlemen were elected Directors. They are among the heaviest stockholders in the concern: Levi S. Chatfield, Sandford E. Church, Orville Clark, Caleb S. Woodhull, of New-York; Cyrus Moore, Maine; George Ashmun, Mass.; T. Butler King, Ga.; Alfred Gilmore, Penn; Francis M. Dimon, Rhode Island; Robert J. Walker, Washington; Elon Farnsworth, Mich.; William Noyes, Penn.; Jephtha Fowler, Tenn.; Thomas J. Green, California; Anson Jones, Levi Jones, W. R. D. Ward, Texas; James H. Lucas, Mo.; Isaac E. Holmes, South Carolina; Nathaniel T. Green, North Carolina; Philip T. Thomas, Maryland; H. B. Spelman, Samuel Waggoner, Ohio; G. W. Underhill, Ark.; E. T. Bridge, New Jersey.

At a meeting of the Directors of the Genesee Valley Railroad, held at Rochester on Monday, Freeman Clark, of that city, was elected President of the Company in place of James S. Wadsworth, resigned. A resolution was adopted to enforce the payment of assessments on shares by legal proceedings, when neglected or refused.

The first division of the Canada West Railroad is completed, and was opened from Niagara Falls to Hamilton on the 1st inst.

The Albany Journal states that the Lake Ontario, Auburn and New-York Railroad is in a forward state of progress, and the Board of Directors express a confident intention of completing it by the 1st of next July. A mile and a half of water tract has been purchased at Sodus, on Lake Ontario, for docking, warehouses, &c. From here the road runs through Auburn to a point near Ithaca, where it strikes the railroad from Ithaca to Owego. Besides opening a channel for business between Pennsylvania and Canada, it will shorten the distance from Lake Ontario to New-York, by a trifle, and the distance to Philadelphia very considerably, after the completion of some connecting lines in Pennsylvania, which are now in progress of construction.

Messrs. Growski & Co. have taken the contract for building the Michigan Northern Railroad, which will unite Port Huron (opposite Sarnia) and Grand Haven (opposite Milwaukee, on Lake Michigan), a distance of 200 miles. The road is to be constructed on the same scale as the Grand Trunk Railway of Canada.

The Albany Evening Journal gives the following receipts of Flour, Grain, &c., at tide water:

The quantity of Flour, Wheat, Corn and Barley, the fourth week in Oct., in the years 1852 and 1853, has been as follows:

	Flour bbls.	Wheat, bush.	Corn, bush.	Barley, bush.
