FINANCIAL.

ATTENTION IS INVITED TO THE FIRST MORTGAGE bonds of the Union Pacific Railroad Company. Over eighteen million dollars have already been sold, and they are now in constant demand for home investment and on foreign account. They pay six per cent, in gold, and run for thirty years. At 102 they yield between eight and nine per cent to the investor, and as soon as the issue is sold, if not before, they will doubtless command a much higher rate. As a first mortgage on the longest line of railroad in this country, that is already earning more than its interest liabilities on its way business, and which cost nearly three times their amount, the security is unquestioned. Subscriptions will be received at the Company's office, 20 Nassau street, and by JOHN J. CISCO & SON, 59 Wall street, New York, and by most of the leading bankers throughout the country, where a new pamphlet, containing a full description of the road and its securities, can be obtained.
