Fire-Proof Safes.

THE SAFE CONTROVERSY.—We, the undersigned Committee, appointed by Messrs. STEARNS & MARVIN to arrange with Mr. HERRING for a trial of their Safes by fire, have been much surprised to see in the newspapers an ex-parte statement from Mr. Herring, incorrect in its details, and at variance with the facts, and in violation of a pledge given by each party not to publish anything until the Committee made their report. You report cannot be made until an answer is received from Mr. Herring to the challenge sent him by Messrs. Stearns & Marvin.

HENRY C. BOWEN, Chairman. H. B. CLAFLIN,
JOHN B. PALMER, ROBERT NEWELL,
New-York, Nov. 17, 1853. JOS. G. GILBERT.

THE ORDEAL by FIRE.—The true test of a SAFE is an accidental fire. RICH'S SALAMANDERS have had 150 such tests during the last 12 years, and in no instance has a book or a dollar's worth of property been destroyed in one of their Safes. At the recent fire in Fulton-st., the Safes of Messrs. Salisbury & Arrowsmith, made by RICH & Co., preserved their stock of Jewelry, worth $30,000, upon which there was no insurance. This safe can be seen at the store of the subscribers, along with others tested in the great fire of 1845 and various other large fires since that period, and certificates of tests in accidental fires in almost every State of the Union.
STEARNS & MARVIN, successors to RICH & Co.,
No. 146 Water-st., New-York.
The only makers of Salamander Safes, combining Wilder's and Rich's patents.
