We are writing to ask that you announce this fact in your columns and proceed at once to select by popular vote, the young lady who will finally represent your county in this contest. When you have made your final decision please forward this young lady's photograph to the writer, who will see that it is reproduced in the special State-wide beauty supplement which will be sent you in time to appear in your paper of August 27th. Your prompt attention and co-operation will be greatly appreciated.

The Intelligencer does not know who furnished the committee with the names of the above candidates, and knew nothing about the details of the contest until we received the above letter asking us to conduct the local contest for the selection of a representative for this county. We are glad to serve the committee, and will ask that the public forward us their votes immediately, as the time in which the contest is to be conducted is very short, only a week.

Here is how the contest will be conducted: Below you will find a coupon which is good for 10 votes. Clip this coupon and write plainly in the blank space which one of the above eight young ladies you think the most beautiful. Then mail or bring your coupon to the Intelligencer, care of the Beauty Contest Department.

The contest opens this morning and will close at midnight, one week hence, that is, midnight of Tuesday, August 17th. The votes will then be counted and the results of the election forwarded to the publicity committee of the Harvest Jubilee. The Intelligencer will also forward to the committee a photograph of the young lady who is voted to be the most beautiful of the eight who have been nominated. This photograph will be published along with photographs of 43 other young ladies representing the various counties of the State, and when the 44 photographs have been published in the papers of the State the public generally will be called on to select the most beautiful one of the 44, who will be crowned "queen" of the Harvest Jubilee. The young woman selected will be equipped with an elaborate trousseau, befitting her royal beauty and grace, and she will sit in state on a handsomely decorated "float" in the parade, attended by exquisite maids of honor, and chivalric courtiers will pay her homage.

Now don't forget how the local contest is to be conducted. Below is a coupon worth 10 votes. # SON B. L. MITCHELL STRUCK BY AN AUTO

Machine Passed Over Him and He Was Knocked Unconscious—No Serious Injury.

The young son of Mr. B. L. Mitchell narrowly escaped serious injury yesterday afternoon when he was run over by an automobile on East Benson street. Although the machine passed over him, he was only bruised about the head and his right arm was hurt.

The boy was riding a bicycle and was turning from the square into East Benson street. An automobile driven by Mr. Adger Cobb was coming into the square from East Benson. When the boy saw the machine he turned to the left and then to the right. The auto was right on him and struck his wheel, throwing him to the ground. Mr. Cobb had already applied the brakes and seeing the boy fall, he turned the machine so that neither of the front wheels would pass over him.

The machine was lifted off the boy and he was taken into Geisberg Drug shoe store unconscious. Medical aid was summoned and soon he was all right except for bruises on his head and arm.

The accident was one that was unavoidable, and no blame is attached to anyone.

# FRAMERS' SOCIETY MAKING BIG PLANS

J. C. STRIBLING WRITES ABOUT ARRANGEMENTS BEING MADE

HELD AUGUST 12

And Large Crowds are Expected to Attend—Railroads Are Interested in Meeting.

"Pendleton District Farmers' Society will pull off the most important meeting in one hundred years next Thursday morning, August 12th, at 10 a. m. At this meeting everybody who desires to register their names upon this society roll, and honor himself and this old society, will feel proud so long as he lives, and his descendants will share this honor for ages to come," writes Mr. J. C. Stribling, president of the society.

"Come out to this last quarterly meeting of the century and take part in arranging the program, selecting speakers for the celebration, and give us your idea as to what kind of souvenir the society should send down the next century in honoring all active members who take part in making this a successful celebration.

"The secretary of agriculture of the United States, Dr. Houston, says he is coming to deliver the Centennial address, and wants to shake hands with all its members, and judging from prospective members he will go back to Washington with a sore arm.

"Remember when you pay in the \$1.00 for the membership fee that you get all the benefit of this fee in the valuable history of the society, and at the same time have your name recorded in the Centennial Souvenir. "When you join this society you do not join a bag of hot air, but the oldest live progressive Farmers' Society in America that owns valuable property with incomes in rents, etc.

"A popular idea is to invite all prospective candidates for any office to come to this meeting, and after the business meeting has been concluded to turn the meeting over to the audience to call on any speaker desired to address it.

"The society will not strain its credit among the ladies who are expected to have a fine picnic dinner October 13-14, to bring baskets full at the August 12th meeting, but of course all will provide dinners in their own way.

J. C. Stribling, President.

Railroads Interested. The railroad officials are taking a great deal of interest in the plans for the centennial celebration. The Rev. W. H. Mills, vice president and chairman of the publicity committee of the society, is in receipt of the following letter from Mr. M. V. Richards, agricultural commissioner of the Southern railway: President, Pendleton Farmers' Society, Pendleton, S. C.

My Dear Colonel: On my return from the south this week, I had opportunity to read the history of your society. I found much of interest therein, and am glad to know that you are going to celebrate its centennial October 13th and 14th next.

Mr. F. L. Merritt, industrial and immigration agent for this department for South Carolina, has headquarters at Columbia. He was here yesterday, and I told him about the proposed Centennial, as well as the quarterly meeting to be held at Pendleton on the 12th inst. He will probably see you at Pendleton this week or next and discuss plans for promoting further interest in your centennial meeting. If it is possible for him to do so, he will arrange to be in Pendleton on Thursday, August 12th, and will be glad to make a short talk at your opening meeting on that day. If there is some special agricultural subject which you wish our representative to discuss at your quarterly meeting, Mr. Merritt will try to have one of our agricultural men present for that purpose. You will find Mr. Merritt a splendid gentleman who will be glad to co-operate with you in making your centennial a great success.

I have engagements in Virginia on Wednesday, the 11th inst. If I can get through in time, I may be able to be in Pendleton on the 12th.

We are deeply interested in the further development of the state of South Carolina, and if we can render you any assistance in advancing the splendid work which you and your associates have been doing, it will be our pleasure to aid in every way we can, consistently.

I thoroughly enjoyed my recent visit with the people of South Carolina and was especially glad to meet you personally, one who has had so much to do in building up that state.

Yours very truly,  
M. V. Richards,  
Commissioner.
