STALLIONS.

ARABIAN STALLION FOR SALE.—THE PURE Arabian Horse SAID is for sale on reasonable terms as his present owner has no use for him. To breeders he will be a most valuable acquisition. The following pedigree gives the purity of his blood, with other interesting facts relating to his career:—
SAID (also spelled Sayed), as given by the groom of Nubar Pasha, Minister to France from Egypt, was foaled on the 27th of March, 1863, at the stables of Nubar Pasha. His sire was the famous Khoreissan, the property of Abdul Medjid. Said's dam was Oblan, the property of Nubar Pasha, and is the descendant of the celebrated Jantzear, which leaped the citadel walls with the last Mameluke Bey when fleeing from Mahomed Ali in 1819. Therefore, Said is a cross between the Nedjid breed on the mother's side and the Anaseeh breed on the side of Khoreissan.
This grand Arab stallion exhibited wonderful powers of endurance and speed in the Abyssinian war, being ridden constantly by an officer during that campaign.

PROPOSALS FOR STAMPED ENVELOPES AND Wrappers.

POST OFFICE DEPARTMENT, Jan. 10, 1870.
Sealed proposals will be received until 3 P. M. on the 1st day of March, 1870, for furnishing all the Stamped Envelopes and Newspaper Wrappers which this department may require during a period of four years, commencing 1st of July, 1870, viz.:—
STAMPED ENVELOPES.
No. 1. Note size, 2⅝ by 4½ inches, of white paper.
No. 2. Ordinary letter size, 3 1-16 by 5½ inches, of white, buff, canary or cream colored paper, or in such proportion of either as may be required.
No. 3. Full letter size (ungummed on flap, for circulars), 3½ by 5½ inches, of the same colors as No. 2, and under a like condition as to the proportion of each.
No. 4. Full letter size, 3½ by 5½ inches, of same colors as No. 2, and under a like condition as to the proportion of each.
No. 5. Extra letter size (ungummed on flap, for circulars), 3½ by 6½ inches, of same colors as No. 2, and under a like condition as to the proportion of each.
No. 6. Extra letter size, 3½ by 6½ inches, of same colors as No. 2, and under a like condition as to the proportion of each.
No. 7. Official size, 3⅞ by 8⅞ inches, of same colors as No. 2, and under a like condition as to the proportion of each.
No. 8. Extra official size, 4⅛ by 9½ inches, of same colors as No. 2, and under a like condition as to the proportion of each.
NEWSPAPER WRAPPERS,
6½ by 9½ inches, of buff or manila paper.
All the above envelopes and wrappers to be embossed with postage stamps of such denominations, styles and colors, and to bear such printing on the face, and to be made in the most thorough manner, of paper of approved quality, manufactured specially for the purpose, with such water marks or other devices to prevent imitation as the Postmaster General may direct.
The envelopes to be thoroughly and perfectly gummed, the gumming on the flap of each (except for circulars) to be put on not less than half an inch in width the entire length. The wrappers to be gummed not less than three-fourths of an inch in width across the end.
All envelopes and wrappers must be banded in parcels of twenty-five and packed in strong pasteboard or straw boxes, each to contain not less than two hundred and fifty of the letter or extra letter size and one hundred each of the official or extra official size, separately. The newspaper wrappers to be packed in boxes to contain not less than two hundred and fifty each. The boxes are to be wrapped and sealed or securely fastened in strong manila paper so as to safely bear transportation by mail for delivery to postmasters. When two thousand or more envelopes are required to fill the order of a postmaster the straw or pasteboard boxes containing the same must be packed in strong wooden cases, well strapped with hoop iron and addressed; but when less than two thousand are required proper labels of direction, to be furnished by an agent of the department, must be placed upon each package by the contractor. Wooden cases containing envelopes or wrappers to be transported by water routes must be provided with suitable waterproofing. The whole to be done under the inspection and direction of an agent of the department.
The envelopes and wrappers must be furnished and delivered with all reasonable despatch, complete in all respects, ready for use, and in such quantities as may be required to fill the daily orders of postmasters; the deliveries to be made either at the Post Office Department, Washington, D. C., or at the office of an agent duly authorized to inspect and receive the same; the place of delivery to be at the option of the Postmaster General, and the cost of delivering, as well as all expense of packing, addressing, labelling and waterproofing to be paid by the contractor.
Bidders are notified that the department will require, as a condition of the contract, that the envelopes and wrappers shall be manufactured and stored in such manner as to insure security against loss by fire or theft. The manufactory must at all times be subject to the inspection of an agent of the Department, who will require the stipulations of the contract to be faithfully observed.
The dies for embossing the postage stamps on the envelopes and wrappers are to be executed to the satisfaction of the Postmaster General, in the best style, and they are to be provided, renewed and kept in order at the expense of the contractor. The Department reserves the right of requiring new dies for any stamps or denominations of stamps not now used, and any changes of dies or colors shall be made without extra charge.
Specimens of the stamped envelopes and wrappers now in use may be seen at any of the principal Post Offices, but these specimens are not to be regarded as the style and pattern adopted by the Department as a standard for the new contract; bidders are therefore invited to submit samples of other and different qualities and styles, including the paper proposed as well as the manufactured envelopes, wrappers and boxes, and make their bids accordingly.
The contract will be awarded to the bidder whose proposal, although it be not the lowest, is considered most advantageous to the Department, taking into account the price, quality of the samples, workmanship, and the sufficiency and ability of the bidder to manufacture and deliver the envelopes and wrappers in accordance with the terms of this advertisement, and no proposal will be considered unless accompanied by a sufficient and satisfactory guarantee. The Postmaster General also reserves the right to reject any and all bids, if in his judgment the interests of the government require it.
Before closing a contract the successful bidder may be required to prepare new dies and submit impressions thereof. The use of the present dies may or may not be continued.
Bonds, with approved sureties, in the sum of $200,000, will be required for the faithful performance of the contract, as required by the seventeenth section of the act of Congress, approved the 26th of August, 1842, and payments under said contract will be made quarterly, after proper adjustment of accounts.
The Postmaster General reserves to himself the right to annul the contract whenever the same or any part thereof is offered for sale for the purpose of speculation, and under no circumstances will a transfer of the contract be allowed or sanctioned to any party who shall be, in the opinion of the Postmaster General, less able to fulfil the conditions thereof than the original contractor. The right is also reserved to annul the contract for a failure to perform faithfully any of its stipulations.
The number of envelopes of different sizes and of wrappers issued to postmasters during the fiscal year ended June 30, 1869, was as follows:—
No. 1. Note size—1,114,000.
No. 2. Ordinary letter size (not heretofore used).
No. 3. Full letter size (ungummed, for circulars)—4,150,000.

(St. Nicholas Hotel block).

On Monday, January 31, 1870, I shall open several lines of desirable Dress Goods, adapted to the spring trade, which I purchased largely of at a time during the past season when manufacturers, both at home and abroad, were receiving but few orders (for the spring season)—in fact, at a time when a general spirit of depression existed, not only among the manufacturers, but prevailed throughout the entire mercantile community. My object in so doing was for the reason that I could purchase at that time at a
Great Reduction
from former rates, and from 30 to 50 per cent less than the present manufacturers' and importers' prices for the same goods to wholesale houses. I am therefore prepared to offer the public as great bargains in goods suitable for the coming season as I have been able to do for the past.
Also I have made large additions to my unrivalled stock of Laces, Notions and Fancy Goods, the particulars of which I partially submit in the following enumeration. Recollect that the balance of my stock of fall and winter Dress Goods is now being offered at prices at which you can afford to purchase, even if you do not need them for consumption for the next twelve months to come.
