INTEREST BEARING LAND WARRANTS.—The bonds of the Northern Pacific Railroad Company are essentially Land Warrants, possessing the additional advantage of bearing interest at the rate of 7 3-10 per cent in gold per annum.
These bonds are receivable at all times, at ten per cent premium, for the lands of the Company at their lowest cash prices.
The land grant of the Northern Pacific Railroad embraces some of the most valuable mineral, agricultural and timber lands upon the continent, and to parties proposing to settle in the West, or to purchase lands for investment, these bonds offer the unusual advantage of enabling purchasers to receive a liberal rate of interest upon their money until the very day of the location of their lands.
We offer these bonds, either registered or coupon, at par and accrued interest.
