Interest in the life of said W. F. as to entitle him to insurance amount.

To defendant it is denied that there was any misstatement in the declaration, or that he concealed any fact in relation to the health or existence of the person on whose life the Company are no longer to issue on life risks. It is further averred that the money was paid with a full knowledge of all the facts in the case—also the defendant had such an interest as would authorize him to insure. The case was concluded. Sealed verdict

Mercantile Marine Insurance Co. agt. Transportation Co.

To recover of the defendants, as common carriers, amount paid by the Insurance Co. to shippers on goods where goods had been damaged while on their way, were already referred to. The Court said that where an Insurance Company pays losses to shippers it can, in ordinary cases, recover from the common carriers. In this case, however, there had been an agreement between the shippers and the carriers that the insurance should be for the benefit of the carriers. Such an agreement is valid. If the shippers withheld so important a fact as such agreement from the Insurance Company it would render the policy void, but this action cannot be sustained. Judgment for defendant.

SUPERIOR COURT—Before Judge DURER.

Ernest Fiedler agt. New York Insurance Co.

To recover amount of policy on bark Helen, already referred to. Verdict for plaintiff $13,000, subject to the opinion of the Court.

John M. Strange agt. John Decrasse.

To recover seven thirty-sixth parts of land between Fifth and Sixth-av., and One Hundred and Nine and One Hundred and Twelfth, 261 feet 10 inches on the avenue, 712 feet on Tenth st., and 575 feet on One Hundred and Ninth st., and a triangle piece between One Hundred and Eighth and One Hundred and Ninth-s., and Fifth and Sixth-avs., with right of street, and buildings &c. It is alleged that plaintiff, in March, 1852, was owner in fee of said party, but that defendant has possession and wrongfully withholds it. In defense plaintiff's right is denied, and it is said that defendant and those who hold with him have had undisturbed possession for more than twenty years. The case was tried before. To be continued this forenoon.

Before Judge BOSWORTH.

In the claim for materials and labor furnished for plankroad, already referred to, the complaint was dismissed.

SUPERIOR COURT—Before Judge BOSWORTH.

Charles O'Hare agt. John Causey and Thos. W. Dick.

By plaintiff, a paver, to recover damages for being run over by a loaded coal cart of defendants driven by a person in their employment, while he was engaged in paving the street, corner of University-place and 12th st. in July last. He was on his knees, looking along his work to see if it had been done even, when he was knocked down by the horse and one of the wheels of the cart passed over him, doing him serious injury, but he was fortunately thrown on a heap of sand into which he became embedded by the wheel and saved him from being killed. It is alleged the injury was caused by the carelessness of the driver, which was denied. Verdict for plaintiff, $100.

Before Judge CAMPBELL.

Hiram Pond, Trustee, &c., agt. the American Gas Meter Co.

To recover balance of salary alleged to be due Mr. John Laidlaw, the late agent of the Company in this City, for real estate and balance of salary (claim assigned to him by plaintiff); the liability of the Company for which is denied. Verdict for plaintiff, $998 57.

SUIT FOR ASSAULT AND BATTERY.

John Laidlaw agt. Anson T. Gold. By Mr. L., Agent of the American Gas Meter Co. sat the Treasurer, to recover damages, amount laid at $5,000, for alleged assault and battery.

The Company were interested in Chatham-st. but had a factory and office in this City corner Twenty-fourth-st. and Tenth-av. The Treasurer, it seemed, told the agent that his services would be no longer required the Treasurer having power to act—the agent stated that he had a three years' engagement in writing and would not leave, and proceeded to taking some spindles up stairs when the Treasurer, it is alleged, caught hold of him and severely assaulted him. The defendant in his proofs.

In defense it is denied that the assault was severe as alleged, but that defendant requested plaintiff to leave and on his refusing to do so, took hold of him as he had a right to do, to eject him, but used as more force than was necessary.

The Court in its remarks to the Jury said that the Treasurer having power to act, the agent was bound to quit when directed by him, and the Company would be responsible for any damage that might arise on a breach of contract. The question was if more force had been used than necessary. Sealed verdict

Before Judge OAKLEY.

Robt. Silverberg and Elizabeth, his wife, agt. Joseph A. Baker.

To recover damages for alleged severe assault and battery on the person of Mrs. S., in consequence of which she became ill of premature confinement and lost her child. The parties occupied a part of the same house in Delancy-st., and were each moving out in August. The difficulty originated, it appeared about a piece of oil cloth, but the assault is denied. Sealed verdict.

COURT OF COMMON PLEAS—Before Judge DALY.

Simon Steinfelder, by his father, his guardian, agt. Moses Rosenberg.

To recover damages for alleged assault and battery. The plaintiff is a lad 12 or 13 years of age. It is said that he had overhauled the old man rather too much a little so, three or four years ago, of Mr. Rosenberg, and that latter then pursued plaintiff to chastise him for flogging the child into his father's entry, where he caught him by the hair. Verdict for plaintiff, $20, which carries a like amount of costs.

U. S. DISTRICT ATTORNEY'S OFFICE.

OFFENSES AT SEA.

Three seamen of the ship Sarah G. Hine were arrested, two of them for alleged attempt at revolt, and the other on a charge of larceny. Committed for examination.

U. S. DISTRICT COURT—Before Judge INGERSOLL.

DECISION.

Anson J. Stone agt. the steamboat New-York.

To recover value of 200 tuns of ice and damages by the sinking of ice-barge California in tow of the New-York which struck, while the tow was rounding the battery, against a vessel and sunk. The Court considers the loss to have been occasioned by mismanagement on board the barge. Libel dismissed.

COURT OF GENERAL SESSIONS—April 21—Before the RECORDER.

Samuel O'Neil, convicted of petit larceny, was sent to the Penitentiary for six months.

Jacob Shuster, *alias* Tom Hand, convicted of passing counterfeit money, was sentenced to the State Prison for ten years.

George Baker, indicted with Shuster for a like offense, pleaded guilty to the indictment, and was sentenced to the State Prison for eight years.

Isaiah Solover, convicted of defrauding emigrants by selling them worthless tickets for passage to the West, was sentenced to the State Prison for three years.

Henry Smithson who was found guilty of the same offense, was sentenced to pay a fine of $50 and be imprisoned in the Penitentiary for six months.

James Lilly indicted for passing a $5 counterfeit bill on the Hollister Bank at Buffalo, was tried and acquitted.

The Grand Jury then came into Court and handed in a presentment, which was read by the Clerk. We give a synopsis of its contents.

They stated that there had been no complaints made to them for the violation of the lottery laws which in their opinion, exist. They had presented a petition to the Legislature praying it to enact a law for the more effectual suppression of the evil. They then commented upon the filthy condition of the streets and markets. In respect to the possible want of care on the part of a magistrate to which they were directed in the charge given to them by his Honor, they say it has received their attention, and that they were advised "it was questionable whether the magistrate could impose more restraint on a witness under examination than he did; and they "had not deemed it necessary to enter into any investigation and "reserve the right is not clear and unquestioned for an examining "magistrate to commit to close custody a witness of the character "of the one in question and thus prevent the possibility of the ends "of justice being defeated by the removal or abduction of a witness "by parties charged with crime." They closed their presentment with remarks upon the Sunday liquor traffic.

The Grand and Petit Juries were then discharged with thanks, and the Court adjourned for the term.

FRIDAY, April 21—P. M.

The feeling in the Stock market was generally firm today, with a large business in Cumberland and Erie. Of the former, 6,000 shares were sold, closing at 27¾ about the price of yesterday. At buyer 12 months, 30 was bid for any quantity. Of Erie the sales were 3,500 or 4,000 shares, and the market closed firm at 71¾@72, an improvement of ¼ ⅌ cent. Reading was among the heavy Stocks, and under orders to sell from Philadelphia, fell off ¾ ⅌ cent; Stonington and Norwich were firm; Hudson River rather heavy; Nicaragua was sustained, but was no active; Canton was heavy. The investment Stocks are generally firm; Michigan Central, 104¼; Northern Indiana Construction, 104; New-York Central, 107; Panama, 104; Northern Indiana, 116. There were again large sales, 1,100 shares, Cleveland and Toledo, and the market advanced to 90. In Railroad Bonds, nearly $100,000 were sold, of which a large portion was Illinois Central, the price of which improved ¼ ⅌ cent. A small sale of Ohio 6s was made at 107, and California 7s at 85. Messrs Duncan, Sherman & Co have not yet been reimbursed for their advances to this State.

In Mining Stocks there is but a moderate business, and prices are heavy.

Exchange is rather quiet for the steamer to-morrow, but rates are steady. Sterling, 9⅜@9¼; Francs, 5 12½@5 10. The supply of Bills is moderate, but the recent shipments of Cotton will increase the supply.

To Liverpool and London there is very little doing in Breadstuffs, but Cotton and Provisions are offering more freely. To Liverpool, 8,000 bush Wheat 9d, which is lower; Flour, 3/6, nominal; 2,500 bales Cotton, 5-16d, 2,300 bbls. Flour, (to Liverpool,) in English vessel, at 2/10½; 1,000 bbls Resin 5/6; 1,000 bbls Lard, about 55/. The steamer has 100 bales Sea Island Cotton, ¾d. To London, 1,200 to 1,500 tcs Beef, 8/; 1,500 bbls Resin, 5/; 500 bbls. Oil, 45/. To Glasgow, 1,000 bbls Flour, 3/6; 30 tuns Grease and Butter, 40/. A British brig took a full cargo Naval Stores for Glasgow at 5/. To Montevideo, a clipper ship was taken at $25 for lumber, $1 50 ⅌ bbl, and 25c ⅌ foot. From Quebec to London, a Deal freight was made at £8, and from St Stephens to London another at £6 10. A Stave charter was made but the particulars did not transpire. A Russian vessel, now at Baltimore, has been purchased by an American house here, and we believe negotiations are going for the Russian now at the Atlantic Dock. The clipper schooner E. T. Blodgett, 255 tuns, built at Baltimore, sold to Messrs. Bailey & Gallup of Providence, on private terms.

The Imports of Dry Goods are again somewhat larger than for the same week of last year. The figures are:

The Suffolk Bank, Boston, has thrown out the notes of the Central Bank of Middletown and the Deep River Bank, both of Connecticut. The cause is not stated, but we understand that the Suffolk Bank has decided not to lend in future any aid to sustain any Bank redeeming at her counter, which we presume means that that institution will redeem only so long as the funds provided by the country banks hold out. The public should understand that it does not inevitably follow that the notes of a bank are worthless because thrown out by the Suffolk Bank.

The earnings of the Michigan Central Railroad Company for the second week in April are:

	Passengers	Freight	Total.
1854	$19,922 03	$10,300 44	$30,222 52
1853	12,147 03	6,807 19	18,954 27

The Transfer Books of the old State Bank of Illinois have been transferred from the Phenix Bank to the office of Messrs. Clark, Dodge & Co.

The street rates for paper are working easier, and strictly first class paper goes about 1 ⅌ cent. better than last week. Some choice short paper has been passed at 8@9 per cent; but the current rates are 11@12 ⅌ cent. Money on call is 7 ⅌ cent and not difficult to obtain by prompt borrowers on current securities. Loans on time are still not easy of negotiation.

The Toledo and Illinois and Lake Erie, Wabash and St. Louis Railroads have called for instalments of 10 ⅌ cent each, payable on the 1st of May, at the office of E. Whitehouse in this City.

Sight Exchange at New Orleans on New-York is 1¼ ⅌ cent. premium, which will induce considerable shipments of gold to this City.

Of the gold going to-morrow by the Hermann, one hundred thousand dollars is in coin.

A meeting of the bondholders of the Hudson and Berkshire Railroad is to be held at the Irving House in this City at 4 o'clock on the afternoon of the 26th inst.

The Merchants' Insurance Company has declared a semi-annual dividend of 4 ⅌ cent.

The receipts of the Providence and Worcester Railroad, for freight and passengers, for the month of March, 1854, compared with the corresponding month last year, show an increase of $4,127 20—in passengers $1,112 17, and in freight $3,015 03—being a gain of nearly 20 ⅌ cent.

A dispatch from Ottawa, Ill., dated 19th inst., says:

BROTON ROAD.—To-day judgment was entered in the Supreme Court in the case of the People vs the Mississippi and Atlantic Railroad Company, affirming the judgment of the Circuit Court.

The opinion by Chief Justice Treat holds that if any doubt existed as to the authority of the Company to construct the work, ample power is given by the law of last winter, and the authority of the Company is now perfect to prosecute the work to completion.

THE PEQUONNOCK BANK, }
AMERICAN MUSEUM, BROADWAY, April 21, 1854. }

Having seen a slip purporting to come from the office of John Thompson, Wall st., stating that the notes of the Pequonnock Bank, Bridgeport, Ct., of which I am President, are not received at that office, and intended to cast discredit upon the notes of said bank, although I have no interest in the bank except a stockholder, I hereby pledge my entire private fortune for the space of twelve months from this date, for the full payment of the notes and deposits of the Pequonnock Bank. No Bank in the Union is conducted on more strict business principles than the Pequonnock. Its Board of Directors, at the head of whom is the Mayor of the City, include gentlemen of the first standing in the State of Connecticut. The stock is owned by several hundred shareholders, and stands fourteen per cent. above par. The annual dividends are eight per cent., with a large surplus. Under its charter no Director can be a borrower for more than $5,000, and no other individual or firm for more than $10,000. Its notes have never been discredited by the Suffolk Bank of Boston, the Metropolitan Bank of New York, nor any of the brokers in Wall-st. except John Thompson. In fine, the author of this attack will immediately be prosecuted for a libel.

P. T. BARNUM.

J. D. Cosmenil, Esq. of the Treasury Department, delivered a few days since at the mint in Philadelphia, fifty-two tuns of ingots of silver, the value of which is one and a quarter million of dollars. The Government purchased Mexican ingots of silver, amounting to two millions of dollars, at 3 ⅌ cent premium, three quarters of a million of which were left at the mint in New Orleans.

The Williamsburgh Times says:

"A report has obtained some currency that the defalcation of the late City Treasurer was connected in some mysterious manner with the transactions between him and Simeon Draper, Esq., of New York, and that Holbrook's obstinate refusal to surrender his books and vouchers was advised or countenanced by Mr. Draper. We have the most conclusive assurances that the rumor is incorrect upon both these points, that at no time in his life has Mr. Draper ever borrowed of Holbrook, either in his personal or official capacity, one dollar; and that Mr. D. has not advised and did not approve the illegal and improper withholding of any book or voucher demanded by the Mayor. Indeed, that Mr. Draper has uniformly been a creditor to the City of Williamsburgh to the amount of thousands, but never a debtor to the value of a cent, and that he has had no transactions with the late Treasurer into which he does not challenge the most searching investigation."

Markets...CAREFULLY REPORTED FOR THE N Y TRIBUNE.

FRIDAY, April 21, 1854.

ASHES—The market is firm but quiet for Pots at $5 81½@5 87½ and Pearls at $6.

COTTON—The Sound report the market as very firm with an advance of ⅛ cent on Monday's quotations; sales 1,740 bales—report 600; home use, 715; speculation 200 and in transit, 163.

FLOUR AND MEAL—Our market for Western and State Flour is better especially the medium and better grades, they being in meager supply and good request for the East and home trade, and there is little to be had that should be called superfine Flour at our inside figures. Canadian is held firmly, with sales of 500 bbls at $7 75. The sales of Western Canal are 900 bbls at $7 37½@$7 62½ for ordinary to good State and Ohio, $7 87½ for mixed to good straight brands Michigan and common to good Ohio, closing buoyant. Included in the sales are 200 bbls Black Rock Flour at $7 12½@$7 25—this is called superfine Flour, but we insist that it would be better for all parties interested to have it branded what it really is and have the standard kept up where it was last autumn. Southern Flours be buoyant, the supply rapidly diminishing, especially of good brands; sales of 2,400 bbls, at $7 37½@$8 75 for mixed to good straight brands Baltimore Alexandria and Georgetown. Rye Flour is better and is quite scarce; sales of 150 bbls at $4 75@$4 87½ for fine, and $6 25 for a prime. Corn Meal is firm and in fair demand; sales of 200 bbls Jersey at $3 62½@$3 75; Brandywine at $4 25.

GRAIN—The market is buoyant for Wheat; the milling demand is quite active and there has been a large sale of Ohio and Michigan Canadian at $1 56, in store; 4,000 bushels prime white Genesee, (Niagara Co.) to arrive on the opening of canal, and deliverable at Troy at $2 25; 2,500 bushels fair Southern white at $1 90, and 3,100 bushels mixed Southern at $1 80. Rye is better and in fair demand for shipping; sales of 1,500 bushels Jersey at $1, and 7,000 bushels River to arrive soon, at $1 03. Barley is scarce and steady; sales 3,000 bushels Canada West at 91@93c. Oats are firm and Western and Canadian are in good demand at 63@64c for Jersey; Corn is better and in fair demand for the E. and for export; sales of 42,000 bushels at 81c. for unsound; 82@83c. for Southern mixed; 83c for Jersey yellow; and 84@85c. for Western yellow.
