NEW YORK STATE RAILROAD BOND.
A first class home investment
First Mortgage Gold Bonds of the
Rondout and Oswego Railroad.
Principal and interest payable in gold.
Seven per cent semi-annually.
This road covers 100 miles of the most direct possible line between the great Lakes and deep water navigation on the Hudson river, the whole line of which will be completed and in operation on or before October 1, 1872, and give a new line of road to Lake Ontario and the West, twenty-five miles shorter than any line that can be found.
It passes through the cement, flags one and lumber region of Ulster county and the rich agricultural bottoms of Delaware and Greene counties, all of which have not heretofore been reached by railroad facilities, and from which sections the formation of the country prevents the construction of a competing line.
The thirty-six miles of road operated for three months is already paying net earnings equivalent to seven per cent, gold, on its cost of construction and equipments.
The issue of bonds is limited to $20,000 per mile of completed road, the coupons payable in gold in this city. Price of the Bonds 90 in currency.
