The Court of General Sessions for Kings County was held yesterday before Judge Moore and Justices Stilwell and Striker. The most prominent case of the day was that of John Molloy, charged with attempting to kill Michael McGrath in Jay-st., near Tillary, on the 25th of June last. The prisoner is a young man, a shoemaker by trade, and of a genteel appearance. The cause of the assault was a dispute between McGrath and the wife of the prisoner, in which she appears to be blamable. The defense rests on the allegation that the injuries were inflicted by the prisoner in defending his wife from insult and injury. Several witnesses were examined by the prosecution, all unfavorable to the prisoner.

VIOLATION OF SUNDAY LAW.—Officer Smith yesterday arrested a man named John Molloy, on warrant, for violation of the Sunday ordinance.

DROWNED.—The body of a man was found in the river at the foot of Pacific-st., yesterday, by Officer Burns. He had on black pants and white shirt; in his pockets were a silver watch, a porte monnaie, two knives, a compass and gold chain.

WILLIAMSBURGH ITEMS.

SUSTAINING THE MAYOR.—A mass meeting of the citizens who approve the course Mayor Wall has taken in reference to the closing up of porter-houses, &c., on Sunday, is to be held in a few days in the Park at the City Hall. This meeting will show that the course of the Mayor is sustained by a large portion of our citizens.

THE SUNDAY LAW.—The following named persons were fined $10 each yesterday, by Mayor Wall, on a charge of exposing liquors, &c., on Sunday last, in violation of the Sunday law: Ellick & Grouse, Frank Swift, Jas. Angus, John G. Gilmartin and Harry Miller. Benjamin Seaman and Benjamin C. Warrick were fined $10 each for allowing their dogs in the streets unmuzzled.

BOARD OF FINANCE.—A meeting of the Board of Finance was held last evening at the City Hall. The President, Mayor Wall, in the chair. A motion made by Ald. Sparks to rescind the appropriation of $425, to F. Swift, for extra work on Grand-st., was adopted. The appropriations, heretofore published, were read, and a motion was adopted directing the Mayor and City Clerk to sign them. The Board then adjourned *sine die*.

COMBAT BY WOMEN.—A most disgraceful fight occurred yesterday afternoon in Sixth-st., in the Second Ward, in which two women named Mrs. McGrath and Mrs. Mack, figured as principals. The fight was not conducted altogether on the scientific principle, or confined to the old established rule amongst the female fighting community, of scratching and pulling hair, but paving-stones were also used. The police soon made their appearance and conducted the pugilists to the cells.

NEW-JERSEY ITEMS.

A meeting of the Jersey City Fire Department was held on Monday evening, at which resolutions were adopted tendering the thanks of the Department to Chief Engineer Carson, Engineers Baulch and Decker, and to Engine Companies 5, 14, 29 and 22, and to Hose Companies Nos. 21, 8, 20 and 54, and to other members of New-York Companies, for valuable assistance in extinguishing the fire in Jersey City on Sunday night.

DEATH OF ALDERMAN DODD.—We regret to announce this morning the death by cholera of Alderman E. M. Dodd. He expired yesterday afternoon about 5 o'clock. He was taken in the morning about 4 o'clock, and his case was from the first pronounced a desperate one. Ald. Dodd was one of the Health Committee appointed by the Common council to abate nuisances, and in the discharge of this arduous and responsible duty, he was zealous and untiring. He has fallen a victim to the disease whose progress in this city he was faithfully endeavoring to arrest. [Newark Eagle, Aug. 1.

MYSTERIOUS.—An American girl about sixteen years old, representing herself to be an orphan from Morristown on her way to New-York, was brought to Mr. Elderton's intelligence office in Newark, a week ago, by an elderly woman, who stated that the girl had left the cars at Newark by mistake, and that, as she had no money, she was willing to go into service in the country. Mr. E. having a place at Pompton which suited, he made an arrangement for her to go there. She left the office, saying she would return soon, and did not take her hand-box and carpet-bag. Since then she has not been heard of. Yesterday morning the box and bag were opened before Justice Wilcox, but contained nothing which could give any information. They remain with her clothing at the intelligence office.

THIEVING AT THE FIRE.—The persons arrested for stealing trunks, &c., at the fire on Sunday evening, have been convicted. Eight were fined $25 each; seven were sent to Bergen Jail three months each, and two gave bail to appear before the Grand Jury.

LAW INTELLIGENCE.

SUPREME COURT—IN CHAMBERS.

Judge Mitchell has given notice that he will sit (on the hearing of *ex parte* motions) every day from 9 to 12½ o'clock, from 3d inst.

SUPREME COURT—GENERAL TERM.
WIDENING OF WALKER-ST., &C.

The Court stood adjourned to 12 yesterday, with a view to a decision in the above case. Judges Mitchell and Clerke were present, but Judge Watson, who had sat in the case, did not appear. The Court, after being opened, waited for him some time, it being intimated by Messrs. Davies and Dillon that he would probably soon arrive. Judge Mitchell finally stated that it would not be worth while to wait any longer. It was his intention, had Judge Watson arrived, to have suggested that, on account of interest, there would probably be no objection to his (Judge Mitchell's) sitting as a member of the Court, so that the decision, perhaps, would not have been given at any rate. The Court then adjourned, the decision being postponed to September.

THIRD DISTRICT COURT—Before Judge MEECH.
SUIT FOR SELLING LIQUOR IN THE NINTH WARD WITHOUT A LICENSE.

The City of New-York agt. William Wilson.

To recover penalty for selling liquor on 6th, 7th, 8th and 9th June, and for thirty days previous, without license. The case was tried before six jurors—the usual number in Ward courts. Objection was made on behalf of the City to Mr. Munday, who has been called, sitting as a juror, as he resided in the Twentieth Ward, and he was withdrawn. Various objections were set up by counsel for defense, such as that the case should not be tried in a Ward Court before six jurors, but in a higher court, before twelve jurors; also that the Board of Excise of the ward having refused to grant any licenses, the defendant, if he did so, had a right to sell without license, he having had a license previous to 1st May. The various objections were overruled, and the matter settled down to the single question whether or not he had sold liquor without a license.

It was shown that the defendant keeps a saloon and bar room at No. 463 Hudson st. A witness named Mathews testified to having gone to the bar-room of defendant, bought brandy and paid for it—tasted it and knew it to be brandy. [On the cross-examination witness stated that he was a native of Ireland. When he first came here kept in a dry goods store; was discharged because he had pawned some goods which were given to him by another clerk; was arrested and taken to the Tombs; plead guilty of petit larceny, and was sent six months to the penitentiary; am employed by Mr. Bush as a collector; went to the bar-room of defendant with a view to ascertaining whether or not he sold liquor, at suggestion of Mr. B., who gave me the money to pay for what I called for; was not promised anything for my trouble, &c.]

A young man named Fitzhugh Smith testified to having bought at the bar-room of defendant a shilling's worth of brandy, on the 8th of June, smelled it and knew it to be liquor. [On the cross-examination this witness testified to being 18 years of age; belongs to the Young Men's Ninth Ward Temperance Association; went round with a young man named Carson on Sunday to ascertain who sold liquor without license; did so at the request of Mr. Bush; some of the young men belonging to the association visit the different bar-rooms with a view to finding out whether or not they sell liquor.]

The case having been concluded, Mr. Russell, counsel for defence, moved to dismiss the complaint on the ground that it had been shown that defendant did not have a license. Mr. Haskell for plaintiff, insisted that if he had a license the burden of proof rested upon him to produce it. The Court sustained the point.

The case was then given to the Jury, the only question for their consideration being whether or not defendant had sold liquor without license. If he had then verdict must be to that effect.

The Jury retired at 4 o'clock, Monday afternoon. At 8 in the evening they came into Court, asking for further instructions, when they again retired with orders to bring in a sealed verdict yesterday morning at 9 o'clock. They remained in deliberation all night without having been able to agree, and on the Court opening yesterday at the hour above stated, they were brought in, stated that they could not agree, and were discharged.

It is said they stood about equally divided. Mr. Brisley, who had been Alderman of the Ward the previous year, but had been unsuccessful in the last election, was one of the jurors we understand, and among those opposed to a verdict of guilty. The point set up we heard it stated, in opposition to such a verdict, was doubt as to the testimony. The case will be tried again, we heard it stated, before another Jury next week.

SUPREME COURT—IN CHAMBERS.—Before Judge CLERKE.
DECISION.

New-York Fire and Marine Insurance Co. agt. Burrell and others.

On a foreclosure suit the defendants tendered the amount the day before plaintiff was entitled to a judgment, and set up, under Revised Statutes, p. 553, sec. 20, marginal, (which provides that no costs shall be allowed after a tender of the amount,) that plaintiff could not, on the judgment, obtain an extra allowance. The Court considered that the section did not apply to suits in foreclosure, where the extra allowance was earned, frequently, at the commencement rather than at the close of a suit. Extra allowance ($50) granted.

U. S. DISTRICT COURT—Before Judge INGERSOLL.

Henry Euler and others agt. the steamboat Nassau, her tackle, &c.

The steamboat was libelled about a year ago for supplies, and Messrs. F. Swift, J. Thompson, Jr., and J. and N. Cooke, became sureties for her on a bond. The matter came up yesterday before the Court on a motion by the sureties for an order that the vessel be returned to the custody of the U. S. Marshal, difficulty, it was said, having occurred between the owners, and apprehensions being entertained that she might be sold. This was opposed on behalf of a majority of the owners. It was finally settled that an order should be entered that she be returned to the custody of the U. S. Marshal until, otherwise directed by the Court, with liberty to the alleged majority of the owners to show cause in opposition to said order.

MINING BOARD.

TUESDAY, August 1—P. M.

We regret to announce the suspension of Gilbert, Coe & Johnson, a highly respectable firm. The transactions of this house have been much curtailed within the past eight months, and their liabilities are comparatively moderate in amount. We are informed that their engagements in this City in the form of loans on demand do not much exceed $100,000, and are well secured. We confidently trust that early arrangements will enable this house to resume their business. The effect of the announcement of the failure to-day was not felt on the general Stock market, with which the house had little to do, and prices were steady through the day and closed a fraction dearer than on Monday. The Bonds of the Illinois Central Road rose 2 ⅌ cent. under a demand for the cash stock from parties who had sold short. Erie shares closed 47½, and New-York Central 87½.

Freights are dull. To Liverpool, Grain 3d. in bulk, and 3½d. @4d. in bags; Flour, 9d.; Cotton, ⅛d. @3-16d.; 150 bbls. Provisions, 1/; 100 boxes Bacon, 12/6. To Havre, 60 bales Drugs, 1½c.; a small lot of Whalebone at ⅞c.; Resin, 65c. ⅌ bbl. To Antwerp, 1,500 bags Coffee, ⅞c.; 200 bbls. Pork, 3/; 350 boxes Tobacco, 35/. To Marseilles, Cotton, ⅞c.

The Manhattan Co. have declared a semi-annual dividend of 4 ⅌ cent. and an extra dividend of the same amount, both payable on the 10th inst.; the Bank of the Republic a semi-annual dividend of 5 ⅌ cent., payable on the 14th inst.; the City Fire Insurance Co. $11 ⅌ share, payable on the 8th inst.; the New-York Life Insurance and Trust Co. 5 ⅌ cent., payable on the 10th inst.; the Kennebec Co. of Augusta, Me., a dividend of $5 ⅌ share, payable on the 5th inst.

D. D. Williamson, Esq., President of the Farmers' Trust and Loan Company, was the purchaser of the $100,000 Harlem Railroad Bonds, sold to-day at auction. The price was 88 per cent. The subscription price was 91½.

The meeting of Harlem shareholders arrived at no practical result. A variety of opinions on the assumption of the over-issue, comprised the deliberations of the meeting, and an adjournment was had to a future day, after the appointment of a Committee. The $100,000 Bonds of the Company said to have been declined by Mr. Vanderbilt, was closed out at auction by Mr. Draper this forenoon, for whom it may concern, at 88 ⅌ cent. and interest. At the close of his sale, Mr. Draper announced that he would sell next Thursday 6,000 shares, or $300,000 at par, of the stock of the Buffalo and State Line Railroad—paying of late 5 ⅌ cent. half yearly dividends. The transfers of the New-York Central Road are to be reopened to-morrow by Duncan, Sherman & Co. The cash stock is not abundant, and material differences are offered by the *short* sellers for options to deliver at 30 or 60 days.

The steamship St. Louis left for Havre to-day. The shipment of specie was increased to $230,000. The foreign accounts by the Canada were little talked of in the street. The absence of all reference to the Schuyler fraud in London, was remarked upon. The news was carried out by the Atlantic from New-York, July 8, but our impression has been that the fraud itself would not create serious distrust in American affairs until followed up by the continued accounts of the great fall in Stock values on this side. The Sub-Treasury received to-day $189,416; disbursed $3,002, and held at the close $5,319,145.

After the adjournment of the Board the following sales were made at auction by Simeon Draper:

$100,000 Harlem Railroad first mortgage, int. added	88
10 shares Commonwealth Fire Insurance Co.	98½
120 shares Suffolk Bank	77
25 shares Rome and Watertown Railroad	85

The payments through the Clearing House this morning were $15,659,930 20.

The whole amount of revenue collected at the port of Boston for the month ending July, 31, 1854, was $778,603 26
Same month, 1853 ..... 623,282 24
Increase $155,321 02

The amount collected last month, ending June 30, 1854, was $663,194 07. Increase of July, 1854, over June, 1854, $115,409 19.

The whole amount of specie remaining in the Sub-Treasury in Boston on Monday, July 31, was $3,916,144 87. Of this sum there was in American gold $3,900,125; foreign gold, $801 85; silver, $15,214 27; cents, $4 25.

The following are the receipts and disbursements at the Assistant Treasurer's Office, this day:

We copied yesterday an extract from *The Alton Telegraph*, stating that the work on the "Brough Road" had been totally suspended for want of means, &c. &c. We are now authorized to say that this is not the case, but that it is merely lessened and confined to that portion of the line first required to be completed.

Markets.... CAREFULLY REPORTED FOR THE TRIBUNE.

TUESDAY, Aug. 1, 1854.

ASHES—The market is steady but quiet for Pots at $5 6¼, and Pearls at $5 3c., with sales of 50 bbls.

COTTON—The demand is moderate for this staple at the quotations of Monday last.

FLOUR AND MEAL—There is less doing in Western and State Flour, owing to the very large recent arrivals. The demand is mainly for the better grades, and these are buoyant. The very unfavorable advices by the Canada have checked the upward tendency in the low grades, and these are 12½ c. lower, but the decline is not generally submitted to, owing to the light arrivals in prospect. Indeed, much of the Flour selling is for Albany and towns on the Canal this side of Utica. The Eastern demand is less active, owing to the absence of vessels. Canadian Flour is easier and nominal, at $7 50 @ $7 75; the sales of Western Canal are 700 bbls. (mostly from store) at $6 81½ @ $7 ⅌ bbl for ordinary to fair extra; $7 12½ @ $7 25 for common to good Ohio; $7 31 @ $7 50 for choice State; $7 50 @ $7 62½ for common to good round hoop Ohio, and $7 87½ @ $7 75 for common to good "Upper Lake Brands." Southern Flour is firm, and in fair request; the stock of old is quite moderate, and new comes to market slowly. We notice the first arrival of new from Baltimore, consigned to Messrs. William H. Newman & Co.—the quality good. Sales of 500 bbls. at $8 ⅌ bbl for mixed to good Georgetown Brands (Georgetown, &c., is sold), and $8 37½ @ $8 50 for new. Rye Flour is quiet; sales of 50 bbls. superfine at $4 56. Corn Meal is steady; sales of 100 bbls. Jersey at $4 25.

GRAIN—Our market for common Wheat is heavy and rather easier, but there is not enough but prime here to fully test prices; the only sales that transpired are 2,000 bushels good mixed Ohio at $1 37c, now on the canal, deliverable at Troy, and 3,500 bushels new red Delaware at $1 ⅌ bush for good. Rye is firm at $1 02½ @ $1 03. Oats are 1c. to 1½c. ⅌ bush lower, and are plenty at 44c. for Western and State. Corn is rather lower, and at the close was dull and heavy, the supply is ample; sales of 20,000 bushels, 60c. for damaged and unsound, 70@72c. for Western mixed 76@77c. for round yellow, and 80@82c. for Southern yellow.

WHISKY—The market is without much change; the arrivals are moderate; sales at 25½ bbls. at 20c. for Ohio, and 21c. for Prime. Drudge is firm; sales of 80 bbls. at 20½c., true and interest.

PROVISIONS—Our market is again 12½c. lower for Mess Pork, and better for Prime; the latter sells comparatively. The stock as reported below (162,526 bbls.) is large, especially of Mess. Something has been done in the settlement of contracts to-day, we believe at $12 12½ for Mess; the sales to-day are 500 bbls. closing at $12 12½ for Mess, and 200 bbls. Prime at $9 37½. Beef is held, and is in steady request; the stock of good is moderate; sales of 300 bbls. at $8 @ $15 25 for City Mess; $12 @ $13 for Country Mess, and $15 25@$16 for repacked Chicago; Prime Mess is very quiet and is held at $25 @ $27. Beef Hams are scarce at $22; Cut Meats are in fair request, and Shoulders are firmer; sales of 400 bbls., bbds., and casks at 5c. @ 5½c. for Shoulders, and 6c. @ 7½c. for Hams. Lard is less firm and is dull; sales of 300 bbls. and tcs. at 8½c. @ 8¾c. Butter is not much asked for, and is cheaper for Ohio, and 12c. @ 17c. for State, and 12c. @ 17c. for Ohio. Cheese is in fair demand at 7c. @ 9½c.
