GILMORE,
the hero of the two great Jubilees, and his famous Twenty-second Regiment Band, of New York, engaged for
LOUISVILLE.
The best band in America, comprising 65 of the most distinguished members of the musical profession.
This is the organization which, for its merits and celebrity, has been engaged by the Trustees and Management of the
PUBLIC LIBRARY OF KENTUCKY,
to give the final great concert in aid of the Public Library of Kentucky, on the 27th day of February, 1875.
When the sun rises down on the 27th day of February some one who now little dreams of the fortune that is in store for them will receive the startling news that a little ticket in the corner of their pocketbook has drawn the munificent sum of two hundred and fifty thousand dollars.
$2,500,000.
The following are the principal cash prizes and the prices of tickets:—

22 Whole Tickets for	1,000
113 Whole Tickets for	5,000
227 Whole Tickets for	10,000

The Trustees and Management would call public attention to the fact that there is not much time intervening between now and the 27th of February, and to procure a ticket near that day or on the day of drawing may be an utter impossibility. There has never been known in the history of the previous concerts anything like the rush for tickets that is now going on for the final concert, and the indications are almost positive that a large premium will have to be paid by those who put off purchasing to the last moment.
It was among the last official acts of the late ex-Governor Bramlette to announce in the most positive language that under no circumstances would there be a postponement. But the drawing would positively take place on Saturday, February 27, or all moneys would be returned on presentation of the tickets at the office. Therefore, in fulfilment of the promise of the late head Manager, the Trustees and Management recognizing it as a sacred obligation, pledge themselves to the public to faithfully carry out this announcement.

A.—TO THE DRIVING PUBLIC. A.
We are now applying to side bar wagons a simple attachment which produces A PERFECTLY EASY, LEVEL RIDING WAGON, entirely free from rattle or "creak," and giving increased strength and safety, without adding to the weight.
With this improvement we are also using (after a thorough trial during the past three years) the parallel or straight arm axle, running with greater precision and less friction than any axle ever used for spending.
Gentlemen interested in driving matters are invited to examine these improvements at our factory, Broadway and Forty-seventh street, or at our warerooms, Fifth avenue and Fourteenth street.
