A.—TO THE DRIVING PUBLIC. A.
We are now applying to side bar wagons a simple attachment which produces A PERFECTLY EASY, LEVEL RIDING WAGON, entirely free from rattle or "creak," and giving increased strength and safety, without adding to the weight.
With this improvement we are also using (after a thorough trial during the past three years) the parallel or straight arm axle, running with greater precision and less friction than any axle ever used for speeding.
Gentlemen interested in driving matters are invited to examine these improvements at our factory, Broadway and Forty-seventh street, or at our warerooms, Fifth avenue and Fourteenth street.
BREWSTER & CO., of Broome street.

A. REPAIRING DEPARTMENT. A.
BREWSTER & CO., OF BROOME STREET.
Owners of carriages are respectfully informed that we have a thoroughly organized department for the repair of Carriages, under the personal control of a member of our firm, assisted by a competent foreman, trained in our old Broome street establishment.
The quality of the labor and material is precisely the same as that employed in the production of new carriages.
The extent of our premises and our large working force give us marked advantages in the PROMPT and THOROUGH execution of the work intrusted to us.
Careful estimates will be made of the cost, and no carriage, to or fro, will be charged.
Orders may be left at the factory or warerooms, BROADWAY AND FORTY-SEVENTH STREET AND FIFTH AVENUE AND FOURTEENTH STREET.
