SATURDAY, March 24—P. M.

The Stock market at the morning Board was not very active, and prices had a downward tendency; but at the Second Board, the feeling was quite buoyant, and the leading fancies advanced ½ to 1 ⅌ cent. Erie closed at 44½, Reading 83¾, N. Y. Central 93¾, Cumberland 33¾@33⅞, Nicaragua 16⅞, &c., all showing a better feeling. Hudson River was less firm. The Western Roads were strong. Michigan Southern improved to 92½, Michigan Central 81, Cleveland Columbus and Cincinnati 107, &c. Of State Stocks, $150,000, including $100,000 Missouris, sold probably for account of some Missouri Railroad. The market is without much change. The business in Railroad Bonds is moderate at about previous rates.

Exchange is without quotable change, but has a heavy appearance. Sterling is 9¾@10¼ for first-class signatures. France, 5.13¾@5.11¼.

In consequence of the non-arrival of the Steamer, the business in Freights is moderate. To Liverpool, 500 bales Cotton, 5-32d.; Corn, in small lots, 3½d.; 300 pkgs. Bacon, &c., 15/; 3,000 gals. Oil 15/. To London, Dead Weight, 20/. To Bremen, some Cotton at ⅛c.; Liquids, 2½c.; 1,200 kegs Raisins, 22/6. To Hamburgh, Bone, ⅛c.; Tobacco, 27/6; Liquids, 3c.

The disbursements at the Sub-Treasury were large to-day, $260,381, including about $60,000 on Government Drafts from California. Receipts, $149,684, including $50,000 by express from Buffalo. Balance, $4,351,533. Paid from Assay Office, $1,460; paid on disbursing checks, $131,273. The aggregate balance in the Treasury, including the bullion fund, and the deposits of disbursing officers is, $9,177,957. The George Law adds about $350,000, by manifest, to our stock of gold, which is quite as large as was anticipated. Besides this, we have reason to think that a larger amount than usual come forward by this steamer in the hands of passengers.

The shipments of specie during the week were something over three-quarters of a million; the Hermann, to-day, taking only $111,090. The details are:

Steamer Illinois, Kingston, Ja., specie	$100,000 00
Brig Waltstill, Rio Grande, Br., Am. gold	1,327 09
Steamship Nashville, Liverpool Am. gold	300,000 00
Steamship Nashville, Liverpool, gold ingots	261,889 83
Steamship Nashville, Liverpool, foreign coin	61,309 06
Steamship Hermann, Bremen, Am. gold and silv.	109,500 00
Steamship Hermann, Bremen, ten thalers	1,500 00
Total for the week	775,625 98
Previously	3,779,029 20
Total for 1855	$4,554,655 68

The balance in the Sub-Treasury would indicate that the receipts have been, during the week, about equal to the disbursements; but, as far as our City banks are concerned, they must have gained considerably from this source, as a large portion of the receipts—some half-million—came from the Western collection districts.

Mr. Albert H. Nicolay's regular semi-weekly auction sale of Stocks and Bonds will take place on Monday next, the 26th inst., at 12½ o'clock, at the Merchants' Exchange.

The Imports of the week, other than Dry Goods, are about the same as for the same week last year, being $1,996,554 against $1,810,077. The aggregate is:

	1854.	1855.
Dry Goods	$1,565,843	$941,253
General Merchandise	1,810,077	1,996,554
Total	$3,175,920	$2,910,837
Previously	40,615,694	29,312,066
Total since Jan. 1	$43,791,614	$32,252,893

Among the Imports were: Coffee, $307,200; India-Rubber, $34,200; Hides, $112,300; Iron, $58,500; Tin, $55,500; Molasses, $61,300; Sugar, $205,300; Tea, $526,691; Watches, $74,800; Wines, $29,700.

The aggregate Exports since January 1 have been $15,852,519, against $17,144,887. The Exports of the week were $1,031,266, including

Cotton	$177,845	Tea	$19,939

The Stockholders of the Michigan Southern Railroad meet at Adrian, Michigan, on the 25th April next, and the Stockholders of the Northern Indiana at Laporte, on the 26th April next, to act on a contract for the consolidation of the two roads and other purposes.

The favorable features of the California advices by the George Law are the settling in of the rains, which were very much needed in the mining districts, and the resumption of Messrs. Wells, Fargo & Co. The former fact will have a most important bearing upon the receipts of gold here. Messrs. Page, Bacon & Co., we are sorry to notice, had not resumed, but they write that they fully expect to in time to announce the fact by the next steamer. The extension of a portion of their deposits was going on favorably; and as the arriving steamers would carry the intelligence of the continued payments of their drafts here, it is confidently expected by Mr. Bacon that the next steamer will bring the notice of their resumption. There was, however, some doubt felt in San Francisco of the availability of the amount in the hands of Mr. Hoadley. A warm controversy was going on in the San Francisco papers as to the possibility of a sustained resumption by this house. A writer in *The Chronicle* gives the following statement of the operations of the house by eight steamers. He says:

"My object is now to show that the San Francisco house over-remitted against their drafts by eight steamers from December 24 to February 15, $800,000. Here is a copy of the schedule of drafts (sight and time) and remittances, (bullion and Government drafts,) the originals of which I have, at my own request, been allowed to see. Its correctness can be vouched:

	Drawn.	Remitted.
December 24	$172,567	$421,215

Total		$851,938

"Some other items paid in New-York make up the sum of $860,000."

Messrs. Adams & Co. show a bad statement, and have gone into insolvency. Their surplus assets are about $110,000 in $1,700,000, and made up to considerable extent of unavailable "trape," including an overdraft of Mr. Woods, one of the partners, of nearly $100,000. Our correspondent's letter gives details. Messrs. Read & Co., of Sacramento, have also applied for the benefit of the Insolvent Act. Their statement is

There had been few or no suspensions among the merchants of San Francisco. The deposits in February, in the Mint, were only $79,367. The coinage was $1,575,000. The Pacific Mail Steamship Company, according to one of the San Francisco journals, has offered to sell Bills of Exchange at sight, on Howland & Aspinwall, in New-York. They also have United States Treasury Drafts for sale in sums of $2,500 and $5,000, payable in specie at sight in New-York, Boston and St. Louis. We doubt if a Company chartered as a Steamship Company has a right to go into the drawing of bills of Exchange, under their charter.

Letters from Messrs. Aspinwall & Chauncey were received by the George Law, speaking in very satisfactory terms of their examination of the Panama Road.

The mail from Lake Superior brings some news from the mines. We annex extracts from various letters:

NORTH AMERICAN MINE, Lake Superior, Mich., Saturday, Feb. 10, 1855.

We were a few days ago favored with the first mail during the winter since the close of navigation, and as there is one going out again soon, I will take the opportunity of writing you briefly. Thus far we have had a very mild winter, and (comparatively speaking) but little snow. The mines have been worked during the winter with a good deal of vigor, and at an expense one-third less than in years past. Heretofore there has been a scarcity of miners and laborers generally, in consequence of which the price of labor has been extravagantly high; but since the arrival of the mails, bringing the intelligence of the difficulties in the money market, the forces at many mines have been diminished, which places many persons out of employment. The numerous demands for places to work brings the price of labor down to an equitable standard. The shipments of copper (gross weight) for the navigation season of 1854, from this country, must have reached about three thousand tuns; and although the mining forces are greatly diminished, and some works partially suspended here, there will be as great, if not greater yield, from the mines for the present year. The North American Company have a force of two hundred and twelve men, and are getting from the mine, in mass and stamp copper, between twenty and thirty tuns per month, with prospects of large additions to these monthly yields. The machinery for stamping and carrying on extensively the general operations of this mine is nearly completed, and when thoroughly ready for use it will be second to none in the mining district. The Cliff Mine, joining, and working the same vein with the North American, is yielding from ninety-five to one hundred and ten tuns per month. The Phœnix, Eagle River, Meadow, Humbolt, Copper Falls, North-Western, and many other mines in the vicinity, are working forces such as their condition requires, with the usual promising appearances. A new mine, called the Central, has been opened near the North-Western, lately, exhibiting the greatest "show" ever before found in the country. A mass of pure copper has been found in this mine, at the surface, estimated to weigh between fifteen and twenty tuns. A Company has been organized, and the stock divided into twenty thousand shares—$5 is the current price offered for it.

Another letter says:

The North American Mine is looking better than in the fall. In the south part of the mine, the vein is again showing mass copper, after being two months "pinched up."

The Cliff Mine will turn out in the vicinity of 1,200 tuns. They have commenced sinking a shaft 900 feet north of the Bluff, to strike No. 7 level, which is being driven through greenstone, to intersect shaft. Also, have opened on the vein one mile north of present workings, finding the vein good.

The Eagle River and Humboldt Mines, near the mouth of Eagle River, have cut down forces, but are at work upon good veins.

ONTONAGON, February, 1855.

The Norwich and Winsor Mines have improved greatly In the former they have a large mass exposed, which will weigh 20 or 25 tuns—some estimate it higher, but the above figure can be relied upon. This mine has now 100 tuns at their landing, and the Winsor has 25 tuns.

The Forest Vein is improving west. The product for January was 22 tuns, stamp and barrel work. They have 24 head of stamps working, and will dress 30 tuns this month including barrel work. They commenced working 24 head of stamps the last inst., and the machinery works splendidly.

The Tonier is looking first rate at every point; they have just taken out a mass weighing 6 tuns. Their stamps have been hurring forward and will, without doubt, be running by the last of March. They intend starting with the full number of 32 heads, and will certainly turn out copper very fast.

At the West Minnesota they are driving into the Bluff, on the junction of the conglomerate and trap. The vein is two feet wide and showing copper, the walls are regular and smooth, and it has been proven, beyond a doubt, to be a continuation of the natural vein. The location is now being explored for the Minnesota vein, which passes through it without a doubt.

The earnings of the Ohio and Pennsylvania Railroad were:

For the month of February	$64,182 49
Corresponding month last year	59,105 89
Increase	$5,076 60

Markets...CAREFULLY REPORTED FOR THE TRIBUNE.

SATURDAY, March 24, 1855.

ASHES—The market is inactive but steady. Sales of Pots and Pearls at $6 25.

CANDLES—We learn of sales of 500 boxes City Adamantine, for California, at 25c., 6 mos.

COTTON—The delay of further foreign advices checks transactions generally, and the market is quiet but firm; sales about 600 bales. We quote:

NEW-YORK CLASSIFICATION.

	Uplds.	Fla.	Mobile.	N. O. & Tex.
Ordinary	8¼	8¼	8¼	8¼
Middling	9¼	9¼	9¼	9¼
Middling Fair	10	10¼	10¼	10¼
Fair	10¾	10¾	11¼	11¼

COFFEE—The market is quiet, buyers and sellers being apart in their views; sales 150 bags Rio at 11@11½c.; 100 mats Java at 14c. and 100 bags St. Domingo Cape at 9½c.

CEMENT is lower, with but little doing either for export or home use; sales in lots at $1 12½.

FLOUR AND MEAL—With moderate arrivals of Western and State Flour, and a good local and far export demand, prices of the low grades of state are better; the export inquiry is mainly for Sardinia, understood to be for the Government; the Eastern inquiry is fair, and at the close nothing of moment could be had below $9; the better grades are firmly held, but sell slowly. The sales of Western Canal are 6,200 bbls. at $9 87½@$9 37½ for common to good State, $9 37½@9 75 for mixed to good brands Michigan, Indiana and common to good Ohio, and $11 50@$12 75 for extra Genesee. Canadian Flour is firm, the arrivals fair and the demand good; sales of 2,500 bbls at $9 25@$10 75 for common to extra brands, duty paid. Southern Flour is buoyant—the arrivals are limited, and the demand good for shipping and the trade; the sales are 2,600 bbls at $9 12½@$9 81½ for mixed to good standard brands Baltimore, Alexandria and Georgetown, and $9 87½@$11 for favorite, fancy and extra brands—the latter price for that favorite brand "Tallifero." Rye Flour is firm; sales of 150 bbls. at $6 25@$7 50 for fine and superfine. Corn Meal is firm; sales of 100 bbls. Jersey at $4 25. Buckwheat is firm at $3 75@$4 ⅌ 100 ℔.

GRAIN—Holders of Wheat are quite firm at prices generally above the views of buyers, and we hear of no transactions. Rye is firm and not plenty at $1 30. Barley is quiet at $1 30@$1 35. Oats are in fair request, and are more plenty; sales of State and Western at 62c@63c and 51c@57c. for Jersey. Corn is better, and in fair request for the East and the home trade; a moderate inquiry may be noted for export; the sales are 43,000 bush., part last evening, at $1 for Western mixed in store, 99c@$1 for Southern yellow, 90c.@$1 for do. white, and 99c for Jersey yellow, closing tame.

HAY—The supply has increased since the opening of the river, and the market is heavy; sales of 300 bales at 80@85c. ⅌ 100 ℔.

HOPS—The inquiry has been a trifle better, but the sales are of no magnitude. 30 bales Eastern and Western sold at 16@22c.

HIDES—Little has transpired to day, owing to the high prices demanded; sales of Rio Grande at 23@23½c., and Augustos 21½c.; 6,000 of the former sold yesterday at 23c., 6 months. By auction, 2,500 Angustos at 15c.@17c. The stockon hand is 127,858, including 12,600 Buenos Ayres, 8,700 Rio Grande, 10,000 Angostura, 15,400 African, 500 Maracaibo, 550 Mexican, 4,000 Savanilla, 800 Porto Cabello, 1,000 St Domingo, 400 Jamaica, &c., 400 Rio Hache, 1,750 Southern and Texas, and 2,558 salted Maranham. Mr. Hull remarks: "The arrivals of Hides since my last report have been larger than for many weeks previous, but with a firm market and a fair demand an advance of ½c. ⅌ ℔ has been obtained on some descriptions, and the stock of Hides on hand, although larger than last week, is still quite light. Sales of Orinocos were made to a considerable extent at 21½c., and 1,000 (to an out-port) at 21c. Buenos Ayres being the stock of this description much reduced—most of these are held at 22c. Dealers purchase with great caution and only for immediate consumption, on account of the high price demanded for Hides. The arrivals in the neighboring ports have been very light—those received in Philadelphia are mostly Porto Cabellos, which were sold (previous to arrival) for this market."

HONEY—We have only to note sales of 9 tcs. Cuba for home use at 57c.

LEAD—Sales have been made of "Blacketts," but at prices we could not learn. Last sale of Spanish at $6 15, cash.

LATH—Eastern are firm and not plenty at $2.

LEATHER—We have no change to notice; the demand is fair for Sole and prices are sustained; the receipts are equivalent to the sales; sales of prime Buenos Ayres middle Hemlock at 22½@23c.; Oak of the better kinds is in request at full prices.

MOLASSES—Good and prime qualities are in good demand from the trade, and prices are buoyant, with a light stock. Sales 200 bbls. New Orleans, 28½@37c.; 50 hhds. Porto Rico, 32c.; and 160 bbls. Texas, 22c.

NAVAL STORES—A sudden rise in the southern rivers has had some influence in limiting transactions of articles under this head. Spirits Turpentine is selling only in a small way at 42@46c., cash. The arrivals are light. Crude is quiet; last sales at $3 50 ⅌ 280 ℔. The stock, 6,500 bbls. Common Rosin is steady, with sales of 500 bbls. Wilmington, at $1 65 ⅌ 310 ℔, delivered. In other grades nothing has been done. Tar is quiet at $2 12@$2 25 for small Williamston; we hear of no sales. City Pitch sells at $2 50.

OILS—The market for English Linseed is quiet, pending the steamer's arrival; the stock is moderate, 300 bbls.; sales, in lots from store, at 81c., cash. Crude Whale is better, the demand fair; sales are reported at the East as high as 64c., which is credited here. Refined is firm, with sales of Winter Bleached, at 77@78c. Crude Sperm is firm, at $1 80, cash, with further sales at New-Bedford. Lard Oil is light supply, and the market tends upward; sales of 25 bbls. Western Winter at 87½c., cash. Red is scarce, at 60c., cash.

PROVISIONS—Holders of Pork are firmer; the demand is fair for the home trade; Prime Mess is very quiet and is lower; new arrivals sparingly and is unsettled; the sales are 300 bbls. at $14 31½@$14 37½ for old Mess; $16@$16 25 for new do; $14 50@$15 for Western Prime Mess; $16 for City do.; $8@$9 for Sour Prime; $13 75 for do. Mess; $15 87½@$16 for thin Mess, and $14 25@$14 37½ for new Prime. Beef continues firm at the advance; the stock of good is very limited for the season; the sales are 500 bbls. at $9 25@$11 50 for country Mess; $6 50@$7 50 for do. Prime; $13 50 for Vermont Mess; $15 for extra do., and $14 25@$15 for repacked Chicago; Prime Mess is neglected at $20@$25. Beef Hams are dull; sales of 50 bbls good Kentucky at $13 25; Cut Meats are steady and more plenty; sales of 300 bbls and tcs. at 8½@9c. for Hams, and 6¾@6½c. for Shoulders. Lard is without change, but is quiet; sales of 270 bbls and tcs. at 9½@9¾c., and 200 kegs choice at 11c. Butter is in fair request, prime is not plenty and is steady, while common is heavy; sales of Ohio at 19½@20c., and State at 22@30c. Cheese is dull at 10½@12½c.

RICE is firm and active to the trade. Sales 400 casks at 5@5½c.

SUGARS—All prime qualities are firm and in demand; common are rather heavy; sales 200 hhds Porto Rico at 5 3/16c.; 150 New-Orleans at 4¾@5¼c.; 100 Cuba at 5@5½c.

SEEDS—A limited demand for rough Flax at $1 85@$1 90; Clover is salable at 10½@11c.; Timothy is firm, and in fair request, at $3 25 ⅌ bush for reaped; Red-top is salable at $3 50 ⅌ bag of 5 bush.

SOAP—A lot of 20 boxes French Castile at 10½c., 4 months.

SHOT—Drop and Buck have advanced to 7@7½c.; Bar Lead to 6½c.

WHISKY—The market is unsettled, with more offering and a fair demand; sales of 350 bbls. at 31@31½c. for Ohio, and 31@32c. for Prison; Drudge, dull at 31c.
