subsequently left for South America and left these diamonds in charge of a cousin of Mr. Christ, and it is supposed they afterward came into the hands of the latter to be disposed of in the market, and if so they should have paid duties.

The Assistant District-Attorney made other remarks and proceeded to call his witnesses.

Two or three gentlemen attached to the Custom-House testified to having gone to the place of business of Mr. Christ, and considered from the circumstances and the want of explanation, and no proof of any duty having been paid, that they were warranted in seizing them. To be continued.

SUPERIOR COURT—May 30—Before Judge BOSWORTH.
SUIT FOR ALLEGED LIBEL.

Emery Matthews agt. Moses S. Beach and Alfred E. Beach.

To recover damages for alleged libel in stating that plaintiff and another person, whom it designated emigrant-runners, had knocked down a respectable citizen in Broadway merely because he asked them to refund the money for two worthless tickets that had been sold to a friend of his. A defence of justification was put in. The allegation for plaintiff is that the party had not been knocked down, also that plaintiff was not in company with Mr. Adams, who assaulted the party, but was there accidentally, and that they were not emigrant-runners; also that plaintiff and Mr. A. called next day at the office, stating that the article was not true, and Messrs. Beach agreed to correct it, but did not. On the other hand it was said that the Messrs. Beach, on inquiry, had reason to believe that the paragraph was true, and on that account declined to recall or contradict it; also that Mr. Matthews acted in concert with Mr. Adams and pushed the party with his elbow, so that he would have fallen had he not caught hold of the railing; that Messrs. Matthews and Adams had been partners in the business of selling tickets to emigrants and others, and that the article was substantially true. Testimony was presented.

The Court charged that if the article was true the proprietors had a right to publish it, and that it would be a justification if shown to be substantially true, although not precisely in the matter stated. Sealed verdict.

Before Judge CAMPBELL.
CLAIM FOR SHORING UP BUILDING.

Enoch Stratton agt George M. Woodward.

To recover $1,428 for shoring up building No. 27 Beekman-st. in August, 1854, also for building a foundation wall under the same, amounting in all to $2,752 94. The claim is denied. Verdict for plaintiff in amount.

UNITED STATES CIRCUIT COURT—MAY 30—Before Judge NELSON.
MOTION FOR INJUNCTION AS TO DRY-DOCK.

Samuel Williams, Jr., Alfred B. Hathaway and others agt. Samuel Loveland.

Motion for injunction against defendant using the patent Dry-Dock foot of Delancy-st., E. R., it being contended that it is an infringement of patent. In defense it was said that plaintiffs had two patents, and that the Dock in question, if at all, is on the principle of the second patent and not the first, as claimed. Motion for injunction denied with costs, but without prejudice to plaintiffs renewing the motion. For plaintiffs, Mr. T. E. Tomlinson; for defendant, Mr. W. G. Sterling.

UNITED STATES DISTRICT-ATTORNEY'S OFFICE—MAY 30.

The mate of the ship Harmonia was arrested and held to bail for examination, charged with assaulting one of the seamen with a dangerous weapon.

UNITED STATES COMMISSIONERS' OFFICE—May 30.
Before Commissioner STILWELL.

Mr. Sherman, mate of the Constitution, was arrested, charged with an assault upon one of the seamen with a dangerous weapon. The proof not being sufficient, the complaint was dismissed.

Before Commissioner BETTS.

WEDNESDAY, May 30—P. M.

The heavy exports of Specie for the steamer this morning and the rumor of a large amount likely to be shipped on Saturday next counteracted the favorable aspect of the news received per Pacific from Liverpool, and the market for the leading fancies was heavy. The amount of orders received from abroad for our securities does not seem to have been important, but as the steamer's mail had just closed, it is quite likely that what orders there are have been held back for this day at least. We notice an exception to the heaviness as regards Indiana 5s, which advanced to 85¼ with a stiff demand. This demand is influenced partly by the fact that the transfer-books will close on the 5th June, (next Tuesday,) after which, according to precedent, the stock is expected to range at about the same price, interest off, as it commanded before the closing of the books. New-York Central Railroad advanced to 93¾, and Illinois Central Bonds sold as high as 78¾. Freeland Bonds, without the privilege, were taken at 70, with sales of $8,000. Those with the privilege were in demand at 73, but none offered below 73¾. Missouris were heavy with sales at 93¾; Erie Bonds of 1875 were steady at 89; Nicaragua firm at 16@16¼; Canton active with sales at 26¾ up to 26⅞, cash, and at 27 on time; Pennsylvania Coal sold at 110¼; Ohio Trust at 93; Michigan Central advanced to 89¾, being 1¼ above the last sale; Erie shares opened at 49, but fell off to 48¾ at Second Board, closing at 48¼ paid and bid, and offered at 48¾; Panama steady at 161 to 161½; Galena and Chicago at 98; Reading was again active, sales exceeding 5,300 shares, making in all over 12,000 or 13,000 shares sold in two days, the highest price yesterday being 89¼ and the lowest to-day 88⅞—the closing sale at 88¾.

In Foreign Exchange the market closed without change in rates. London, 110@110¼; Paris, 5f.13¾@5f.11¼.

Paid on Treasury account, $11,978 55; received on Treasury account, $110,502 34; balance, $2,347,629 26; paid on Assay Office, $106,558 23; paid on Disbursing Checks, $61,077 73.

John L. Schoolcraft, Esq., has been elected a Director of the New-York Central Railroad to fill the vacancy occasioned by the death of Mr. E. C. McIntosh.

After the Board yesterday E. C. Halliday sold at auction $17,000 California 7 ⅌ cent Bonds (new issue) at 85¾ to 86, interest from April 26 included. The remainder of the lot advertised was withdrawn.

S. Draper sold after the adjournment of the First Board yesterday 25 shares Apalachicola Land Company at 30 cents ⅌ share.

R. W. Latham, auctioneer for J. Thompson, sold this day at the Merchants' Exchange at 12½ o'clock:

$8,000 Virginia State 6 ⅌ cent Coupon Bonds	99
4,000 North Carolina 6 ⅌ cent Coupon Bonds	30½
16,000 Tennessee 6 ⅌ cent Coupon Bonds	83½
1,000 Tennessee 6 ⅌ cent Sterling Bonds	82½
2,000 Tennessee 5 ⅌ cent Coupon Bonds	78
5,000 Coupon 5 ⅌ cent Bonds of Sacramento City	75½
5,000 Lake Erie, Wabash and St. Louis Railroad Company's 7 ⅌ cent 1st Mortgage Convertible Bonds	73½

The accrued interest on all the above goes to the purchasers.

Albert H. Nicolay's regular semi-weekly auction sale of Stocks and Bonds will take place to-morrow (Thursday) at 12½ o'clock at the Merchants' Exchange.

The steamship Baltic, which left to-day for Liverpool, took out $1,086,708 50.

By the arrival of the steamship Pacific from Liverpool we have advices to the 19th inst., one week later. The commercial news continues favorable. The London Money market continues to exhibit a very easy position, which is increased by the recent large arrivals of gold from Australia and the United States, and smaller supplies from the Brazils and Africa. The discount houses are well stocked and the rate allowed on call is 3 ⅌ cent, but they are now full and decline to receive any further remittances. In the Stock Exchange Money on Government Securities is only worth 1½@2 ⅌ cent. The recent imports are likely to find their way into the Bank of England—the rate of Continental Exchange being favorable to the country.

The return from the Bank of England for the week ending the 12th of May gives the following results, when compared with the previous week:

Public deposits	£2,733,202	Decrease £1,603,572
Other deposits	12,205,277	Decrease.. 210,445
Rest	3,196,765	Increase.. 29,350

On the other side of the account:

Government securities	£11,616,374	Decrease. £2,574,939
Other securities	12,543,660	Decrease.. 177,250
Notes unemployed	8,743,600	Increase.. 674,575

The amount of notes in circulation is £19,919,335, being a decrease of £149,035 and the stock of bullion in both departments is £16,045,201, showing an increase of £425,982, when compared with the preceding return.

Messrs. Baring Brothers & Co. write as follows respecting American Stocks:

The business has been very small this week, without any marked variation in prices. Canadian Securities have improved in value. United States Bonds, 1868, 106@109, nominal. Buyers of Massachusetts Sterling 5s Bonds at par. Maryland 5s Sterling 91, buyers, 92½, sellers. Pennsylvania 5s Inscriptions 77@79, nominal; as also Bonds at 82@84. Virginia 6s Dollar Bonds 86@88. Pennsylvania Central 6s Bonds (1st Mortgage) 89½@90; ditto Sterling (2d mortgage) 89. Canada Government 6 ⅌ cent. Bonds 109½@110.

The Circular of Mr. E. F. Satterthwaite says:

In London the market for American Railroad Bonds is moderately active; some considerable purchases have been made of Illinois Construction Bonds and Freeland Bonds.

The New-York Central 6 ⅌ cent are 99 to 82, ex May coupon. The following quotations are 4/6 to the Dollar:

Consols had advanced at the close to 89¾@89¾, which is ¼ higher than at the departure of the America. The following table will show the fluctuations during the week ending Friday, May 18:

	For Money.			For Account.

At Liverpool Cotton advanced ¼, with the sale of 119,650 bales during the week, of which a large portion, 63,440 bales, were for the trade. The increased consumption since the 1st of January is 236,660 bales, as compared with the same period of 1854, while the stock is 253,500 bales less. Flour and Wheat have declined, owing to the fine weather that has set in; but Corn has advanced 6d. ⅌ quarter. The supplies of Beef and Pork to the army have taken a large quantity from the market, and prices are advancing.

The following are the earnings of the Michigan Central Railroad Company for the third week in May:

	Passengers.	Freight.	Total.
1855	$37,347 66	$24,569 57	$62,250 63

The following is to-day's business at the Assistant Treasurer's Office:

H., on Monday, states the whole amount charged to construction at $2,771,310 86. The income of the year ending March 31 was $295,282 31; expenses during the same time $154,331 17—leaving net earnings $140,951 14, which has been appropriated to interest on bonded and floating debt, and dividends on the preferred stock, leaving a surplus of $16,851 66, from which a dividend of $1 ⅌ share, or little more than $5,000, has been declared on the new stock.

The Interest Coupons on the Second Mortgage Bonds of the Buffalo, Corning and New-York Railroad Company, due June 1, 1855, will be paid at the Leather Manufacturers' Bank on presentation.

The interest on the Bonds of the Potsdam and Watertown Railroad, due the 1st of June, will be paid at the Bank of North America, No. 44 Wall-st.

The remaining $300,000 of the issue of $500,000 of the Pottsdam and Watertown Railroad Company's seven ⅌ cent bonds, secured by a first mortgage on the road and its appurtenances, and indorsed and guaranteed by the Rome and Watertown Railroad Company, are offered for sale. See advertisement in another column.

The annual meeting of the stockholders of the Essex Company was held at Boston on Tuesday. According to the Treasurer's Report the floating debt of the Company is $564,151 65, against which the money assets are $294,654 94, and personal property, including $287,000 Pacific Mills stock at par, $341,787 30. The Montreal Gazette publishes a correspondence between the United States Consul in that city and the Board of Trade of Canada, from which it appears that a duty of 2½ ⅌ cent on the export value is charged for customs duty at that port on packages containing articles being the products of the United States, which are admitted free under the Reciprocity Treaty. Articles from Canada imported into the United States, being free under said treaty, are exempt from any customs charge. The matter has attracted the attention of the Treasury Department at Washington.

Owing to the putting up of new machinery the coining department has not been in operation since the 1st of April.

In relation to monetary matters in New-Orleans, *The Crescent* of the 23d remarks:

"The money market was really flat to-day. General complaint has arrived and issued manifestos of the irregular and dull aspect of paper, stocks and bonds. Lenders are not becoming scarce, but the contraction of business manifests itself decidedly to their disadvantage. The rates for good paper to-day rule from 9½@10½, and second grades at 12@15, with only a moderate amount of paper offering."

Markets.—CAREFULLY REPORTED FOR THE TRIBUNE.

WEDNESDAY, MAY 30, 1855.

ASHES—The supply is large and the demand is fair; sales of 175 bbls. at $5 75 for Pots and $6 for Pearls. Saleratus is in demand at 6c. cash.

BRICKS—The market is firm but not active; sales of Hard North River at $5 75@$5 87½ ⅌ M.

BREADSTUFFS—The market is firm; sales of 1,000 ⅌ at 27½@28c. for Yellow Northern and Southern.

BOOTS AND SHOES—The season's business is well nigh over, but as the stocks on hand are quite moderate, holders are not disposed to make any concessions, the prices obtained being fully upto previous quotations. There are but few shipping.

COTTON, under the news per steamer Pacific, has gained increased strength and an advance of ⅛ has been established. The demand has been quite active, chiefly speculative. For Spinning it has been done, the high prices asked being far above the views of spinners. 1,000 bales are estimated to have been sold to-day—some think 1,500, but the firmer it looked upon generally was the most correct. The export for the week has been to Liverpool, 8,264 bales; Hamburg, 454; Bremen, 407; Oporto, 368; Lisbon, 300—total, 9,353 bales. The sales for the week are estimated at 10,000 bales, the greater portion on speculation and has been sold over several times. The following are the current rates to-day, which show fully a ⅛c. advance:

NEW-YORK CLASSIFICATION.

	Uplands.	Florida.	Mobile.	N. O. & Tex.
Ordinary	10	10	10	10
Middling	11½	11½	11½	11½
Middling Fair	12	12	12½	13
Fair	12½	12½	13½	14

COFFEE—The market has gained more vigor; prices are at least ½c. higher. The auction sale of red to-day was well attended and characterized by some animation; about 2,000 bags were sold at 9⅞@10½c., which is ⅛c. advance. By private sale 2,150 bags Rio at 9⅞@10½c. and 500 Maracaibo at 10½c.

COAL—The market for Foreign is quiet, and it is freely offered; Anthracite is inactive; we quote Lehigh in yard at $5 50; common White Ash at $5, and Red Ash at $4 ⅌ ton.

CEMENT—The market is very quiet; sales at $1 12½ ⅌ bbl.

CANDLES—Plain Sperm are firm at 26c., and Patent at 26@26c. Adamantine are steady, with sales of 300 boxes Western at 22@22c., 4 mos. Tallow are as before.

COPPER—New Sheathing is salable at 26½@28½c. for Swiss and light sizes. Yellow Metal is lower; sales at 27c., 6 mos.

COLDAGE—Manilla may be quoted at 12½c. American Tarred at 11½@12c.; Cotton Rope at 14c. cash.

FREIGHTS—The low rates of freight induce shipments, and prices of Logwoods are rather better; sales of St. Domingo at ⅌19@⅌20. Fustic are neglected. Sapan and Barwood in good demand. Nicaragua dull.
