Card.—After a business experience of some twenty-two years in this city as a general Book and Job Printer, without the loss by fire of any amount, I have to record the destruction last night of an important part of my Extensive Printing Establishment, Nos. 49, 51 and 53 Ann-st., by which I am put to a severe loss and a temporary inconvenience in my general business, and especially to the public, in the issue of the New-York City Directory for the ensuing year.

In this, however, I am happy to say, that a large portion of the type is saved, and hopes are entertained that much of the printed matter and the copy are preserved. Whatever may be found to be the true condition of the Directory, no time or expense will be spared to give it to the public, whose kind indulgence I ask, at as early a period as the services of two hundred faithful men can accomplish.

It is with sincere gratification that I acknowledge my obligations to the "Fire Department" and "Police," through whose exertions Nos. 51 and 53 were mostly saved, and a large amount of Printing Material rescued from the flames. I would also avail myself of this occasion to express to my neighbors and friends generally, and those employed in my office, my hearty thanks for the kind aid and sympathy proffered me in this sad calamity.

My business will be continued, for the present, at No. 53 Ann-st., where any communications in regard to the Directory may be left. JOHN F. TROW.
No. 53 ANN-ST., May 31, 1855.

At a Meeting of the passengers held on board of the steamboat Mercury, on her return trip from the Fishing Banks, Mr. LEONARD COOPER in the Chair.
Mr. B. F. COOPER offered the following resolutions, which were unanimously adopted:
Resolved, That we, the Passengers, in an Excursion to the Fishing Banks, do return our sincere thanks to Capt. RICHARD YATES, Officers and Crew, for their gentlemanly kindness in making the passage agreeable and pleasant to all.
Resolved, That we do recommend the steamboat Mercury as every way a seaworthy vessel, and her accommodations as a fishing-boat unequaled.
Signed, on behalf of the passengers,
LEONARD COOPER, Brooklyn, Ch'n.

Council City, Kansas.—A Government Post-Office being now established at this Settlement (Solon Smith, Esq., P. M.) letters for members of this American Settlement Company in Kansas, should be directed to Council City, Kansas Territory.
GEO. WALTER, General Superintendent

The New-York Weekly Critic.—The first number of this paper will be for sale on SATURDAY MORNING, June 2, in every newsroom in the city; also at the bookstores of Stringer & Townsend, De Witt & Davenport, and J. T. Crowen.
THE CRITIC will be what its name indicates—a paper that will fearlessly discuss political and social questions of general or local importance. No man, profession or subject, will be considered by the writers for THE CRITIC too sacred for wholesome ventilation. The public will of course be able to form a more just idea of the probable course of THE CRITIC from the contents of the first two or three numbers than from the promises of the proprietors in an advertisement; but it is thought necessary to mention the above feature of the paper for the reason that the impression prevails to a great extent among literary men that THE CRITIC is to be a journal of the Oyster House school, and devoted nearly exclusively to the Fine Arts, which is not the case, as politicians, and "shams" generally will discover quite soon enough to be agreeable to them. CLEVELAND & McELRATH, No. 17 Spruce-st.

NATIONAL BABY SHOW.—The LIST CLOSED except to Twins, Triplets, Quaterns and Fat Babies. The 100 BABIES ENGAGED!—This great event comes off at BARNUM'S MUSEUM on the 5th, 6th, 7th and 8th of June. The 100 Babies, to which the number is limited, have already received their certificates, and no more can be received! The lists, however, are still open for twins, triplets, quarterns, and fat Babies. Nine twins, six triplets, one quatern and several fat children and dwarfs are engaged. Ample and comfortable arrangements are being made for the accommodation of the Children, their Parents and the public. Twenty-one Premiums, amounting to ELEVEN HUNDRED DOLLARS in cash, besides Medals, Diplomas, &c. will be distributed to the finest Babies, by impartial judges, who are all ladies of respectability. Such a charming display of juvenile humanity was never before witnessed on this continent, and the public may rest assured that this will prove one of the most chaste, novel and interesting exhibitions ever beheld. On Thursday, 7th of June, an Address appropriate to the occasion will be delivered in the Lecture Room by Mrs. L. N. FOWLER, at 3 o'clock P. M.

To be appreciated, it needs but to be seen.

THE BABY SHOW.—This queer and much-berated exhibition, projected by Barnum, is to open on the morning of Tuesday the 5th of June without fail. It will continue open until the following Friday evening. We understand that one hundred babies, the number to which the exhibition was limited, were all registered on Friday night, and that twice as many more could have been obtained if desired. Ample and comfortable arrangements we perceive are made at the Museum for the multitude of visitors expected, as well as for the 100 infants and their attendants. The Judges are all ladies of respectability and doubtless will be strictly impartial. Printed sheets of interrogatories have been prepared for the private perusal of the parents of the competing children, embodying such points as it is deemed important for the Judges to be well informed upon. The collection of notes accumulated insensibly from day to day." [Extract from Preface.
On SATURDAY,
LEAVES FROM A FAMILY JOURNAL.
From the French of Emile Souvestre, author of "Attic Philosopher in Paris." 1 vol. 12mo. Paper covers, 50c. Cloth, 2 plates, 75c.
This is a very entertaining little book. It contains the history of a most exemplary young couple, who, although endowed with many virtues, are still only married, and fall into many errors; but there is a father—a perfect sage, and an aunt, who must have learnt wisdom from the lips of Penelope herself; and these two individuals are always at hand to make the wrong right; not with the touch of a magic wand, like the good genius in a pantomime, but with that much despised article—good advice.

A CARD.—IRVING'S LIFE OF WASHINGTON, LARGE EDITION, DESTROYED BY FIRE.—In consequence of the destruction by fire (at the printing office No. 63 Ann-st.) of a small portion of the Plates and Paper provided for the Octavo Edition, and also a large impression of the smaller Edition of the above work, the publishers beg leave to announce to the Agents engaged in canvassing for said work, and also to the subscribers therefor, that it will be necessary to adhere strictly to the rule already laid down, viz: that the work will be
DELIVERED IN THE ORDER OF SUBSCRIPTION.
The undersigned hope, by immediate and vigorious efforts, to be able to supply the already great demand for the first volume, without subjecting subscribers to more than a few days delay beyond the time at which they would have received it, had this calamity not occurred.
The publishers are happy to be able to add that the manuscript of the second volume was not in the printers' hands, and therefore escaped destruction. The printing of the second volume will be commenced very soon.
