

Help! Help!

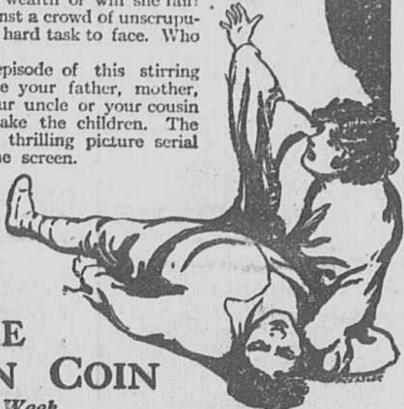

ABANDONED in the desert. Alone with a wounded or dying man. Here is a situation to which most girls would utterly succumb. Not so Kitty Gray. Difficulties only strengthen her courage.

Far off on the skyline she sees a caravan. Her shrieks for assistance at last succeed in attracting their attention and with their aid she succeeds in reaching shelter.

How will her quest end? Will Kitty find happiness and wealth or will she fail? One weak girl against a crowd of unscrupulous villains has a hard task to face. Who will help her?

Follow every episode of this stirring love drama. Take your father, mother, best girl, even your uncle or your cousin and be sure to take the children. The biggest and most thrilling picture serial ever shown on the screen.

Written by Emerson Hough, greatest of fiction writers. Featuring Grace Cunard and Francis Ford with the most brilliant company of star artists in the world.

Well, Dad, It's Time You Were Thinking About Digging for Gwendolyn's Winter Millinery.

These photographs are for Dad and Gwendolyn. They show the latest thing in millinery direct from Paris. They will be the rage this winter, and Dad might as well begin to think about them. Gwendolyn's got to have the hats and Dad's got to pay for them. These samples are published early that he may have warning of what will confront him a few weeks hence.

The upper hat is just a dear, Dad. If you get one for Gwendolyn some young fellow might come along to pay her expenses for the rest of her life. Maybe you don't know how it is made, but listen to the words of an authority:

"One of the season's smartest models is shown in this large picture hat made up of deep purple velvet. The crown is soft, and the brim edge shows a two inch flange. The simple trimming consists of a band of silver braid."

The middle hat is just as dashing as any theatrical star ever wore and ought to fascinate a man with an eye for beauty. Listen again to authority:

"This charming black velvet model shows a most unusual brim outline, which droops low at the right side and turns high at the left side and back. A wing effect of black fur outlines the brim edge at the back. Just look at the sweet little thing way down in the corner. Gwendolyn will make many hearts flutter, and all her female friends envious if you

get it for her. This is what the expert says about it: "There is a decided vogue for soft shirred or draped turbans this season. The one pictured here is made up of navy blue velvet, the crown being softly folded into pla forms the softly folded into pla, and forms the single high loop at the left side. An iridescent beaded ornament in the shape of a bird is an added attraction. Think it over, Dad."

THE CLEMSON-AUBURN GAME ON OCTOBER 16

GUARANTEE IS LOWERED TO \$700 BY CLEMSON OFFICIALS

IS GREAT EVENT

Every Season and Thousands of Football Fans Are Expected to See This Big Contest.

Mr. T. Frank Watkins yesterday announced that he had received a letter from Mr. J. W. Gantt, president of the Clemson Athletic association in which it was stated that if Anderson would guarantee \$700 for the Clemson-Auburn football game, scheduled to be played here Saturday, Oct. 16, there would be no further trouble in regard to the contract. Mr. Gantt also states, however, that Clemson must receive the proceeds from the sale of tickets to Clemson cadets and faculty, which will likely amount to \$300. These tickets will be sold on the campus and in this way there will be no trouble in knowing how many attend from Clemson.

The proposition in regard to the guarantee is acceptable to the Anderson committee in charge of the game and it was stated in the beginning that they would be willing to do this.

In a few days, probably today, a committee will call on representative citizens of the city in order to get up a guarantee list. It is the intention of the committee to get as many as possible to sign in order that no one will have any great responsibility upon him. It is expected that at least 100 men will be willing to sign the guarantee.

The Clemson-Auburn game will be one of the biggest contests in the south this season and Anderson is fortunate in being given an opportunity to have it played on the local field. This event will attract people from all over South Carolina, North Carolina, Georgia and Alabama, and as an advertising medium alone is worth a great deal to the city. Both teams are expected to be strong this year and the game will be hotly contested.

It is not known just yet what time the game will be played in the afternoon but very probably at 4 o'clock. Many complaints are being heard from the clerks and business men because of the fact it being Saturday afternoon, the stores will not close and they will not have an opportunity to see the game. Some of these men will likely be the first to sign the guarantee list and some are of the opinion that the stores ought to close for at least one hour and a half on the afternoon of the game.

MAY BUILD POWDER PLANT AT GEORGETOWN

New Jersey Concern Applies for Domestication Papers in This State

Columbia, Sept. 22.—The E. I. DuPont de Nemours company, the great powder manufacturers of Wilmington, Delaware, today applied to the secretary of state for papers of domestication. Irrenee Dupont, as vice president of the company, signed the papers. The corporation is capitalized at \$240,000,000. The office of the company will be at its plant at Georgetown.

While there is nothing in the papers to give an intimation, it is thought that a great powder plant will be erected at Georgetown to supply the allies.

WEATHER BUREAU PREDICTS FROST

This Prediction Applies to North Atlantic States, However, and Not to South.

Washington, Sept. 22.—The weekly weather forecast issued by the weather bureau today, said: North Atlantic states: Fair and moderately cool weather during the next several days with a probability of frosts Wednesday and Thursday nights.

Middle Atlantic states: Fair and moderately cool weather the first half of the week with probability of frosts in the mountain districts Wednesday and Thursday nights. Latter part of the week will be unsettled.

South Atlantic and East Gulf states: Generally fair weather and moderate temperatures throughout the week.

West Gulf States: Generally fair weather and moderate temperatures throughout the week.

County Singing Convention. The Anderson County singing convention will meet with the Oakwood Baptist church of Anderson, next Saturday and Sunday. Beginning Saturday at 2 p. m.

W. P. Stevenson, Pres. Stonehenge Sold at Auction. London, Sept. 22.—Stonehenge, most ancient of British megalithic monuments has been sold at auction for \$23,000 to C. H. E. Chubb, an Englishman.

NOW LAYING BRICK ON SOUTH MAIN ST.

BEGAN AT RIVER STREET AND ARE COMING NORTH

1,000 YARDS DAILY

Will Be Average of Forces When They Become Better Organized—The Concrete Forces.

The actual laying of the brick on South Main street began yesterday morning at 10 o'clock at the intersection of Fayer street. The crew will work toward Church street and after completing that part will go back to River and go south on Main.

After getting everything in good working order and the forces become better organized, the contractors expect to lay something over 1,000 square yards of the brick paving a day. On top of the four inches of concrete base a sand cushion one and a half inches deep is put down and the brick are laid on top of this. After the brick are put down the heavy roller will be run over them and they will then be ready for the cement filler, which will be poured over them and brushed into the crevices. On each side of the brick, that is next to the curbstone and the paving of the street car track, a strip of asphalt about one inch wide will be put down. These are put there to allow room for expansion in hot weather.

After the brick are grouted with the cement the paving must stand for at least ten days before it can be opened to traffic.

The concrete forces yesterday morning turned down River street yesterday morning and are at work there today.

COTTON PICKING IS NOW ORDER OF THE DAY

FARMERS PUTTING IT ON THE MARKET IN A HURRY

NEARLY 11 CENTS

This Price Was Paid for Few Bales Yesterday on Local Market—Some Storing Cotton

Visitors in Anderson yesterday stated that never before had they seen the farmers all over the county in such a hurry to get their cotton picked out so they could put it on the market and that the farmers were now much more in haste to gather the crop than they were to get it planted last spring.

This is perfectly natural since the price of cotton has gradually risen until now it is nearly 11 cents per pound, a few bales bring this price in Anderson yesterday. In addition to the high price paid for the lint, cotton seed are bringing about \$28 per ton. Many of the farmers are selling their seed also and by this are realizing approximately \$67 on every bale of cotton weighing 500 pounds.

From the statements of the leading bankers of the city, the people are paying up their notes and are trying to again get straight. This means a great deal to them since last year cotton brought so little it was almost impossible for some of them to pay the actual expenses occurred in making their crops. The cotton crop this year has not cost the farmers nearly so much as in previous years and they ought to be able to make some money.

However, all are not selling their cotton. Many are storing it in the warehouse awaiting better prices. Money is easy and can be borrowed at the rate of six per cent on warehouse certificates. Besides, those who are able and will hold their cotton, will within a few months get a better price than is now being paid.

GERMANS HOLD MORE TERRITORY THAN ALLIES

Foreign Commerce Bureau Issues Statement on Physical Results of War.

Washington, Sept. 22.—The German estimate of the physical results of the war received here by the foreign commerce bureau says the allies occupied only a total of four thousand and two hundred and sixty-six square miles in Galicia and Alsace Lorraine against sixty-nine thousand four hundred and ninety-eight for the central powers in Belgium, France and Russia.

Many Complaints Heard.

This summer seems to have produced an unusual amount of sickness. Many complain of headaches, lame backs, rheumatism, biliousness and of being "always tired." Aches, pains and ill caused by the kidneys failing to do their work and throw the poisonous waste from the system yield quickly to Foley Kidney Pills. They help eliminate, give sound sleep and make you feel well and strong. They are tonic in action. Sold everywhere.

We are paying \$27 cash for Cotton Seed, and will give 31-2 tons Hulls in exchange for 1 ton seed.
