LAW INTELLIGENCE

COURT OF COMMON PLEAS—Sept. 19—Before Judge Ingraham.

Lambert Suydam agt. Alex. Arthur and William C. Dunn—In this case the Jury rendered a verdict in favor of defendants.

SUPREME COURT—Special Term—Sept. 19.

Abram Bickman agt. George A. Simmons—Judgment granted, unless defendant, within six days, answer over, and pay $10 costs of motion.

COURT OF GENERAL SESSIONS—Sept. 19—Before Recorder Smith.

Andrew Curtis was tried and convicted of having burglariously entered the dwelling-house of Austin D. Harrison, No. 28 Fourteenth-st., and stealing therefrom valuable household property, therein described.

Joseph Sylvia, a boatman, was tried and convicted of a violation of the quarantine laws, inasmuch as he invaded the precincts of quarantine in a row-boat, contrary to law. Sentence deferred.

Two villainous-looking men, named Stephen Wilson and Henry Williams, were placed at the bar charged with having forcibly robbed William Elder of a dollar bill, and small change. The evidence not being quite conclusive, the Jury, under charge of the Court, rendered a verdict of attempt at robbery. The prisoners were remanded until Friday for sentence.

The Court then adjourned for the day.

BROOKLYN COURT OF GENERAL SESSIONS—Sept. 19—Before Judge Moore, and Justices Strykers and Emmans.

On the opening of the Court, the District-Attorney stated that in consequence of the absence of material witnesses in the case of the People agt. Gideon J. Walker, and Aaron P. Kline, indicted for false pretences, and the impossibility of procuring their attendance during the present term of the Court, he was unable to proceed to trial.

Mr. Waring, for defendants, stated that the case had been postponed from term to term, and it was due to the defendants, who had been imprisoned for a number of months, that they should either be tried or liberated from custody. He moved, therefore, as defendant Kline had been imprisoned for nearly a year, that he be discharged on his own recognizance. The District-Attorney making no objections, the order was granted, Walker is out on bail. The trial, by consent, was put off for the term.

The People agt. Henry P. Curtis.

Defendant is one of the Justices of the Peace of the City of Brooklyn. He stands indicted for misdemeanor in retaining the prices and fees of his office. He is required by law to pay all such receipts into the hands of the City Treasurer or such other officer as may be designated by the Common Council, but, as alleged, having failed to do so since December, 1854, an indictment was found against him by the Grand Jury.

S. Garrison, Esq., on behalf of defendant, contended that the old statutory provisions under which the indictment was found did not apply to Justices of the Peace who owed their existence to the Constitution of 1846, subsequently adopted. The duties of a Justice were either ministerial or judicial, and anything done out of these was the mere act of the individual party. By sec. 39 R. S. all fines imposed and fees received by a Justice's Court must be paid to the officer appointed by the Common Council to receive such moneys. If such fines and fees are not so paid, it is the duty of such officer to prosecute in a civil action. He held that there was therefore nothing in the indictment to constitute a criminal offense, and he moved that it be quashed.

The District Attorney, on the part of the people, held that a willful neglect of duty by a public officer was a misdemeanor, and an indictable offense, and contended that the statute relative to Justices was applicable and in full force, citing authorities in support of his position. The Treasurer of the City could prosecute, it was true, but that was only a civil remedy to restore the goods to the party to whom they belonged, but did not prevent the institution of criminal proceedings to punish offenders.

Judge Moore reserved his decision until he could take time to examine into the case, after which the Court adjourned until this morning.

BROOKLYN CIRCUIT COURT—Sept. 19.—Before Judge Dean.

Timothy Biggen agt. Abr'm J. Berry.

Action for damages. Defendant, it appears, was driving a carriage into the Ferry-slip Ferry gate, and came in collision with another vehicle. He forthwith complained to the Superintendent, when Biggen stepped up and stated that the fault aid with Mr. Berry, and that the driver of the other vehicle was the injured party. Mr. Berry thereupon, as alleged, seized Biggen by the throat and dealt him several blows; and this action was brought to recover damages for personal injuries sustained by plaintiff on that occasion. The Jury brought in a verdict for plaintiff for $50 damages.

WEDNESDAY, Sept. 19—P. M.

The transactions at the Stock Board to-day were to a fair extent, without material change in prices, except in Erie, which opened at 56, and upward of 8,000 shares were sold, the highest sales reaching 56¾. Galena and Chicago advanced 1¼; Hudson River ¼; Reading ¼; Cumberland Coal ¼. Harlem declined ¼; Cleveland and Toledo ¼; Chicago and Rock Island 1¼; and Pennsylvania Coal ¼.

Freights are decidedly dull. To Liverpool we note engagements of 1,000 bbls Tar at 4s 6d.; 1,000 bush. Grain 8½d., in ship's bags; 25 tuns Cassweed, 25s.; and small parcels Cotton, 9-32d. @ 5-16d. To Havre, 5,000 bush. Grain, 15c.; and 150 bales Cotton, ⅛c.

Mr. Albert H. Nicolay's regular semi-weekly auction sale of Stocks and Bonds will take place tomorrow (Thursday) at 12½ o'clock, at the Merchants' Exchange. The catalogue will embrace a large variety of first-class securities.

Mr. Wright's Circular by the steamer, in speaking of the Cotton business, says:

The amount of Cotton offering in our market has been larger than for several months past, and buyers have evinced more eagerness to realize, and submitting to a further decline of ⅛@¼c. ⅌ lb on middling and the lower grades, and ⅛c. on the better qualities, buyers came forward, and the sales for the week are estimated at not less than 10,000 bales, the bulk of which is for shipment to Liverpool, some for Havre, and a small quantity for our domestic consumers. Yesterday, the telegraphic advices of very heavy receipts at New-Orleans had a far better depressing influence, and our market closed dull and quiet at the annexed quotations. The export for the week has been: To Liverpool, 4,559 bales; Antwerp, 54. Total, 4,613 bales.

The total crop of 1854-5 reaches 2,847,339 bales, which is 82,639 less than the last season. The export to Great Britain has been 1,549,716 bales; France, 499,951; North of Europe, 155,216; other foreign ports, 149,362. Total export, 2,214,245 bales. The quantity taken for consumption in the United States amounts to 590,564 bales against 610,571 the previous year. The total stock on hand is 145,336 bales against 155,633.

The sales of Lands of the Illinois Central Railroad Company for the month of September to the 15th inst. were 14,493 80-100 acres, for $223,799 39.

The steamship Atlantic, which left to-day for Liverpool, took only $11,000 in specie, and that in silver.

The Knickerbocker Life Insurance Company have declared a dividend of 7 ⅌cent, payable on the 1st of October.

The Canadian papers publish an official statement of the goods imported into Canada during the first six months of 1855. As compared with the corresponding period of 1854, there is a large falling off in the amount of imports. For the first half of the two years, the amounts of imports were as follows:

1854	$15,669,724
1855	16,037,323
Decrease	$2,562,401

The value of free goods imported shows a large increase. In the first six months of 1854 the value of free goods imported was $1,387,024, and for the same time in 1855, under the operation of the Reciprocity Treaty, $4,192,064.

The Carbondale (Pa.) *Standard and Expositor* says that the Delaware and Hudson Canal Company contemplate a locomotive road from that place to Lanesborough, through Frost Hollow, Herrick, &c.; that the surveys have been made, and that ground will be broken probably next Spring. The grand object of this road is to reach a western market with their coal, where the demand for Anthracite is rapidly increasing, it being extensively used in furnaces and forges as far west as Ohio, beside the immense and increasing consumption for culinary and heating purposes everywhere in the West, especially in Western New-York. A railroad is in contemplation from Lanesborough direct to the City of Albany.

The amount received for tolls on all the New-York State Canals during the

The above is a gratifying exhibit. It indicates a rapidly increasing movement of breadstuffs, induced by the declining price, and the active demand at the East. There is reason to hope that the remaining weeks of navigation will bring up the tolls to at least the amount received last year.

Markets.—Carefully Reported for The Tribune.

Wednesday, Sept. 19, 1855.

ASHES—The market is firm; the sales are 100 bbls. Pots at $6 57½, and Pearls at $6 50; Canadian Pots at $6 56, and do. Pearls at $6 62½. Saleratus firm at 6c.

BEESWAX—There has been no change in prices; the demand is good for American yellow at 27@27½c. ⅌ lb.

BRICKS AND TILES—Sales of North River have been made at $8 75@$4. Philadelphia Bricks are selling at $6@$6½, according to quality. In Foreign there have been sales of 50, (cost, 110 at $20 for Welsh, $21@$30 for Bath, and Strowbridge $45. Tiles continue steady at $25@$30 ⅌ 100 for Malt, and $6@$10 for Floor.

BOOTS AND SHOES—A fair demand continues for the South-western and Western Trade, at full former prices. The supplies here are small, though well assorted; consequently the stock to be held over the Winter will be very meager, which certainly is a good feature in this trade; but however, should the cost of Leather continue as high as at present our quotations must necessarily open higher next Spring. The Eastern manufacturers are not making largely, and are firm on their stocks. The business for Australia and California is very limited, chiefly in Mining Boots.

BREADSTUFFS—The grain trade throughout the market is dull, and prices are very firm; sales of Eastern and City at 25c. ca h, and 26c. 4 mos. Fish Sperm are in request at 35c., and Patent at 45@45c., 4 mos.

COROAGE—Manilla is in fair demand, and prices are firm at 15c., and American Tarred at 12½c.

COTTON—We have no change to report; the same dullness with increased heaviness prevails; all parties are anxiously waiting the arrival of the Baltic, now over due; sales to-day of 600 bales at about our annexed range of prices. The export since the 11th inst. has been 4,565 bales: to Liverpool, 4,559; and Antwerp, 54 bales. Our quotations are as follows:

COPPER—The transactions have been moderate at 36c.@$1, according to quality; the market is better and holders are very firm; the sales are 1,000 bbls., part for shipment.

FEATHERS—There is a fean supply and prices tend upward; the demand is steady for prime Western at 42@44c.; last sale at inside figures and Southern at 40@42c.

FLOUR AND MEAL—The market is again 6@12½c. easier on the low grades of State and Western Flour, the arrivals are larger and the demand for export not so active, shippers waiting later advice from Europe by the Baltic, but for the Eastern fair business has been done. The demand for future delivery is not so active to-day and sellers are more disposed to meet buyers. The better grades of Genesee are heavy and quite nominal; the sales of Western Canal are 11,000 bbls at $7 12½@$7 25 for common to good State, $7 25@$7 37½ for extra State and low grades of Western extra; $7 50@$7 75 for common to good extra Michigan, Indiana and Ohio, and $7 87½@$8 50 for extra Genesee. For Canadian Flour there has been a fair demand, the inquiry is fairly; sales of 450 bbls at $7 87½@$8 for common to good extra Western Flour; firm, the supply is moderate, the inquiry is fairly; sales of 450 bbls at $7 87½@$8 for common to good extra Ohio, and $8@$8 25 for fancy and extra brands.
